The Centrist Manifesto:

The Centrist Manifesto Uchenna Nwankwo, 2022 **The Centrist Manifesto** Charles Wheelan, 2013-04-19 A vision and detailed road map to power for a new party that will champion America's rational center From debt ceiling standoffs to single digit Congress approval ratings America's political system has never been more polarized or paralyzed than it is today As best selling author and public policy expert Charles Wheelan writes now is the time for a pragmatic Centrist party that will identify and embrace the best Democratic and Republican ideals moving us forward on the most urgent issues for our nation Wheelan who not only lectures on public policy but practices it as well he ran unsuccessfully for Congress in 2009 brings even more than his usual wit and clarity of vision to **The Centrist Manifesto** He outlines a realistic ground game that could net at least five Centrist senators from New England the Midwest and elsewhere With the power to deny a red or blue Senate majority committed Centrists could take the first step toward giving voice and power to America's largest and most rational voting bloc the center

The Two-Party Trap Steven Verrier, 2022-08-12 The United States has become increasingly polarized although the concept of a two party system is not new This book traces the major parties utter dominance of the highest elected positions all the way down to nonpartisan political offices across the U S from the founding of the Constitution through the 2020 presidential election Even before the founding of the modern Republican Party in 1854 and the next 168 year era of Democratic GOP dominance the early decades of American nationhood were ruled in a similar manner by the two major parties of the day This book is a comprehensive fast paced analysis of how the two party system has grown to be such an affront to the ideals of the Founding Fathers and of the numerous Americans today who appear to accept it as a fact of life

The Primary Solution Nick Troiano, 2024-02-27 In a divided America the biggest solvable problem fueling political extremism and dysfunction is hiding in plain sight party primaries The Primary Solution is the thought provoking Arnold Schwarzenegger answer the country needs Congress has become an unproductive and unaccountable mess Polls show that only twenty percent of Americans think it's doing a good job yet ninety percent of incumbents are reelected This shocking discrepancy is a natural outcome of our system of party primaries and their polarizing incentives Party primaries were invented over a century ago to democratize candidate nominations but today their exclusionary rules and low turnout guarantee the exact opposite only a small fraction of votes wind up deciding the vast majority of our elections The result is a Congress that rather than representing a majority of Americans is instead beholden to the fringes of both major parties This is the primary problem in our politics today Fortunately The Primary Solution illuminates a powerful yet practical pathway out James Stavridis Admiral US Navy Retired and is a must read for anyone who wants a sane democracy Danielle Allen author of *Our Declaration* Nick Troiano founding executive director of Unite America makes a bold proposal to abolish party primaries in our country Doing so does not require a Constitutional amendment or an act of Congress In fact several states have already replaced party primaries with nonpartisan primaries that give all the

voters the freedom to vote for any candidate in every election regardless of party A fresh timely political analysis Kirkus Reviews The Primary Solution offers voters across the political spectrum a realistic roadmap to a more representative and functional democracy

The Struggle for Labour's Soul Raymond Plant, Matt Beech, Kevin Hickson, 2004 Contributors ranging from Chancellor Gordon Brown to the Guardian newspaper's Polly Toye discuss the Labour Party's political philosophy and address key topics like globalization constitutional reform equality and the third way

Domestic Extremism Eamon Doyle, 2021-12-15 The United States seems to be more ideologically divided than ever with political polarization at an all time high in recent history Political differences can be positive as when they drive an increase in political engagement or push both sides to come to better conclusions But taken to an extreme they can be dangerous The viewpoints in this volume examine extremists on both the right and the left how domestic extremism has evolved since the advent of the internet and social media and how law enforcement at various levels should address it particularly in the prevention of extremist attacks

Why Not Moderation? Aurelian Craiutu, 2023-10-12 Moderation is often presented as a simple virtue for lukewarm and indecisive minds searching for a fuzzy center between the extremes Not surprisingly many politicians do not want to be labelled moderates for fear of losing elections Why Not Moderation challenges this conventional image and shows that moderation is a complex virtue with a rich tradition and unexplored radical sides Through a series of imaginary letters between a passionate moderate and two young radicals the book outlines the distinctive political vision undergirding moderation and makes a case for why we need this virtue today in America Drawing on clearly written and compelling sources Craiutu offers an opportunity to rethink moderation and participate in the important public debate on what kind of society we want to live in His book reminds us that we cannot afford to bargain away the liberal civilization and open society we have inherited from our forefathers

The Bolsheviks in Power Alexander Rabinowitch, 2007-11-02 With new research and detailed analysis this historical study reframes the October Revolution of 1917 and its terrible aftermath in the Russian capitol A major contribution to the historiography of twentieth century Russia The Bolsheviks in Power shines a revealing spotlight on the fateful first year of Soviet rule in Petrograd It examines events that profoundly shaped the Soviet political system that endured through generations Drawing largely from previously inaccessible Soviet archives Alexander Rabinowitch demolishes standard interpretations of the origins of Soviet authoritarianism by demonstrating that the Soviet system evolved ad hoc as the Bolsheviks struggled to retain political power amid spiraling political social economic and military crises The book covers issues such as the rapid fall of influential moderate Bolsheviks the formation of the dreaded Cheka the dissolution of the Constituent Assembly the Red Terror the national government's flight to Moscow and the subsequent rivalry between Russia's new and old capitals

Keywords for Capitalism John Patrick Leary, 2022-06-28

From liberal to the economy the terms used by pundits and politicians to explain our civic structures tend to obscure as much as they reveal about the reality they ostensibly describe Yet the enduring vocabulary of radical movement building can be equally opaque when filtered through both the distortions of the status quo and the partisan interests of the activist left How do we make sense of terms like socialism and intersectional that are so routinely used and abused by such a wide array of commentators from across the political spectrum Keywords for Capitalism is a probing and insightful guide designed to equip readers with the tools to do just that Leary takes a wit sharpened scalpel to the evasions neologisms and half truths that crowd the discourse and reveals the ideology of the mainstream political media that lies just below the surface In the process he also carefully leads readers through the very real debates about the words that really do mean something attentively distinguishing the substance worth preserving from the froth that should be dismissed This masterful dressing down of corporate media jargon is accompanied by over thirty illustrations that amplify and augment Leary's searing words
