The American Novel And The Nineteen Twenties Stratford Upon Avon Studies:

The American Novel and the Nineteen Twenties, 1971 *Stratford-upon-Avon Studies*, 1971 **The Double-edged Sword** Zoltán Simon, 2003 This examination of American novels from 1900 to 1940 traces the literary treatment of the technological sublime a simultaneous awe and fear of technology The American technological sublime is a construct that can be useful in understanding the often conflicted and ambivalent reactions of enthusiasm and anxiety exaltation and depression associated with the patterns of development experienced in the US in this transitory period The first four decades of the 20th century saw the culmination of the technological sublime in America the loss of the innocently one sided enthusiasm and technological republicanism of the 19th century to a fragmented often paranoiac and largely pessimistic vision of technology that became dominant of the literature after World War II After an evaluation of earlier scholarship on the American technological sublime the study examines four important decades in the development of the American technological sublime and some of the literary responses to it *Fitzgerald's Craft of Short Fiction* Alice Hall Petry, 1989

Normal0falsefalsefalseMicrosoftInternetExplorer4 Fitzgerald's *Craft of Short Fiction* offers the first comprehensive study of the four collections of short stories that F Scott Fitzgerald 1896 1940 prepared for publication during his lifetime *Flappers and Philosophers* 1920 *Tales of the Jazz Age* 1922 *All the Sad Young Men* 1926 and *Taps at Reveille* 1935 These authorized collections which include works from the entire range of Fitzgerald's career from his undergraduate days at Princeton to his final contributions to *Esquire* magazine provide an ideal overview of his development as a short story writer Originally published in 1989 this volume draws upon Fitzgerald's copious personal correspondence biographical studies and all available criticism and analyzes how Fitzgerald perceived his achievements as a writer of short fiction from both artistic and commercial standpoints Petry pays close attention to the individual stories exploring how Fitzgerald's growing technical expertise and the evolution of his themes reflect changes in his personal life *A Historical Guide to Ernest Hemingway* Linda Wagner-Martin, 2000 The 1999 centennial of Ernest Hemingway's birth marks a time for the re-evaluation of his position as America's premier modernist writer The previously unpublished essays discuss biographical details of his personal and professional life *Stratford-upon-Avon Studies*, 1960 *Critical Essays on F. Scott Fitzgerald's Tender is the Night* Milton R. Stern, 1986 *Tender Is the Night* is the fourth and final novel completed by American writer F Scott Fitzgerald Set in French Riviera during the twilight of the Jazz Age the 1934 novel chronicles the rise and fall of Dick Diver a promising young psychiatrist and his wife Nicole who is one of his patients **The Aims of Representation** Murray Krieger, 1993 One of the more important and original collections of theoretical essays in the field The issues it addresses are no less pertinent now than they were in 1987 they seem indeed to be of perennial importance Anton Kaes University of California Berkeley

Translating Modernism Ronald Berman, 2010-09-23 In *Translating Modernism* Ronald Berman continues his career long study of the ways that intellectual and philosophical ideas informed and transformed the work of America's major modernist

writers Here Berman shows how Fitzgerald and Hemingway wrestled with very specific intellectual artistic and psychological influences influences particular to each writer particular to the time in which they wrote and which left distinctive marks on their entire oeuvres Specifically Berman addresses the idea of translating or translation for Fitzgerald the translation of ideas from Freud Dewey and James among others and for Hemingway the translation of visual modernism and composition via C zanne Though each writer had distinct interests and different intellectual problems to wrestle with as Berman demonstrates both had to wrestle with transmuting some outside influence and making it their own **The Modern American Novel**

Malcolm Bradbury,1983 The Modern American Novel is an indispensable handbook for all those interested in the novel and American culture This new completely revised and updated edition of Malcolm Bradbury s examination of the modern American novel offers an extensive account of the multiplicity and variety of contemporary American fiction while providing a clear critical survey of the fictional scene from the 1890s to 1991 In this broad study Malcolm Bradbury traces the development of naturalism and impressionism the growth of modernism the realism of the thirties and forties to the postmodern experiment of the sixties and the work of contemporary American writers Goodreads Unisa English Studies University of South Africa. Boswell,1986 The Foreign Critical Reputation of F. Scott Fitzgerald Linda Stanley,1980-06-04 Product information not available **The Quixotic Vision of Sinclair Lewis** Martin Light,1975 Sensing in Sinclair Lewis s life an endless

swordplay between romance and realism Martin Light proposes here a new perspective that of quixotism through which to view his novels The romantic who schools himself on sentimental novels who sees himself riding forth to conquer and who finds a world that is more the projection of his illusions than of a sense of reality is called a quixote according to the author He sees this quality in Lewis s approach to life following the fifteen year apprenticeship during which Lewis wrote sentimental poems and short stories and his creation of significant quixotic protagonists Provided by the publisher *The*

Politics and Poetics of Journalistic Narrative Phyllis Frus,1994-06-24 The Politics and Poetics of Journalistic Narrative investigates the textuality of all discourse arguing that the ideologically charged distinction between journalism and fiction is socially constructed rather than natural Phyllis Frus separates literariness from aesthetic definitions regarding it as a way of reading a text through its style to discover how it makes reality **Kingsport, Tennessee** Margaret Ripley

Wolfe,2021-12-14 Kingsport Tennessee was the first thoroughly diversified professionally planned and privately financed city in twentieth century America The advent of this so called model city a glittering new industrial jewel in the green mountains offered area residents an alternative to rural life and staid small town existence as the new century dawned Neither an Appalachian hamlet nor a company town Kingsport developed as a self proclaimed All American City Produced by the marriage of New South philosophy and Progressivism born of a passing historical moment when capitalists turned their attention to Southern Appalachia and nurtured by the Protestant work ethic Kingsport today reflects its heritage From

flaunting its patriotism with grandiose Fourth of July parades to being defensive about its pollution the city exhibits values almost stereotypically those of middle class America But loss of vision and a decline in the quality of leadership plague contemporary Kingsport and like other American industrial strongholds it is buffeted by the winds of the high tech revolution and the changing world economy This first full length biography of Kingsport challenges interpretations of regional history that promote the colonial and poverty models Margaret Ripley Wolfe brings to it the advantage of an insider s perspective In considering the special roles of capital labor industry and government over seven decades she neither patronizes Appalachian workers nor treats developers and industrialists as villains Her book will interest scholars of urbanization city planning landscape architecture and industrialization as well as local history enthusiasts **Nathanael West** Dennis P. Vannatta,1976 *Funk & Wagnalls Guide to Modern World Literature* Martin Seymour-Smith,1973 A Critical comprehensive and entertaining account of modern world literature for students teachers librarians and writers **An Essay to Introduce Gertrude Stein's "A Novel of Thank You"** Maureen R.
