Solution Magnissima Evolutionary Constructive Pacifism:

The Great Solution, Magnissima Charta Henri La Fontaine, 1916 Revolution of the Right to Education A. Reis Monteiro, 2021-07-19 The author argues in his essay on the Revolution of the Right to Education that the birth of the human right to education after a millennia long gestation has opened up a new chapter in the History of Education Moreover its normative jurisprudential doctrinal and programmatic developments are constituents of an International Education Law that is now the highest source in the hierarchy of the contemporary normativity on education to which the Education Law in States Parties should conform Therefore it should be recognised and studied as a new legal and educational discipline the source of principles of legitimacy and quality of education This book offers an interdisciplinary and topical introduction to the International Education Law broadly defined It explains in what ways the normative integrity of the right to education carries far reaching revolutionary significance corollary of the Revolution of Human Rights and the Revolution of the Rights of the Child **Benevolence in International Relations** Frédéric Ramel, 2025-02-20 In this first English language edition of a sole authored book from Frédéric Ramel benevolence is defined as a moral principle which promotes temperance and attention to vulnerability Ramel unpacks this concept analyses its received meanings in different contexts and spells out its practical and ethical implications in detail In preparing this work for an English speaking readership the author undertook extensive revisions and included two additional chapters It also includes a foreword from Chris Brown Emeritus Professor of International Relations at the London School of Economics and Political Science The French edition was published as *La Bienveillance Dans Les Relations Internationales* **GRT SOLUTION MAGNISSIMA CHARTA** Henri 1854-1943 La Fontaine, 2016-08-26 Pasicrisie Internationale 1794-1900 Henri La Fontaine, 1997-09-24 When the United Nations undertook the publication of the Reports of International Arbitral Awards the Pasicrisie internationale was identified as one of the rare truly general collections of international case law in existence In fact in deciding to publish the arbitration clauses and arbitral awards from 1794 to 1900 Henri La Fontaine was doing pioneering work foreshadowing the famous Reports by half a century As we near the end of the century the Pasicrisie internationale remains just as pertinent as it was when first published in 1902 This collection of arbitral awards with its modest appearance has certainly contributed more to the development of international arbitration case law than any number of lyrical speeches advocating peace through law First edition printed in 1902 by St mpfli Bern Lorsque l'Organisation des Nations Unies entreprit la publication de son Recueil des sentences arbitrales elle identifia la Pasicrisie internationale comme constituant l'une des rares véritables collections générales de jurisprudence internationale préexistantes De fait en décidant de rassembler les clauses compromissaires et les sentences arbitrales de 1794-1900 Henri La Fontaine avait fait oeuvre de pionnier et il se figurait avec un demi siècle d'avance le célèbre Recueil En cette fin de siècle la Pasicrisie internationale constitue donc un outil de travail toujours aussi actuel que lors de sa publication en 1902 Cette compilation de sentences arbitrales d'apparence modeste a certainement plus
