The Challenge For Africa:

The Challenge for Africa Wangari Maathai, 2010-10-19 In this groundbreaking work the Nobel Peace Prize winner and founder of the Green Belt Movement offers a new perspective on the troubles facing Africa today Too often these challenges are portrayed by the media in extreme terms connoting poverty dependence and desperation Wangari Maathai the author of *Unbowed* sees things differently and here she argues for a moral revolution among Africans themselves Illuminating the complex and dynamic nature of the continent Maathai offers hardheaded hope and realistic options for change and improvement She deftly describes what Africans can and need to do for themselves stressing all the while responsibility and accountability Impassioned and empathetic *The Challenge for Africa* is a book of immense importance

The Challenge for Africa Wangari Maathai, 2009-01-01 Maathai argues that Africans need to revive their sense of identity their cultural inheritance and a shared sense of common purpose to face the challenges posed by endemic corruption the legacies of colonialism and the Cold and civil wars poverty and most urgently climate change Endless images of nameless starving children aimed at guilt tripping westerners have been internalised leading to a demoralised passive inertia among millions of citizens Elections may have spread but the true fabric of democracy is often still tragically absent Only once the continent has rediscovered its own cultural inheritance can it take active responsibility for its own future Ultimately what Africa needs is a revolution in leadership but this cannot be ushered in by western governments well meaning NGOs or even Bono and Sharon Stone it must happen within African civil society itself As in *Unbowed* Maathai's voice is decisive authoritative and unsentimental

The Challenge of Africa K. A. Busia, 2023-05-08 In the mid twentieth century the challenges raised by Africa's emergence into the modern world touched on every aspect of national and international life One of the most significant was raised by Africa's quest for her own culture encompassing not only the heritage of her distant and mysterious past but also the most recent developments in her history In *The Challenge of Africa* originally published in 1962 reissued here with a new introduction the foremost African sociologist of the time offers a constructive humanitarian and genuinely democratic approach to the problems Africa faced in this search Professor Busia discusses the political educational and economic challenges inherent in the very nature of modern African nationalism But he argues the basic challenge is moral to maintain and adapt the social and spiritual heritage that Africa has preserved throughout her history It is in the light of this challenge that he analyses the moral problems posed by Africa's entry into the modern international community the demand for the resolution of the race relations problem the insistence that the injustice of colonial systems be erased the challenge to provide right and just governments for the peoples of Africa the claim to cultural freedom In the international context African nationalism not only represents moral indignation against injustice and wrong it is also a claim for equality All nations must share in building a peaceful world community and this requires the cooperation of all races Lastly Professor Busia contends if East and West joined together to serve the needs of Africa they might in cooperation rediscover their own brotherhood and
