The Catastrophist A Novel:

The Catastrophist Ronan Bennett, 2001-02-28 The Catastrophist is a brilliant highly acclaimed novel of love passion violence and desire set in the Belgian Congo in 1959 While expatriates loll about their pools in a colonial paradise soon to erupt into chaos huge crowds are drawn to the charismatic Congolese independence leader Patrice Lumumba and his even more dangerous rivals One man sees the cracks appearing around him and struggles to hold on to his lover his sanity and ultimately his life Gillespie the outsider a journalist is in Leopoldville for the beautiful Italian In s He is desperate for her love while she is obsessed with the unfolding drama caught up in history ideology hero worship In a world slipping out of control gripped by disgust fear and incomprehension Gillespie feels that events threaten to overwhelm him as does his friendship with the amiable but sinister American Stipe his relationship with his canny native driver Auguste and above all his love for In s It is In s who defines Gillespie as a catastrofista an Italian word for somebody for whom no problem is small Nothing can be fixed it is always the end for Gillespie is deeply pessimistic and skeptical about their relationship as well as politics while In s believes in engagement and commitment whatever the risks which as it turns out are greater than either of them can foresee As colonial corruption and injustice give way to turmoil brutality and murder Gillespie is finally forced to confront what is happening before his eyes In subtle haunting prose Ronan Bennett captures the complex connection between the personal and the political between cruelty and lust between eroticism and love between courage and fear between detachment and involvement The Catastrophist is a bold courageous novel at once a searing love story and a terrifying political thriller in the tradition of such books as Graham Greene's The Comedians or such postcolonial classics as The Year of Living Dangerously an erotic Heart of Darkness for the twentieth century **The Catastrophist** Ronan Bennett, 1999-04

The Catastrophist Lawrence Douglas, 2006 Meet Daniel Wellington Art historian academic star devoted husband and futurephobe Although Daniel has known nothing but success he's convinced the future promises nothing but disaster When his wife presents him with a tiny size XXS Yale sweatshirt Daniel is seized by the impulse to bolt the specter of imminent fatherhood sends him into a full blown existential crisis Jacket **The Irish Expatriate Novel in Late Capitalist**

Globalization Joe Cleary, Joseph N. Cleary, 2021-11-11 The first monograph length study of Irish expatriate fiction in an era of transition from American to East Asian global hegemony **The Cambridge Companion to the Irish Novel** John Wilson Foster, 2006-12-14 The Irish novel has had a distinguished history It spans such diverse authors as James Joyce George Moore Maria Edgeworth Bram Stoker Flann O'Brien Samuel Beckett Lady Morgan John Banville and others Yet it has until now received less critical attention than Irish poetry and drama This volume covers three hundred years of Irish achievement in fiction with essays on key genres themes and authors It provides critiques of individual works accounts of important novelists and histories of sub genres and allied narrative forms establishing significant social and political contexts for dozens of novels The varied perspectives and emphases by more than a dozen critics and literary historians ensure that

the Irish novel receives due tribute for its colour variety and linguistic verve Each chapter features recommended further reading This is the perfect overview for students of the Irish novel from the romances of the seventeenth century to the present day A Novel in a Year Louise Doughty,2008-09-04 Can you write a novel in a year If you simply sit back and think about the enormity of writing a book it will seem like a vast and unconquerable task impossibly daunting The way to make it less daunting is to break it down into its constituent parts to do it bit by bit Over the chapters herein different aspects of technique are divided up into bite size chunks the better to aid digestion The book will look at different aspects of writing with set exercises to help the reader along in their confidence and technique It is designed to be read a chapter a week with the aim of the fledgling writer having a body of material at the year s end which should form a solid start to their novel Deeply practical with sound advice at every stage A NOVEL IN A YEAR is essential reading for any would be novelist

Novel Science Adelene Buckland,2022-12-22 Novel Science is the first in depth study of the shocking groundbreaking and sometimes beautiful writings of the gentlemen of the heroic age of geology and of the contribution these men made to the literary culture of their day For these men literature was an essential part of the practice of science itself as important to their efforts as mapmaking fieldwork and observation The reading and writing of imaginative literatures helped them to discover imagine debate and give shape and meaning to millions of years of previously undiscovered earth history Borrowing from the historical fictions of Walter Scott and the poetry of Lord Byron they invented geology as a science discovered many of the creatures we now call the dinosaurs and were the first to unravel and map the sequence and structure of stratified rock As Adelene Buckland shows they did this by rejecting the grand narratives of older theories of the earth or of biblical cosmogony theirs would be a humble science faithfully recording minute details and leaving the big picture for future generations to paint Buckland also reveals how these scientists just as they had drawn inspiration from their literary predecessors gave Victorian realist novelists such as George Eliot Charles Kingsley and Charles Dickens a powerful language with which to create dark and disturbing ruptures in the too seductive sweep of story *100 Must-read Prize-Winning Novels* Nick Rennison,2010-09-25 This handy pocket size guide part of the bestselling Must Read series introduces readers to the one hundred best novels that have won prestigious literary awards and provides an extended introduction to the background and history of these literary prizes More than a simple best of list the recommendations include insightful book reviews historical and literary context and cover a wide range of works of fiction **Fragmenting modernism** Sara Haslam,2013-07-19 Fragmenting modernism is about Ford Madox Ford a hero of the modernist literary revolution Ford is a fascinating and fundamental figure of the time not only because as a friend and critic of Ezra Pound and Joseph Conrad editor of the English Review and author of *The Good Soldier* he shaped the development of literary modernism But as the grandson of Ford Madox Brown and son of a German music critic he also manifested formative links with mainland European culture and the visual arts In Ford there is the chance to explore continuity in artistic life at the turn of the century as well as

the more commonly identified pattern of crisis in the time The argument throughout is that modernism possesses more than one face Setting Ford in his cultural and historical context the opening chapter debates the concept of fragmentation in modernism later chapters discuss the notion of the personal narrative and war writing Ford s literary technique is studied comparatively and plot summaries of his major books *The Good Soldier* and *Parade s End* are provided as is a brief biography Fragmenting Modernism will be useful for anyone studying the literature of the early twentieth century impressionism or modernism in general terms as well as for those who seek to investigate in detail one of the great polymorphous figures of the time An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence *Bowker's Guide to Characters in Fiction 2007 ,2008-02*
