The Cinema Of Tod Browning Essays Of The Macabre And Grotesque:

The Cinema of Tod Browning Bernd Herzogenrath, 2008-09-22 As a director actor writer and producer Tod Browning was one of the most dynamic Hollywood figures during the birth of commercial cinema Known for his fantastic collaborations with Lon Chaney in numerous silents and for directing the horror classic Dracula and the still controversial Freaks Browning has been called the Edgar Allan Poe of the cinema Despite not entering the profession until he began acting in his early thirties he went on to helm more than 60 films in a 25 year career His work continues to influence directors such as David Lynch John Waters and Alejandro Jodorowsky These essays critically explore such topics as the connection between Browning Poe and Kant Browning s cinematic techniques disability masochism sound and suspense duality parenthood narrative and cinematic trickery George Melford surrealism and the occult A Browning filmography is included Hollywood's Others Katherine Fusco, 2025-09-02 We tend to think about movie stars as either glamorous or relatable But in the 1920s and 1930s when the Hollywood star system was taking shape a number of unusual stars appeared on the silver screen representing groups from which the American mainstream typically sought to avert its eyes What did it mean for a white entertainment columnist to empathize with an ambiguously gendered Black child star Or for boys to idolize Lon Chaney famous for portraying characters with disabilities Hollywood s Others explores the affective ties between white non disabled audiences and the fascinatingly different stars with whom they identified but only up to a point Katherine Fusco argues that stardom in this era at once offered ways for viewers to connect across group boundaries while also policing the limits of empathy Examining fan magazines alongside film performances she traces the intense audience attachment to atypical celebrities and the ways the film industry sought to manage it Fusco considers Shirley Temple s career in light of child labor laws and changing notions of childhood shows how white viewers responded to Black music in depictions of the antebellum South and analyzes the gender politics of conspiracy theories around celebrity suicides Shedding light on marginalized stardoms and the anxieties they provoked Hollywood s Others challenges common notions about film s capacity to build empathy

Magic and Illusion in the Movies George Higham, 2024-11-07 From top hats to top secrets this book is a celebration of illusion technology and mechanisms of trickery through a genre crossing selection of films Heroes villains spies con men and madmen magicians all have utilized complex constructs and trickery in thrilling cinematic adventures from the earliest days of cinema to the present Current blockbusters such as Spider Man Far from Home and the Mission Impossible series feature amazing acts of deception often appearing far fetched that are in fact surprisingly close to today s technology Along with the James Bond saga classics such as The Wizard of Oz Nightmare Alley and The Sting are joined by a host of other movies superficially seeming to be very different yet proving there is more than meets the eye **Cult Cinema** Ernest Mathijs, Jamie Sexton, 2012-03-30 Cult Cinema an Introduction presents the first in depth academic examination of all aspects of the field of cult cinema including audiences genres and theoretical perspectives Represents the first exhaustive

introduction to cult cinema Offers a scholarly treatment of a hotly contested topic at the center of current academic debate Covers audience reactions aesthetics genres theories of cult cinema as well as historical insights into the topic **All Around Monstrous: Monster Media in Their Historical Contexts** Verena Bernardi, Frank Jacob, 2019-10-31 We know all kinds of monsters Vampires who suck human blood werewolves who harass tourists in London or Paris zombies who long to feast on our brains or Godzilla who is famous in and outside of Japan for destroying whole cities at once Regardless of their monstrosity all of these creatures are figments of the human mind and as real as they may seem monsters are and always have been constructed by human beings In other words they are imagined How they are imagined however depends on many different aspects and changes throughout history The present volume provides an insight into the construction of monstrosity in different kinds of media including literature film and TV series It will show how and by whom monsters are really created how time changes the perception of monsters and what characterizes specific monstrosities in their specific historical contexts The book will provide valuable insights for scholars in different fields whose interest focuses on either media studies or history **The Vampire in Folklore, History, Literature, Film and Television**, 2015-10-07 This comprehensive bibliography covers writings about vampires and related creatures from the 19th century to the present More than 6 000 entries document the vampire s penetration of Western culture from scholarly discourse to popular culture politics and cook books Sections by topic list works covering various aspects including general sources folklore and history vampires in literature music and art metaphorical vampires and the contemporary vampire community Vampires from film and television from Bela Lugosi s Dracula to Buffy the Vampire Slayer True Blood and the Twilight Saga are well represented *Time and History in Deleuze and Serres* Bernd Herzogenrath, 2012-02-16 The first critical appraisal of Deleuze and Serre s joint conception of time and history [The Palgrave Handbook of the Vampire](#) Simon Bacon, 2024-04-16 Winner of the The Lord Ruthven Assembly Award for Non Fiction 2024 This Handbook MRW is a unique encompassing overview of the figure of the vampire Not only covering the list of usual suspects this volume provides coverage from the very first reports of vampire like creatures in the 17th century to film and media representations in the 21st century The Palgrave Handbook of the Vampire shows that what you thought you knew about vampires is only a fraction of the real and fascinating story *American Horror Film* Steffen Hantke, 2010-09-30 Creatively spent and politically irrelevant the American horror film is a mere ghost of its former self or so goes the old saw from fans and scholars alike Taking on this undeserved reputation the contributors to this collection provide a comprehensive look at a decade of cinematic production covering a wide variety of material from the last ten years with a clear critical eye Individual essays profile the work of up and coming director Alexandre Aja and reassess William Malone s much maligned Feardotcom in the light of the torture debate at the end of President George W Bush s administration Other essays look at the economic social and formal aspects of the genre the globalization of the US film industry the alleged escalation of cinematic violence and the massive commercial popularity of the remake Some essays

examine specific subgenres from the teenage horror flick to the serial killer film and the spiritual horror film as well as the continuing relevance of classic directors such as George A Romero David Cronenberg John Landis and Stuart Gordon Essays deliberate on the marketing of nostalgia and its concomitant aesthetic and on the curiously schizophrenic perspective of fans who happen to be scholars as well Taken together the contributors to this collection make a compelling case that American horror cinema is as vital creative and thought provoking as it ever was

Memory and the Gothic Aesthetic in Film Joana Jacob Ramalho, 2024-11-29 This open access book defines the cinematic Gothic as an aesthetics of memory and exile Guided by three intersecting concepts memory travelling and touch it suggests that the cross border movements of exiles migrants and professional travellers had a crucial impact on the emergence development and dissemination of the Gothic This approach expands the canon to overlooked films filmmakers and national traditions Drawing on film memory and gothic studies the book urges the reader to think across other disciplines including phenomenology neurology cognitive neuroscience and disability studies From hands to pianos accordions gloves amnesia and wounded bodies the volume proposes a reappraisal of the Gothic by redrawing its scope retracing its origins and refocusing attention on surfaces as sites of socio political meaning
