Summa Contra Gentiles Two Creation

Kenneth A. Bryson

Summa Contra Gentiles Two Creation:

Kabbalah and the Art of Being Shimon Shokek, 2013-10-23 This new approach introduces Kabbalah as a spiritual Jewish way of living a practical wisdom for living creativity and well being and not merely a religious phenomenon or esoteric theology Professor Shokek suggests that the Kabbalistic theme of Creation is the central ingredient in the spiritual teachings of Jewish mysticism He skilfully reveals the core questions that emerge from the wisdom of the Jewish sages opening up a lively avenue of debate in this increasingly popular area of study

Fakhr-al-Dīn al-Rāzī and Thomas Aquinas on the Question of the Eternity of the World Muammer Iskenderoglu, 2022-06-13 This volume examines the approaches of Fakhr al D n al R z d 1209 and Thomas Aquinas d 1274 to the question of the eternity of the world which was one of the most heated issues of debate between theologians and philosophers in the Middle Ages The first chapter of the book gives some background to the discussion from Greek philosophy early Judaeo Christian and Muslim traditions The second and the third chapters discuss the approaches of R z and Aquinas respectively to the question of the eternity of the world The last chapter compares their approaches brings out some similarities of their approaches between them as well as in relation to their own traditions Islam and Christianity respectively The book tries to show that though they were theologians both R z and Aquinas were more in line with the philosophers than their fellow theologians

Theological Foundations for Environmental Ethics James Schaefer, 2009-05-07 Earth is imperiled Human activities are adversely affecting the land water air and myriad forms of biological life that comprise the ecosystems of our planet Indicators of global warming and holes in the ozone layer inhibit functions vital to the biosphere Environmental damage to the planet becomes damaging to human health and well being now and into the future and too often that damage affects those who are least able to protect themselves Can religion make a positive contribution to preventing further destruction of biological diversity and ecosystems and threats to our earth Jame Schaefer thinks that it can and she examines the thought of Christian Church fathers and medieval theologians to reveal and retrieve insights that may speak to our current plight By reconstructing the teachings of Augustine Thomas Aquinas and other classic thinkers to reflect our current scientific understanding of the world Schaefer shows how to green the Catholic faith to value the goodness of creation to appreciate the beauty of creation s praise for God to acknowledge the kinship of all creatures to use creation with gratitude and restraint and to live virtuously within the earth community

Bound for Beatitude A Thomistic Study in Eschatology and Ethics Reinhard Hütter, 2019 Bound for Beatitude is about St Thomas Aquinas s theology of beatitude and the journey thereto Consequently the work s topic is the meaning and purpose of human life embedded in that of the whole cosmos This study is not an antiquarian exercise in the thought of some sundry medieval thinker but an exercise of ressourcement in the philosophical and theological wisdom of one of the most profound theologians of the Catholic Church one whom the Church has canonized granted the title Doctor of the Church and for a long time regarded as the common doctor This exercise of ressourcement takes its methodological cues

from the common doctor hence it is an integrated exercise of philosophical dogmatic and moral theology Its specific theological topic the ultimate human end perfect happiness beatitude and the journey thereto stands at the very heart of St Thomas s theology Far from being pass his theology of beatitude is of urgent pertinence as the crisis of humanity and of creation and the exile of God seems to approach its apogee By way of a presentation interpretation and defense of Thomas Aquinas s doctrine of beatitude and the journey thereto Bound for Beatitude advances an argument based on four theses 1 The loss of a theology of beatitude has greatly impoverished contemporary theology In order to succeed and flourish theology must recover a sound teleological orientation 2 In order to recover a sound teleological orientation theology must recover metaphysics as its privileged instrument 3 Thomas Aquinas provides a still pertinent model for how theology might achieve these goals in a metaphysically profound theology of beatitude and the beatific vision Finally 4 Aquinas s rich and sophisticated account of the virtues charts the journey to beatitude in a way that still has analytic force and striking relevance in the early twenty first century

