The Christmas Ultimatum:

A Miracle for Christmas Grace Green, 2011-07-15 A Christmas courtship Damian McAllister didn't do Christmas No presents no carols no mistletoe kisses Christmas was just another day Without the family he'd lost what else could it be It would take a miracle for him to fall in love again Stephanie Redmond believed in happy ever afters and miracles It must have been fate that stranded her on Damian's doorstep one snowy Christmas Eve with a sack of presents in her arms Soft toys cute fluffy animals but no gift wrapped miracles for Damian One look into Damian's beautiful sad eyes however and Stephanie was determined to work her own miracle with him Ms Green spins an enchanting tale with marvelous characterization *Romantic Times* **A Christmas Wish Seduction** Stephanie Morris, 2013-12-08 Trinity Fuller believes in the holiday spirit wholeheartedly She loves to volunteer and does her best to fill everyone with Christmas cheer But when her friends dare her to sit on Santa's lap and reveal her Christmas wish she draws the line But after a few cups of the spiked holiday punch Trinity is more than willing to reveal just what she wants Santa to bring her for Christmas Ean West can't believe his luck when he overhears Trinity's lonely heartfelt plea to find Mr Right in time for the holidays He'd noticed her years ago when he was in high school The problem was she hadn't known he existed Six years in age separate them But he knows he's the right man for her So when he sends her a sexy anonymous gift with instructions on where and when to wear it he hopes that it will end up being a Christmas that neither of them will ever forget **Justice, Intervention, and Force in International Relations** Kimberly A. Hudson, 2009-03-05 This book analyses the problems of current just war theory and offers a more stable justificatory framework for non intervention in international relations The primary purpose of just war theory is to provide a language and a framework by which decision makers and citizens can organize and articulate arguments about the justice of particular wars Given that the majority of conflicts that threaten human security are now intra state conflicts just war theory is often called on to make judgments about wars of intervention This book aims to critically examine the tenets of just war theory in light of these changes and formulate a new theory of intervention and just cause For Michael Walzer the leading scholar of just war theory armed humanitarian intervention is permissible only in cases of genocide ethnic cleansing widespread massacres or enslavement This book shows why this threshold is too restrictive in light of the progressive shift away from interstate conflict as well as the emerging norms of sovereignty as responsibility and the responsibility to protect **Justice Intervention and Force in International Relations** aims to establish a new stable foundation for non intervention and a revised threshold for just cause In addition this book demonstrates that over reliance on the just cause category distorts understanding analysis and public discussion of the justice or injustice of resorting to war This new book will be of much interest to students of ethics security studies international relations and international law Kimberley Hudson is Assistant Professor of Political Science at American International College and has a Phd in International Relations from Brown University **A Christmas Chance** D. Allen, Last Christmas I gave you my heart Daisy Daniels is a community

Ethnonationalist Conflict in Postcommunist States Maria Koinova, 2013-07-01 Ethnonationalist Conflict in Postcommunist States investigates why some Eastern European states transitioned to new forms of governance with minimal violence while others broke into civil war In Bulgaria the Turkish minority was subjected to coerced assimilation and forced expulsion but the nation ultimately negotiated peace through institutional channels In Macedonia periodic outbreaks of insurgent violence escalated to armed conflict Kosovo's internal warfare culminated in NATO's controversial bombing campaign In the twenty-first century these conflicts were subdued but violence continued to flare occasionally and impede durable conflict resolution In this comparative study Maria Koinova applies historical institutionalism to conflict analysis tracing ethnonationalist violence in postcommunist states to a volatile formative period between 1987 and 1992 In this era of instability the incidents that brought majorities and minorities into dispute had a profound impact and a cumulative effect as did the interventions of international agents and kin states Whether the conflicts initially evolved in peaceful or violent ways the dynamics of their disputes became self-perpetuating and informally institutionalized Thus external policies or interventions could affect only minimal change and the impact of international agents subsided over time Regardless of the constitutions laws and injunctions majorities minorities international agents and kin states continue to act in accord with the logic of informally institutionalized conflict dynamics Koinova analyzes the development of those dynamics in Bulgaria Macedonia and Kosovo drawing on theories of democratization international intervention and path dependence as well as interviews and extensive fieldwork The result is a compelling account of the underlying causal mechanisms of conflict perpetuation and change that will shed light on broader patterns of ethnic violence
