Langdon, 2024-06-10 This text is a comprehensive collection of more than 100 carefully edited documents speeches treaties statements and articles making the great events of the era come alive through the words and phrases of those who were actively involved Coverage traces the Cold War from its roots in East West tensions before and during World War II through

its origins in the immediate postwar era up to and including the collapse of the Soviet Union during 1989 1991 The World the Cold War Made James E. Cronin, 2021-11-18 An examination of the Cold War from the creation and structure of the postwar settlement to the eventual coming apart of the post war order in the 1980s and early 1990s James Cronin explores the creation and structure of the postwar settlement and the eventual coming apart of the postwar order in the 1980s and early 1990s Cronin argues that the current state of the world must be understood against the backdrop of the postwar order that until recently governed prevented or distorted political and economic change *Stalin's Early Cold War Foreign Policy* Jamil Hasanli, 2022-07-14 Immediately after the Allied WW2 victory in Europe claims were made by the Soviet Union over the eastern regions of Turkey to secure direct control over the Bosphorus Dardanelles and Turkish Straits The detailed study of the international components of these events featuring the veiled complexities of Stalin's anti Turkish diplomacy provides a key to understanding crucial aspects of these Soviet territorial claims Iranian Azerbaijan became another hotspot of post war confrontation between the western Allies and the USSR Soviet policy towards Iran manifested in the desire to access their oil resources A further direction emerging within Soviet post war strategy was the Kurdish issue in the Near and Middle East At the conjunction of Turkish and Iranian events Soviet secret service bodies and diplomatic institutions exploited their strengths and toyed with Kurdish minorities in the region Their decisions placed the bordering regions of China Turkey and Iran squarely in the shadowy reaches of Moscow's policy This research uses newly discovered archive material to illustrate the underlying intrigue behind Soviet ambition and intimately tracks how the Soviet Union was defeated in the first Cold War confrontation over its southern borders It also links events of this period with the critical issue of Uyghur assimilation and further contemporary developments highlighting Putin's policies making it invaluable for both academic and general readers

Turkish relations during World War II and immediately after it Hasanli draws on declassified archive documents from the United States Russia Armenia Georgia Turkey and Azerbaijan to recreate a true picture of the time when the Turkish crisis of the Cold War broke out It explains why and how the friendly relations between the USSR and Turkey escalated into enmity led to the increased confrontation between these two countries and ended up with Turkey s entry into NATO Hasanli uses recently released Soviet archive documents to shed light on some dark points of the Cold War era and the relations between the Soviets and the West Apart from bringing in an original point of view regarding starting of the Cold War the book reveals some secret sides of the Soviet domestic and foreign policies The book convincingly demonstrates how Soviet political technologists led by Josef Stalin distorted the picture of a friendly and peaceful country_Turkey_into the image of an enemy in the minds of millions of Soviet citizens **The Modernization of the Western World** John McGrath,Kathleen Callanan Martin,2015-01-28 This book focuses on the forces of social change and what they have meant in the lives of the people caught in the middle of them from medieval times through our current era of globalization