Aquinas on Beatific Charity and the Problem of Love Christopher J. Malloy, 2019-10-29 Christopher J Malloy s Aquinas on Beatific Charity and the Problem of Love examines the relationship between the desire for happiness and the love of another chiefly the love of God for His own sake Great thinkers judge the matters connected with this problem differently Aristotle and others contend that the desire for happiness grounds ethical activity Others contend that a pure love of God or of the other is not founded on desire for happiness The former charge the latter with leaving love groundless and the latter charge the former with reducing love to egoism Aquinas s appreciation of the Aristotelian tradition is forefront in his classic treatment of human action which begins with the desire for happiness Accordingly many readers proponents and critics read Aquinas as simply eudaimonistic There are however other principles at work in his thought these suggest a simple but profound difficulty in his thought one reflective of the subtlety of real life Are the two sets of principles contradictory Juxtaposed Considering beatific charity as the ultimate lens for this problem Malloy proposes that Aquinas s texts and principles are hierarchically harmonious while developmentally complex They indicate that love of happiness has a foundational role in human action and that love of God for His own sake has priority in the order of finality This ordered balance depends upon a conception of the common good in accord with a metaphysics of participation as having existence and formal perfection from and in likeness to the One Who Is created persons incline to love God more than and more intensely than themselves Thus love of the Divine Other while indeed the supreme love especially as deified through charity does not demand disinterested love God truly is man s good His true lover longs to be with Him

Invisible Forces and Powerful Beliefs The Chicago Social Brain Network, 2010-10-04 Can religion and science co exist Do they Is religion hardwired in humans The book from the Chicago Social Brain Network is the result of an extraordinary ongoing conversation among a group of highly respected scientists physicians philosophers and theologians Together they share profound insights into the deepest questions humans ask and explore the invisible forces and powerful beliefs that

shape our lives Their insights reflect both humanity's latest science and its most enduring wisdom Their answers and questions will challenge readers and reward them with a richer understanding of who we are what we share and what it means What do we really know about human nature How do we see what we see know what we know feel what we feel How do people come to believe in God Where does empathy come from What are the health benefits of faith Where do you end and others begin What do marriage family and friendship mean How can people repair the broken connections that keep them lonely

Reading Job with St. Thomas Aquinas Matthew Levering, Piotr Roszak, Jorgen Vijgen, 2020-04-24 Reading Job with St Thomas Aquinas is a scholarly contribution to Thomistic studies specifically to the study of Aquinas's biblical exegesis in relation to his philosophy and theology Each of the thirteen chapters has a different focus within the shared concentration of the book on Aquinas's *Literal Exposition on Job* The essays are arranged in three Parts Job and Sacra Doctrina Providence and Suffering and Job and the Moral Life Boyle's opening essay argues that Aquinas's commentary seeks to show what is required in the Magister namely Job and God for the effective communication of wisdom Mansini's essay argues that by speaking God reveals the virtue of Job and its value in God's providence without the personal revelation or speech of God Job could not have known the value of his suffering Vijgen's essay explores the commentary's use of Aristotle for reflecting upon divine providence sorrow and anger resurrection and the new heavens and new earth Levering's essay explores the commentary's citations of the Gospel of John and argues that these pertain especially to divine speech and to light darkness Bonino's essay explains why divine incomprehensibility does not mean that Job is wrong to seek to understand God's ways Te Velde's essay explores how Aquinas's commentary draws upon the reasoning of his *Summa contra gentiles* with regard to the good order of the universe Goris's essay reflects upon how according to Aquinas's commentary sin is and is not related to suffering Knasas's essay argues that Aquinas does not hold that the resurrection of the body is a necessary philosophical corollary of the human desire for happiness Wawrykow's essay explores merit in relation to the connection between sin and punishment affliction as well as to the connection between good actions and flourishing Spezzano's essay shows that Job's hope and filial fear transform his suffering making him an exemplar of the consolation they provide to the just Mullady's essay reflects upon the moral problems and opportunities posed by the passions along with the ordering of the virtues to the reward of human happiness Flood's essay shows how Aquinas defends Job's possession of the qualities needed for true friendship including friendship with God such as patience delight in the presence of the friend and compassion Lastly Kromholtz's essay argues that although Aquinas's *Literal Exposition on Job* never extensively engages eschatology Aquinas depends throughout upon the reasonableness of hoping for the resurrection of the body and the final judgment

