Some of the stories include: A trader who turned an initial account of 2,500 into 50 million. A trader who achieved an average annual return of 337% over a 13-year period. A trader who made tens of millions using a unique approach that employed neither fundamental nor technical analysis. A former advertising executive who used classical chart analysis to achieve a 58% average annual return over a 27-year trading span. A promising junior tennis player in the UK who abandoned his quest for a professional sporting career for trading and generated a nine-year track record with an average annual return just under 300%. World-renowned author and trading expert Jack D. Schwager is our guide. His trademark knowledgeable and sensitive interview style encourages the Wizards to reveal the fascinating details of their training, experience, tactics, strategies, and their best and worst trades.
