Witching Culture Sabina Magliocco, 2010-11-24 Taking the reader into the heart of one of the fastest growing religious movements in North America Sabina Magliocco reveals how the disciplines of anthropology and folklore were fundamental to the early development of Neo Paganism and the revival of witchcraft Magliocco examines the roots that this religious movement has in a Western spiritual tradition of mysticism disavowed by the Enlightenment She explores too how modern Pagans and Witches are imaginatively reclaiming discarded practices and beliefs to create religions more in keeping with their personal experience of the world as sacred and filled with meaning Neo Pagan religions focus on

experience rather than belief and many contemporary practitioners have had mystical experiences They seek a context that normalizes them and creates in them new spiritual dimensions that involve change in ordinary consciousness Magliocco analyzes magical practices and rituals of Neo Paganism as art forms that reanimate the cosmos and stimulate the imagination of its practitioners She discusses rituals that are put together using materials from a variety of cultural and historical sources and examines the cultural politics surrounding the movement how the Neo Pagan movement creates identity by contrasting itself against the dominant culture and how it can be understood in the context of early twenty first century identity politics Witching Culture is the first ethnography of this religious movement to focus specifically on the role of anthropology and folklore in its formation on experiences that are central to its practice and on what it reveals about identity and belief in twenty first century North America MotorBoating ,1970-04 *Curse of Stone* Veronica Shade,2019-12-15 Supposedly witches can t kill But Madison accidentally killed her boyfriend and now a girl at her witch academy is dead too Madison spent her life avoiding her magical abilities but when she s forced to use them to save her best friend from a deadly storm and accidentally kills her boyfriend as a result she decides she needs to enroll at La Voisin School for Young Witches after all She knew starting a year later than her peers would come with its own struggles she just never expected one of those struggles would be the impossible murder of a classmate The school is spelled for safety and witches can t kill so how did Giselle end up dead Only Giselle and her killer know and only Madison can find out Because now the dead witch is haunting her Crazy thing is Giselle s murder isn t even the biggest secret this school has Just ask the statues Fans of Stephenie Meyers Twilight and Bella Forrest s Harley Merlin series will devour Curse of Stone book one of Veronica Shade s Academy of the Damned Scroll up and one click to starting reading this haunting slow burn paranormal academy romance today National Library of Medicine Current Catalog National Library of Medicine (U.S.),1974 First multi year cumulation covers six years 1965 70 **Current Catalog** National Library of Medicine (U.S.),1968 Includes subject section name section and 1968 1970 technical reports **Defining Management** Lars Engwall,Matthias Kipping,Behlül Üsdiken,2016-06-10 Defining Management charts the expansion of management as an idea and practice from a time when it was limited to churches and households to its current ubiquity focusing in particular on the role of business schools consultants and business media in this process How did an entire industry develop around business schools consultants and business media who are now widely considered the authorities regarding best management practice This book shows how these actors on their own and in interaction became taken for granted and gained such definitional power over management and managers expanded across the globe from often modest and not always respected origins and impacted and continue to impact businesses and increasingly the broader economic and social context Building on extant and some new research the book is unique in bringing together issues and actors that have been examined elsewhere separately Any student or professional of management interested in the evolution of their field or the rise of business schools consultants and business