Summa Contra Gentiles Saint Thomas Aquinas, 1956 *Dust Bound for Heaven* Reinhard Hütter, 2012-10 In *Dust Bound for Heaven* Reinhard Hütter shows how Thomas Aquinas's view of the human being as dust bound for heaven weaves together elements of two questions without fusion or reduction Does humanity still have an insatiable thirst for God that sends each person on

an irrepressible religious quest that only the vision of God can quench Or must the human being living after the fall become a new creation in order to be readied for heaven Htter also applies Thomas s anthropology to a host of pressing contemporary concerns including the modern crisis of faith and reason political theology the relationship between divine grace and human freedom and many more The concluding chapter explores the Christological center of Thomas s theology Fundamental Theology Guy Mansini,2018-01-12 Fundamental Theology is fundamental because it is about how we see the mysteries of God his Christ the Church and the sacraments of the Church It is about how these things show themselves how God shows them to the eyes of faith If Christ and the Church are things shown fundamental theology is about the very showing itself Talking about the showing poses the risk however of losing sight of the things shown and drifting off into abstractions By continually referring back to the things shown this book will answer many of the questions that arise when we ask about the nature and necessity of Scripture and Tradition Magisterium and Dogma Faith and its praeambula In this second volume of the Sacra Doctrina series Fr Guy Mansini takes the reader on a tour through the essence and meaning of Catholic fundamental theology This title will serve as an excellent textbook for upper level undergraduate graduate and seminary students Book jacket **The End of Strife** Leland Johnson,2014-11-10 The purpose of this book is to explain both the causes for the social and cultural breakdown s in today s world as well as the solutions to our societal regression The causes come from multiple fronts and did not develop in a matter of days weeks months years decades or even generations The degenerative process that has led humanity to the suicidal path it is currently embarked upon has taken several centuries of progressive corruption to reach this point However there is a way to reverse course and heal our society again returning it to its former strength and health The way in which a true peace can be realized in this world will be explained It must be admitted that what it takes to achieve a more universal peace is difficult and burdensome on people for many and various reasons However when the reader looks at the state of the world today it is hopeful that they will choose the difficult and burdensome road required in order to maintain a peaceful civilization rather than the bloody chaos and anarchy transpiring in today s world *The New Cambridge Companion to Christian Doctrine* Michael Allen,2022-11-17 This Companion guides the reader through the main topics and the most significant methods for practicing Christian theology The essays in this first part engage the ten most notable loci in Christian doctrine The ten essays in the second part address the most significant movements that have broad impact upon the practice of Christian doctrine **Oxford Studies in Early Modern Philosophy** Daniel Garber,Steven M. Nadler,2003 Oxford University Press is proud to announce an annual volume presenting a selection of the best new work in the history of philosophy Oxford Studies in Early Modern Philosophy will focus on the seventeenth and eighteenth centuries the extraordinary period of intellectual flourishing that begins very roughly with Descartes and his contemporaries and ends with Kant It will also publish papers on thinkers or movements outside of that framework provided they are important in illuminating early modern thought The articles in OSEMP will be of importance to specialists within the discipline but the

editors also intend that they should appeal to a larger audience of philosophers intellectual historians and others who are interested in the development of modern thought *Creation Out of Nothing* Paul Copan, William Lane Craig, 2004-06

Addresses the biblical philosophical and scientific bases for the doctrine of creation out of nothing while countering contemporary trends that are assailing this doctrine *Cultural Landscapes* Gabriel R. Ricci, 2018-02-06

