Social Multimedia Signals Suman Deb Roy, Wenjun Zeng, 2014-08-11. This book provides a comprehensive coverage of the state of the art in understanding media popularity and trends in online social networks through social multimedia signals. With insights from the study of popularity and sharing patterns of online media trend spread in social media, social network analysis for multimedia, and visualizing diffusion of media in online social networks. In particular, the book will address the following important issues: Understanding social network phenomena from a signal processing point of view; The existence and popularity of multimedia as shared and social media; how content or origin of sharing activity can affect its spread and popularity; The network signal duality principle, i.e., how the signal tells us key properties of information diffusion in networks; The social signal penetration hypothesis, i.e., how the popularity of media in one domain can affect the popularity of media in another. The book will help researchers, developers, and business advertising/marketing individuals to comprehend the potential in exploring social multimedia signals collected from social network data quantitatively from a signal processing perspective.

Research Outlook, Innovations & Research Trends in Science & Technology Prof. S. S. Rajput, Prof. Dr. Zeliha Selamoglu, Dr. Prashant P. Chaudhari, Mrs. Priyanka Gupta, 2020-10-25. This book is focused predominantly on academicians, research scholars, scientists, engineers, managers, scientists, technicians, and other professionals in the field of qualitative research. This book is comprehended from different sources of research in Science and Technology. On the first occasion, the task of providing researchers with a broad view of the relationship between science and technology. The second reason for writing the book was the need to fill a gap in academics and research. While

many excellent books documents and article exist for innovative practices we have not found a work in which we can properly understand the content that the researcher needs to understand So after much deliberation we decided to collect all quality efforts in one string At the most basic level this book is trying to show research scholars what science technology and innovations are all about It cannot study or gain knowledge of that part and is at a level that most researchers should find clear and understandable Our goal was to develop content that will help researchers who are beginning to use innovative practices We hope to meet the needs of academicians research scholars who are being encouraged to incorporate more reading and writing in the field of science and technology In summary this book is targeted to the needs of individuals engaged in quality research activities in science and technology Our goal is to present the topics of creativity and innovation to this audience in a way that enables them to incorporate new skills into their daily work We would like to thank all the contributors who have made the production of this book so fascinating and enjoyable Their scholarship and dedicated commitment and motivation to getting it right are the keys to the book s quality and we greatly appreciate their good nature over many months in the face of our editorial demands and time limits We are also grateful for using their texts ideas and critical remarks We would also like to thank Prof Dr Nilam N Ghuge Prof Dr D Ayub Khan Dawood Prof Dr Vilas A Pharande all reviewers and all authors for their help in consolidating the interdisciplinary of the book We are grateful to all the 18 institutions for their support It will not be possible to bring out this edition *Power and Resistance* Wayne

Antony,2020-05-06T00:00:00Z How do we make sense of the social problems that continue to plague Canadian society Our understanding of issues such as poverty racism violence homophobia crime and pollution stems from our view of how society is structured From the dominant neoliberal perspective social problems arise from individuals making poor choices From a critical perspective however these social troubles are caused by structural social inequalities Disparities in economic social and political power that is relations of power based on class race gender and sexual orientation are the central structural element of capitalist patriarchal colonialist societies The contributors to *Power and Resistance* use this critical perspective to explore Canadian social issues such as poverty colonialism homophobia violence against women climate change and so on This sixth edition adds chapters on the corporatization of higher education the lethal impacts of colonialism democracy the social determinants of health drug policy and sexual violence on campus *Current and Future Trends on Intelligent Technology Adoption* Mohammed A. Al-Sharafi,Mostafa Al-Emran,Garry Wei-Han Tan,Keng-Boon Ooi,2023-12-28 This book explores current and future trends in adopting intelligent technologies such as the metaverse social technologies FinTech applications and blockchain among individuals and organizations The edited book includes empirical and review studies primarily focusing on these issues This focus aids scholars in conducting future research in the domain and identifying possible future developments of emerging technologies The empirical studies in the book utilize recent and advanced analytical techniques for data analysis
