Youth Digital Health and Online Platforms Martyna Gliniecka, 2024-12-27 Youth Digital Health and Online Platforms focuses on young people s use of the digital platform Reddit for health Drawing upon dialogism theory the book explores how young people produce a youth led discourse of youth digital

health different from the adult led framing represented in youth digital health research policy and service delivery Peer led discussions online remain one of the controversial forms of youth digital health associated with negative peer influence or casual teenage talk This book argues that online peer led dialogues support young people s agency in health and that young people can benefit from dealing with health issues with peers The work is based on the digital ethnography of teenagers subreddits on Reddit and utilises a theoretical framework of dialogism a linguistic based theory originated by an early 20th century Russian philosopher Mikhail Bakhtin The book introduces the concept of dialogical youth led youth digital health discourse formed in the peer led space of Reddit This youth led discourse celebrates equality and diversity amongst people meanings and opinions It is constructed around three relational elements socio material affordances creative practices and a plurality of youth voices Reddit s pseudonymous anti authoritarian and egalitarian nature supports the emergence of this youth led discourse The book can interest scholars and lecturers in childhood and youth studies Internet studies and youth health studies Professionals such as policymakers service designers deliverers online safety educators and global youth and health agencies can use evidence based insights in their work with young people

Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism

The Hivemind Swarmed David Wolinsky, 2024-08-13 An incisive oral history that brings together the voices of major figures in gaming tech media and politics to reflect on the long shadow of Gamergate With The Hivemind Swarmed oral historian and documentary researcher David Wolinsky invites readers to sit in on a series of urgent intimate conversations between some of the most distinguished voices across entertainment and media as they reflect on the longstanding impact of Gamergate What went wrong and what can we learn from Gamergate to help us build a more equitable online world The backstory 10 years ago a disgruntled software developer named Eron Gjoni posted online to accuse his ex girlfriend game developer Zo Quinn of sleeping with game critics in exchange for positive reviews He offered no evidence to back up his claims However his posts were picked up by extremists in the gaming community who built a vicious online movement targeting women minorities and progressive voices Rallying under the hashtag gamergate they sent their victims round the clock death and rape threats Game companies for the most part declined to take action as their female employees were harassed out of their jobs The FBI launched an investigation but found no true threat Gamergate holds the grim distinction of being the first modern online harassment campaign It arguably served as a model for the alt right movement that would help propel Donald Trump to the White House And it highlighted a toxic media culture not just in gaming but in film TV journalism and more in which leaders through their passivity took the side of the oppressor Now ten years later in the wake of MeToo Charlottesville the Trump years and the