A dualism between man and nature has been a persistent feature of Western thought and spirituality from ancient times to the present. The opposition of mind and body, consciousness and world, has tended to obscure the ways in which humans are ecologically part of interconnected systems, some of which are obvious while others operate in hidden but life-sustaining ways. *Cultural Landscapes* explores the physical ways in which we are intimately linked to the land and the intellectual and aesthetic connections human consciousness has with the landscape. Following the editor's introductory essay, the lead article by James Schaeffer, "Quest for the Common Good: A Collaborative Public Theology for a Life-Sustaining Climate," assesses the lightning rod issue of global warming in the context of a public and ecumenical theology and sets the tone for this normative assessment of our relationship with nature. Likewise, David Kenley's essay "Three Gorges be Dammed: The Philosophical Roots of Environmentalism in China" reveals the traditional philosophical and cultural values that can sustain a vital environmentalism in the East. David Brown's historical insights into the use of the American landscape to define historical writing complement Patricia Likos Ricci's historical treatment of nineteenth-century landscape painting and the first call to preserve wilderness in the United States. Matt Willen, An Feochszn, and David Martinez, "What Worlds are Made of: The Lakota Sense of Place," both demonstrate how space is transformed into place through song and mythic tales. On a metaphysical note, Andreas Philippopoulos Mihalopolos' essay "On the Line of the Horizon: Anxiety in de Chirico's Metaphysical Spaces" provides the reader with psychological and existential insights into the disorienting paintings of de Chirico. Gabriel Ricci's concluding essay tours the landscape that underpins Heidegger's ontological speculations. The contributions to this volume are posited on the belief that culture, society, and human history are ultimately rooted in the natural world. This integration may explain why humanity has always looked to nature for moral and ethical guidelines. Gabriel R. Ricci is associate professor of humanities and the chair of the Department of History at Elizabethtown College in Pennsylvania. He is the author of *Time Consciousness: The Philosophical Uses of History*, published by Transaction.

Bessarion's Treasure Sergei Mariev, 2020-12-07

The importance of Bessarion's contribution to the history of Byzantine and Renaissance philosophy and culture during the 15th century is beyond dispute. However, an adequate appreciation of his contribution still remains a desideratum of scholarly research. One serious impediment to scholarly progress is the fact that the critical edition of his main philosophical work, *In Calumniatorem Platonis*, is incomplete and that this work has not been translated in its entirety into any modern language yet. The same can be stated about several minor but equally important treatises on literary, theological, and philosophical subjects. This makes editing, translating, and interpreting his literary, religious, and philosophical works a

scholarly priority Papers assembled in this volume highlight a number of philological philosophical and historical aspects that are crucial to our understanding of Bessarion's role in the history of European civilization and to setting the directions of future research in this field

The Metaphysical Thought of Thomas Aquinas John F. Wippel, 2000

Written by a highly respected scholar of Thomas Aquinas's writings this volume offers a comprehensive presentation of Aquinas's metaphysical thought It is based on a thorough examination of his texts organized according to the philosophical order as he himself describes it rather than according to the theological order In the introduction and opening chapter John F Wippel examines Aquinas's view on the nature of metaphysics as a philosophical science and the relationship of its subject to divine being Part One is devoted to his metaphysical analysis of finite being It considers his views on the problem of the One and the Many in the order of being and includes his debt to Parmenides in formulating this problem and his application of analogy to finite being Subsequent chapters are devoted to participation in being the composition of essence and esse in finite beings and his appeal to a kind of relative nonbeing in resolving the problem of the One and the Many Part Two concentrates on Aquinas's views on the essential structure of finite being and treats substance accident composition and related issues including among others the relationship between the soul and its powers and unicity of substantial form It then considers his understanding of matter form composition of corporeal beings and their individuation Part Three explores Aquinas's philosophical discussion of divine being his denial that God's existence is self evident and his presentation of arguments for the existence of God first in earlier writings and then in the Five Ways of his *Summa theologiae* A separate chapter is devoted to his views on quidditative and analogical knowledge of God The concluding chapter revisits certain issues concerning finite being under the assumption that God's existence has now been established John F Wippel professor of philosophy at The Catholic University of America was recently awarded the prestigious Aquinas Medal by the American Catholic Philosophical Association In addition to numerous articles and papers Wippel has coauthored or edited several other works including *Metaphysical Themes in Thomas Aquinas* and *The Metaphysical Thought of Godfrey of Fontaines* both published by CUA Press

PRAISE FOR THE BOOK The quality of Wippel's historical research and interpretation and the detail of his argumentation make this a work that will have to be taken account of in any further studies of this topic John Boler *International Studies in Philosophy* A carefully and solidly argued presentation of Aquinas's metaphysics by a scholar of medieval philosophy and a superb metaphysician It should stand on the library shelf of every student of medieval philosophy sharing the stage with Wippel's other dependable works Prof Stephen F Brown *Boston College* In Wippel we have a master of medieval metaphysics who is at the height of his powers and who can bring to bear on this work of interpretation years of study not only of Aquinas but also of the whole context of medieval metaphysics in which Aquinas thought and wrote The result is a monumental work which will quickly become the definitive work on Aquinas's metaphysics Prof Eleonore Stump *St Louis University* Wippel proposes to set forth Thomas Aquinas's metaphysical thought based on his own texts in accord with

the philosophical order This is a bold even audacious proposal but one that Wippel succeeds in realizing thanks to his expansive and detailed knowledge of a field in which he has worked for more than twenty years He has total command not only of the works of Thomas of his sources and of his earliest commentators but also of the secondary literature of this century in English Italian French German and Spanish Gregorianum A positively magisterial account of its subject

