The Cambridge Companion To Classical Islamic Theology Cambridge Companions To Religion

Robert A. Orsi

The Cambridge Companion To Classical Islamic Theology Cambridge Companions To Religion:

The Cambridge Companion to Classical Islamic Theology Tim Winter, 2008-05-22 This series of critical reflections on the evolution and major themes of pre modern Muslim theology begins with the revelation of the Koran and extends to the beginnings of modernity in the eighteenth century The significance of Islamic theology reflects the immense importance of Islam in the history of monotheism to which it has brought a unique approach and style and a range of solutions which are of abiding interest Devoting especial attention to questions of rationality scriptural fidelity and the construction of orthodoxy this volume introduces key Muslim theories of revelation creation ethics scriptural interpretation law mysticism and eschatology Throughout the treatment is firmly set in the historical social and political context in which Islam's distinctive understanding of God evolved Despite its importance Islamic theology has been neglected in recent scholarship and this book provides a unique scholarly but accessible introduction

The Cambridge Companion to Classical Islamic Theology Tim Winter, 2008-05-22 This series of critical reflections on the evolution and major themes of pre modern Muslim theology begins with the revelation of the Koran and extends to the beginnings of modernity in the eighteenth century The significance of Islamic theology reflects the immense importance of Islam in the history of monotheism to which it has brought a unique approach and style and a range of solutions which are of abiding interest Devoting especial attention to questions of rationality scriptural fidelity and the construction of orthodoxy this volume introduces key Muslim theories of revelation creation ethics scriptural interpretation law mysticism and eschatology Throughout the treatment is firmly set in the historical social and political context in which Islam's distinctive understanding of God evolved Despite its importance Islamic theology has been neglected in recent scholarship and this book provides a unique scholarly but accessible introduction

The Cambridge Companion to Christian Ethics Robin Gill, 2011-11-24 In this second edition of the best selling Cambridge Companion to Christian Ethics Robin Gill brings together twenty essays by leading experts to provide a comprehensive introduction to Christian ethics which is both authoritative and up to date This volume boasts four entirely new chapters while previous chapters and all bibliographies have been updated to reflect significant developments in the field over the last decade Gill offers a superb overview of the subject examining the scriptural bases of ethics as well as discussing Christian ethics in the context of contemporary issues including war and the arms trade social justice ecology economics medicine and genetics All of the contributors have a proven track record of balanced comprehensive and comprehensible writing making this book an accessible and invaluable source not only for students in upper level undergraduate courses graduate students and teachers but anyone interested in Christian ethics today

The Cambridge Companion to Science and Religion Peter Harrison, 2010-06-24 This book explores the historical relations between science and religion and discusses contemporary issues with perspectives from cosmology evolutionary biology and bioethics

The Cambridge Companion to Religion and Terrorism James Lewis, 2017-07-25 Does religion cause terrorism This volume

presents a range of theories and case studies that address this important issue **The Cambridge Companion to New Religious Movements** Olav Hammer, Mikael Rothstein, 2012-08-30 New religions emerge as distinct entities in the religious landscape when innovations are introduced by a charismatic leader or a schismatic group leaves its parent organization New religious movements NRMs often present novel doctrines and advocate unfamiliar modes of behavior and have therefore often been perceived as controversial NRMs have however in recent years come to be treated in the same way as established religions that is as complex cultural phenomena involving myths rituals and canonical texts This Companion discusses key features of NRMs from a systematic comparative perspective summarizing results of forty years of research The volume addresses NRMs that have caught media attention including movements such as Scientology New Age the Neopagans the Sai Baba movement and Jihadist movements active in a post 9 11 context An essential resource for students of religious studies the history of religion sociology anthropology and the psychology of religion [The Cambridge Companion to Black Theology](#) Dwight N. Hopkins, Edward P. Antonio, 2012-07-26 A comprehensive look at black theology and its connection with major doctrinal themes within Christianity from a global perspective *The Cambridge Companion to Religious Studies* Robert A. Orsi, 2012 Informative and provocative this book introduces readers to debates in the contemporary study of religion and suggests future research possibilities **Approaching the World's Religions, Volume 1** Robert Boyd, 2017-05-04 Philosophically Thinking about World Religions is different from other works in the discipline today It deviates from the typical approaches used for the study of world religions Its goal is to engage readers in thinking hard about world religions not about the data surrounding those traditions By focusing on philosophical questions each reader should be challenged to do their own investigations that may reveal the heart of these traditions Another stance that this project takes that distinguishes it from other texts in the discipline is that it advocates an inclusivist perspective regarding the world religions Pluralism which is the predominate assumption today ends either in contradiction or in the development of a metatheory that dismisses crucial distinctions between the various traditions or eliminates some ancient religions because they do not fit the metatheory By taking an open inclusivist approach all religious traditions may engage at the table of dialogue The final essay is about justice and social affairs While that discussion is couched within the context of a particular tradition each religious tradition must have the discussion But it must be more than an intrareligious dialogue it must become an interreligious dialogue *The Cambridge Companion to Religion and War* Margo Kitts, 2023-05-11 This Companion offers a global comparative history of the interplay between religion and war from ancient times to the present Moving beyond sensationalist theories that seek to explain why religion causes war the volume takes a thoughtful look at the connection between religion and war through a variety of lenses historical literary and sociological as well as the particular features of religious war The twenty three carefully nuanced and historically grounded chapters comprehensively examine the religious foundations for war classical just war doctrines sociological accounts of religious nationalism and featured

conflicts that illustrate interdisciplinary expressions of the intertwining of religion and war Written by a distinguished international team of scholars whose essays were specially commissioned for this volume The Cambridge Companion to Religion and War will be an indispensable resource for students and scholars of the history and sociology of religion and war as well as other disciplines

The Enigmatic Realm of **The Cambridge Companion To Classical Islamic Theology Cambridge Companions To Religion**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
