Green, Sandra Brenneman Oldendorf, 2011-05-01 This book is an invaluable resource for enabling teachers, religious educators and families to learn about religious diversity themselves and to teach children about both their own religion as well as the beliefs of others. The traditions featured include indigenous beliefs throughout the world, Native American spirituality, Hinduism, Buddhism, Judaism, Christianity, Orthodoxy, Catholicism and Protestantism, Islam, Sikhism and other beliefs such as Bahá'í, Unitarian Universalism, Humanism and Atheism. Each chapter highlights a specific religion or spiritual tradition with a brief discussion about major beliefs, misconceptions, sacred texts and holy days or celebrations. This summary of each tradition is followed by extensive annotated recommendations for children's and adolescent literature as well as suggested teaching strategies. The recommended literature includes informational books, traditional religious stories and fiction with religious themes. Teachers, religious educators and family members will find the literature from these genres to be invaluable tools for bridging the religious experience of the child with that of the global society in which they live. *I Ching Acupuncture - The Balance Method* David Twicken, 2011-12-15 This book offers a clear explanation of the philosophical theories that underpin acupuncture methods. Jones, MR David Jones, 2007-08 Buddha Nature and

Animality is about peaceful living In discussions about the relation between humans and their animal relatives a central theme is that Buddhism represents the most viable philosophical religious alternative to the malaise surrounding us when we confront ecological problems This recognition points to the notion of compassion The author seeks beyond the limits imposed by discourses of ethics and assumes a more radical approach to seek the roots of the perspectives that allow the conceptual space for the problematic dialogues in the first place Rather than viewing animals as distinct beings sharing our environs the author attempts to give the animals soul back to spirituality **International Information and Cultural Series** United States.