Persons and Immortality Kenneth A. Bryson, 2022-02-07 The religious belief in personal immortality depends on the evidence for the existence of God an immaterial soul or mind and human nature We also need to support the view that God will always want to maintain relationships with us in the afterlife So immortality is a hard sell The suffering of innocent victims suggests that the existence of a loving God is not self evident Furthermore the soul's separation from the body at death raises the troublesome problem of personal identity How can that be me in the afterlife without my body The tradition from Plato to Descartes plants the seed of personal immortality in our rational nature But the deconstruction of human nature suggests that our species is not special Yet the belief in immortality lingers The first step in the reconstruction of personal immortality is found in systems theory or belief that the whole individuates the part This view suggests that we are the outcome of relationships rather than eternal natures entering into relationships We are the product of relationships taking place at three basic levels 1 In psyche where being human is the result of a tendency toward good and evil 2 As social entities where the existence of other human beings individuates us 3 In being's unconcealment where the intelligibility of things provides a foundation for epistemic life Heidegger's view of the nothing or horizon surrounding being allows us to identify God as creator entering into personal relationships with us a view supported by contemporary science That will be me in the afterlife if the relationships that individuate me in my pre mortem state continue into my post mortem existence The reversal in being's unconcealment suggests that human death continues the cycle of personal existence The Creation of Eve and Renaissance Naturalism Jack M. Greenstein, 2016-08-23 This book traces how four early Renaissance masters represented the Creation of Eve which showed woman rising weightlessly from Adam's side at God's command *Averroes' Doctrine of Immortality* Ovey N. Mohammed, 1984 The introduction of Aristotelianism into the West created conflict disruption and turmoil Not least it confronted the Middle Ages with a serious problem concerning the possible conflict between reason and faith In part the controversy surrounding Aristotelianism in the Christian world came from the Islamic channels through which much of the Aristotelian philosophical heritage came to the West The great turning point of Christian thought the point at which Christian intellectual history began to be dominated by Aristotelian patterns began when Christian scholars were exposed not only to the philosophy of Aristotle but also to the commentaries of Averroes The names of Averroes and Aristotle became inextricably linked by the middle of the thirteenth century A clear and careful analysis of the links between the thoughts of Averroes and Aristotle an explication of the impact of Averroes thought on Christian theology and on Aquinas in particular this monograph is of crucial importance in the history of Christianity It is emphatically

apposite to the discussion of monistic and qualistic theological anthropologies Further the discussion throws light upon a topic which should be of much greater interest to scholars the impact of Islam upon medieval Christian thought Mohammed centres specifically upon Averroes doctrine of immortality a doctrine that posited immortality for man as a being entire not merely for his soul

Decoding **Summa Contra Gentiles Two Creation**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Summa Contra Gentiles Two Creation**," a mesmerizing literary creation penned with a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

Summa Contra Gentiles Two Creation Introduction

In the digital age, access to information has become easier than ever before. The ability to download Summa Contra Gentiles Two Creation has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Summa Contra Gentiles Two Creation has opened up a world of possibilities. Downloading Summa Contra Gentiles Two Creation provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Summa Contra Gentiles Two Creation has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Summa Contra Gentiles Two Creation. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Summa Contra Gentiles Two Creation. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Summa Contra Gentiles Two Creation, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure

their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Summa Contra Gentiles Two Creation has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Summa Contra Gentiles Two Creation Books

1. Where can I buy Summa Contra Gentiles Two Creation books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Summa Contra Gentiles Two Creation book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Summa Contra Gentiles Two Creation books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Summa Contra Gentiles Two Creation audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Summa Contra Gentiles Two Creation books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
