Robert E. Howard Willard M. Oliver, 2025-04-15 Robert E Howard 1906 1936 is most widely known today as the creator of Conan the Cimmerian more popularly referred to as Conan the Barbarian However he also wrote across a wide array of genres for the pulp magazines of the 1920s and 1930s including westerns sports stories boxing adventures supernatural horror and even humor Howard also created many other popular characters such as King Kull Bran Mak Morn Solomon Kane Steve Costigan and Breckenridge Elkins More importantly he created two specific subgenres of fiction sword and sorcery sometimes referred to as heroic fantasy and weird westerns Born and raised in Texas Robert E Howard began his writing career after his family settled in the small Central Texas town of Cross Plains His first professional sale came from the pulp magazine *Weird Tales* in 1925 and over the next eleven years he wrote hundreds of stories and an equal number of poems With this prolific body of stories he was among the most lauded pulp authors of that era It has been said and rightly so that the secret to his success was that there was a bit of Howard in every one of his characters and because Howard was a Texan even Conan shows elements of the Texan in his persona Robert E Howard *The Life and Times of a Texas Author* details the many trials and tribulations he faced as he became and remained a full time writer while dealing with an aging father and caring for a mother who was dying of tuberculosis The book both chronicles his personal life and demonstrates how the one driving force in Robert E Howard's life forming the foundation for all of his characters and stories was his personal pursuit of freedom He lived for his freedom he wrote as a means to attain that freedom and while it may sound strange he also died tragically by his own hand in that very same pursuit at the young age of 30

Medievalist Comics and the American Century Chris Bishop, 2016-08-25. The comic book has become an essential icon of the American Century, an era defined by optimism in the face of change and by recognition of the intrinsic value of democracy and modernization. For many, the Middle Ages stand as an antithesis to these ideals, and yet medievalist comics have emerged and endured, even thrived, alongside their superhero counterparts. Chris Bishop presents a reception history of medievalist comics, setting them against a greater backdrop of modern American history. From its genesis in the 1930s to the present, Bishop surveys the medievalist comic: its stories, characters, settings, and themes drawn from the European Middle Ages. Hal Foster's Prince Valiant emerged from an America at odds with monarchy but still in love with King Arthur. Green Arrow remains the continuation of a long fascination with Robin Hood that has become as central to the American identity as it was to the British. The Mighty Thor reflects the legacy of Germanic migration into the United States. The rugged individualism of Conan the Barbarian owes more to the western cowboy than it does to the continental knight errant. In the narrative of Red Sonja, we can trace a parallel history of feminism. Bishop regards these comics as not merely happenstance but each a success. Prince Valiant and The Mighty Thor, or failure. Beowulf, Dragon Slayer, as a result and an indicator of certain American preoccupations amid a larger cultural context. Intrinsically modernist paragon of pop culture ephemera, American comics have ironically continued to engage with the European Middle Ages. Bishop illuminates some of the ways in which we use an imagined past to navigate the present and plot some possible futures as we valiantly shape a new century.

Women and Weapons in the Viking World Leszek Gardela,2021-09-02 Invigorating Garde a reappraises the connections between women and violence in an early medieval society that has left few texts to guide us Studies in Late Antiquity This book sets out to investigate the idea of the armed woman in the Viking Age through a comprehensive and cross cultural approach and weaves a nuanced picture of women s lives in the Viking world The Viking Age c AD 750 1050 is conventionally portrayed as a tumultuous time when hordes of fierce warriors from Scandinavia wreaked havoc across the European continent and when Norse merchants traveled to distant corners of the world in pursuit of slaves silver and exotic commodities Until fairly recently Norse society during this pivotal period in world history has been characterized as male dominated with women s roles dismissed or substantially downplayed There is however ample textual and archaeological evidence to suggest that many of the most spectacular achievements of Viking Age Scandinavians in craftsmanship exploration cross cultural trade warfare and other spheres of life would not have been possible without the

active involvement of women and that both within the walls of the household and in the wider public arena women's voices were heard respected and followed Lavishly illustrated this pioneering book explores the stories of the female warrior and women's links with the martial sphere of life in the Viking Age using literature and archaeological evidence from Scandinavia and the wider Viking world to examine the motivations and circumstances that led women to engage in armed conflict

toxic masculinity along with the affirmative portrayals in Mary Shelley's fiction of pacifistic and nurturing models of masculinity continue to resonate today and testify to the ongoing struggle to contend with and regulate interpersonal aggression

The Faerie Queene as Children's Literature Velma Bourgeois Richmond, 2016-07-13 Edmund Spenser's vast epic poem *The Faerie Queene* is the most challenging masterpiece in early modern literature and is praised as the work most representative of the Elizabethan age. In it he fused traditions of medieval romance and classical epic, his religious and political allegory creating a Protestant alternative to the Catholic romances rejected by humanists and Puritans. The poem was later made over as children's literature, retold in lavish volumes and schoolbooks and appreciated in pedagogical studies and literary histories. Distinguished writers for children simplified the stories and noted artists illustrated them. Children were less encouraged to consider the allegory than to be inspired to the moral virtues. This book studies *The Faerie Queene*'s many adaptations for a young audience in order to provide a richer understanding of both the original and adapted texts. *James Tiptree, Jr. Award Cumulative List* Jeanne Gomoll, 2019-10-25 This book lists all the Tiptree Award winners, Tiptree honor lists and Tiptree long lists since the founding of the award in 1990 through 2019 when the award's name was changed to the Otherwise Award. In addition, the Tiptree retrospective awards presented in 1996 are listed. Also included are ceremony site, art prizes, and songs with which the winners were serenaded during the award ceremonies.

Medieval film Anke Bernau, Bettina Bildhauer, 2019-01-25 *Medieval film* explores theoretical questions about the ideological, artistic, emotional, and financial investments inhering in cinematic renditions of the medieval period. What does it mean to create and watch a medieval film? What is a medieval film and why are they successful? This is the first work that attempts to answer these questions, drawing for instance on film theory, postcolonial theory, cultural studies, and the growing body of work on medievalism. Contributors investigate British, German, Italian, Australian, French, Swedish, and American film, exploring topics such as translation, temporality, film noir, framing, and period film, and find the medieval lurking in unexpected corners. In addition, it provides in-depth studies of individual films from different countries, including *The Birth of a Nation*, *Nosferatu*, and *Robin Hood: Prince of Thieves*. *Medieval film* will be of interest to medievalists working in disciplines including literature, history, art history, to scholars working on film, and in cultural studies. It will also be of interest to undergraduates, postgraduates, and to an informed enthusiast in film or medieval culture.
