contractors and students **Handbook of Research on Project Management Strategies and Tools for Organizational Success** Moreno-Monsalve, Nelson Antonio, Diez-Silva, H. Mauricio, Diaz-Piraquive, Flor Nancy, Perez-Urbe, Rafael Ignacio, 2020-01-17 Project management tools can be used as an alternative to improve and strengthen a company's position in the market. However, the management of projects has been in constant transformation. Elements such as time, cost, and scope, on which it is based, have been complemented with other trends such as the project team, change management, knowledge management, good negotiation practices, management of stakeholders, sustainability, etc. In order to improve the competitiveness of their company and increase earned value, managers must remain up to date on these latest transformations and best practices. The Handbook of Research on Project Management Strategies and Tools for Organizational Success is a pivotal reference source that analyzes and disseminates new trends that will allow managers to improve their skills and strengthen the performance of their companies through obtaining better results in the projects undertaken. While highlighting topics such as market growth, risk management, and value creation, this book is ideally designed for project managers, managers, business professionals, entrepreneurs, academicians, researchers, and students seeking current research on improving the competitiveness of companies as well as increasing their earned value. *Bring Me Success Please* Liza Lee, 2024-03-01 As a result of witnessing project management resource and capability gaps within small, medium-sized enterprises, *Bring Me Success Please* is created and written by Liza Lee for businesses without dedicated project managers and for individuals who want to develop and apply project management capability to their projects. *Bring Me Success Please* lays out critical ingredients for taking control of your projects and makes it very clear that implementing projects without project management capability can be problematic. *Bring Me Success Please* takes you on a journey to transform your project and accelerate your journey to bringing success to your project. It provides step-by-step guidance and knowledge in the practical application of project management principles to small, medium-sized enterprises and individuals so that you can successfully complete your projects from start to finish confidently. **Project Planning and Project Success** Pedro Serrador, 2014-11-24 Project planning is generally accepted as an important contributor to project success. However, is there research that affirms the positive impact of project planning and gives guidance on how much effort should be spent on planning? To answer these questions, this book looks at current literature and new research of this under-studied area of proj
