The Circus And Victorian Society The Circus And Victorian Society:

The Circus and Victorian Society Brenda Assael, 2005 This conflict informs us not only of the complicated role that the circus played in Victorian society but provides a unique view into a collective psyche fraught by contradiction and anxiety

The Circus and Respectable Society in Victorian Britain Brenda Assael, Harvard University, 1998 **London Zoo and the Victorians, 1828-1859** Takashi Ito, 2014 London Zoo examined in its nineteenth century context looking at its effect on cultural and social life At the dawn of the Victorian era London Zoo became one of the metropolis's premier attractions The crowds drawn to its bear pit included urban promenaders gentlemen menagerists Indian shipbuilders and Persian princes Charles Darwin himself This book shows that the impact of the zoo's extensive collection of animals can only be understood in the context of a wide range of contemporary approaches to nature and that it was not merely as a manifestation of British imperial culture The author demonstrates how the early history of the zoo illuminates three important aspects of the history of nineteenth century Britain the politics of culture and leisure in a new public domain which included museums and art galleries the professionalisation and popularisation of science in a consumer society and the meanings of the animal world for a growing urban population Weaving these threads altogether he presents a flexible frame of analysis to explain how the zoo was established how it pursued its policies of animal collection and how it responded to changing social conditions Dr

Conceptualizing Cruelty to Children in Nineteenth-Century England Monica Flegel, 2016-05-23 Moving nimbly between literary and historical texts

Monica Flegel provides a much needed interpretive framework for understanding the specific formulation of child cruelty popularized by the National Society for the Prevention of Cruelty to Children NSPCC in the late nineteenth century Flegel considers a wide range of well known and more obscure texts from the mid eighteenth century to the early twentieth including philosophical writings by Locke and Rousseau poetry by Coleridge Blake and Caroline Norton works by journalists and reformers like Henry Mayhew and Mary Carpenter and novels by Frances Trollope Charles Dickens Wilkie Collins and Arthur Morrison Taking up crucial topics such as the linking of children with animals the figure of the child performer the relationship between commerce and child endangerment and the problem of juvenile delinquency Flegel examines the emergence of child abuse as a subject of legal and social concern in England and its connection to earlier primarily literary representations of endangered children With the emergence of the NSPCC and the new crime of cruelty to children new professions and genres such as child protection and social casework supplanted literary works as the authoritative voices in the definition of social ills and their cure Flegel argues that this development had material effects on the lives of children as well as profound implications for the role of class in representations of suffering and abused children Combining nuanced close readings of individual texts with persuasive interpretations of their influences and limitations Flegel's book makes a significant contribution to the history of childhood social welfare the family and Victorian philanthropy

Provocation in Popular Culture Bim Mason, 2015-07-24 What role can provocation play in the process of renewal both of individuals and of societies

Provocation in Popular Culture is an investigation into the practice of specific provocateurs and the wider nature of cultural provocation examining among others Banksy Sacha Baron Cohen Leo Bassi Pussy Riot Philippe Petit Archaos

Drawing on Bim Mason's own twenty five year career as performer teacher and creative director this book explores the power negotiations involved in the relationship between provocateur and provoked and the implications of maintaining a position on the edge Using neuroscience as a bridge it proposes a similarity between complexity theory and cultural theories of play and risk Three inter related analogies for the edge on which these performers operate the fulcrum the blade and the border reveal the shifts between structure and fluidity and the ways in which these can combine in a single moment

The Thrill Makers Jacob Smith, 2012-05 Starring human flies daredevil aviators bridge jumpers and lion tamers The Thrill
