in Education, 1996-07 *Speculative Architectures after Minoritarian Futurisms* Joel P.W. Letkemann, 2025-12-02 Speculative Architectures after Minoritarian Futurisms is a work of architectural theory which understands architecture as a practice of speculation analogous to science fiction While it might seem immediately obvious especially given the discipline s legacy of fantastical invention and commitment to the future this book argues that this hypothetical conjunction offers a highly sophisticated critical perspective on the discipline arguing that the only way to deal with the complex challenges of the present is through processes of speculation and ethical commitment to imagining futures evinced in minoritarian futurisms This book reads architecture from the perspective of the recent florescence of futurisms from Afro futurism to xeno feminism with an attention to how they produce a different image of architecture In understanding architecture as speculative practice the book also suggests understanding the architect by analogy to the author of science fiction Learning from queer and feminist perspectives this method of science fictioning refuses to take the terms now defining the discipline as totalising and immutable and investigates the unique subjectivities positions and responsibilities that might be imagined as the architect to come This book will be of interest to researchers and students of architectural theory science fiction studies design futures and global futurisms **Health planning reports subject index** United States. Congress, 1971 *Expanding Fields of Architectural Discourse and Practice* Matthew Butcher, Megan O'Shea, 2020-11-27 Expanding Fields of Architectural Discourse and Practice presents a selection of essays architectural experiments and works that explore the diversity within the fields of contemporary architectural practice and discourse Specific in this selection is the question of how and why architecture can and should manifest in a critical and reflective capacity as well as to examine how the discipline currently resonates with contemporary art practice It does so by reflecting on the first 10 years of the architectural journal P E A R 2009 to 2019 The volume argues that the initial aims of

the journal to explore and celebrate the myriad forms through which architecture can exist are now more relevant than ever to contemporary architectural discourse and practice Included in the volume are architectural practitioners design researchers artists architectural theorists historians journalists curators and a paleobiologist all of whom contributed to the first seven issues of the journal Here they provide a unique presentation of architectural discourse and practice that seeks to test new ground while forming distinct relationships to recent and more longstanding historical legacies Praise for Expanding Fields of Architectural Discourse and Practice The story told by the authors of this work can thus be considered as the central tool of an architectural transgression Critique d art

Ain't I an Anthropologist Jennifer L. Freeman Marshall, 2023-02-28 Iconic as a novelist and popular cultural figure Zora Neale Hurston remains underappreciated as an anthropologist Is it inevitable that Hurston s literary authority should eclipse her anthropological authority If not what socio cultural and institutional values and processes shape the different ways we read her work Jennifer L Freeman Marshall considers the polar receptions to Hurston s two areas of achievement by examining the critical response to her work across both fields Drawing on a wide range of readings Freeman Marshall explores Hurston s popular appeal as iconography her elevation into the literary canon her concurrent marginalization in anthropology despite her significant contributions and her place within constructions of Black feminist literary traditions Perceptive and original Ain t I an Anthropologist is an overdue reassessment of Zora Neale Hurston s place in American cultural and intellectual life *Index Medicus* ,2001 Vols for 1963 include as pt 2 of the Jan issue Medical subject headings
