The Liberal Way of War Michael Dillon, Julian Reid, 2009-02-20 The liberal way of war and the liberal way of rule are correlated this book traces that correlation to liberalism s original commitment to making life live Committed to making life live liberalism is committed to waging war on behalf of life specifically to promote the biopolitical life of species being what the book calls the biohuman Tracking the advent of the age of life as information complex adaptive and emergent while contrasting biopolitics with geopolitics the book details how and why the liberal way of rule wages war on the human in the cause of instituting the biohuman Contingent and emergent the biohuman is however continuously also becoming dangerous to itself It therefore requires constant surveillance to anticipate the threats it presents to its own flourishing The book explains how in making life live liberal rule finds its expression today in making the biohuman live the emergency of its emergence Thus does liberal peace become the continuation of war by other means Just as the information and molecular revolutions have combined to transform liberal military strategic thinking so also has it contributed to the discourse of global danger through which global liberal governance currently legitimates the liberal way of war Insect Life Secrets Yves Earhart, AI, 2025-01-10 Insect Life Secrets offers a comprehensive exploration of insects vital roles in
