The SAGE Handbook of Organizational Communication Linda L. Putnam, Dennis K. Mumby, 2013-11-04

Organizational communication as a field of study has grown tremendously over the past thirty years. This growth is characterized by the development and application of communication perspectives to research on complex organizations in rapidly changing environments. Completely re-conceptualized, *The SAGE Handbook of Organizational Communication Third Edition* is a landmark volume that weaves together the various threads of this interdisciplinary area of scholarship. This edition captures both the changing nature of the field with its explosion of theoretical perspectives and research agendas and the transformations that have occurred in organizational life with the emergence of new forms of work, globalization processes and changing organizational forms. Exploring organizations as complex and dynamic, the Handbook brings a communication lens to bear on multiple organizing processes.

Organizational Communication Theory and Research Vernon D. Miller, Marshall Scott Poole, 2024-07-01

The Handbook of Organizational Communication Theory and Research offers concise but thorough reviews of important research on traditional and emerging areas in organizational communication. Section One, Theory and Methods, provides an overview of the field's history, prominent theories and methodologies. Section Two, Processes, focuses on primal processes such as leadership, organizational entry, conflict, power and inclusion. Section Three, Contexts, focuses on the settings where organizational communication occurs, including teams and workgroups, networks and organizational structure. Section Four, Technology, considers the development and introduction of new media and intelligent technologies into organizations. The final section, Emerging Areas, addresses communication issues associated with changing environmental, social and political upheavals, including wellness, corporate social responsibility and crisis response. *The Handbook of Organizational Communication Theory and Research* covers topics of pressing interest to current scholars and practitioners, many of which have not been addressed in previous handbooks.

Strategies and Communications for Innovations Michael Hülsmann, Nicole Pfeffermann, 2011-02-17

The innovation economy sets new standards for global business and requires efficient innovation management to plan, execute and evaluate innovation activities, establish innovative capability and coordinate resources and capacities for innovation on an intra and inter organizational level. Moreover, communication of innovation is one essential impact factor of innovation success due to successful launches of innovations into markets, establishment of stakeholder relationships and strengthened corporate reputation in the long run. Consequently, the portfolio of communication activities for innovations has to be mastered by a company or collaborative network equal to the innovation portfolio. Thus, management of innovation and innovation communication on a strategic level play an important role in

business nowadays This new book concentrates on new approaches and methods for strategies and communications for innovations As one part of the book integrated perspectives on strategy and communication for innovation intend to bridge the gap between innovation management and communication management This new book shall contribute to management science and answer current question in business It provides cutting edge information and offers a knowledge source for researchers students and business representatives who design implement and manage innovation and innovation communication marketing of innovation

Organizational Communication and Technology in the Time of Coronavirus Larry D. Browning,Jan-Oddvar Sørnes,Peer Jacob Svenkerud,2022-06-14 The pandemic has created a crisis that has no equivalent in recent history leading to a wide range of disruption across various social strata highlighting and reinforcing inequality and leading to profound organizational shifts In this book organizational communication scholars grapple with the implications of the pandemic for work and organizations examining the immediate impact on their personal lives in an ethnographic narrative but also theorising what the long term implications of COVID 19 will be The book also explores the devastating impact of the virus on healthcare workers on BIPOC entrepreneurs and on people in developing economies A timely innovative work this book will appeal to academics studying organizational communication organizational responses to crisis ethnographies and alternative research methods

Trust, Power and Public Relations in Financial Markets Clea Bourne,2016-12-08 The public relations profession positions itself as expert in building trust throughout global markets particularly after crisis strikes Successive crises have tainted financial markets in recent years Calls to restore trust in finance have been particularly pressing given trust s crucial role as lubricant in global financial engines Nonetheless years after the global financial crisis trust in financial markets remains both tenuous and controversial This book explores PR in financial markets posing a fundamental question about PR professionals as would be trust strategists If PR promotes its

expertise in building and restoring trust how can it ignore its potential role in losing trust in the first place Drawing on examples from state finance international lending agencies trade bodies financial institutions and consumer groups in mature and emerging financial centres this book explores the wide ranging role of PR in financial markets including State finance and debt capital markets Investor relations M A and IPOs Corporate communications for financial institutions Product promotion and consumer finance Financial trade associations and lobbying Consumerism and financial activism Far reaching and challenging this innovative book will be essential reading for researchers advanced students and professionals in PR communication and finance

Arguments and Arguing Thomas A. Hollihan, Kevin T. Baaske, 2015-11-17 The latest edition of Arguments and Arguing contains the same balance of theory and practice breadth of coverage current and relevant examples and accessible writing style that made previous editions so popular in hundreds of classrooms The authors draw from classic and recent argumentation theory and research contextualized with well chosen examples to showcase a narrative style of argumentation and the values and attitudes of audiences Readers learn how to employ both formal and informal argumentative strategies in an array of communication forums from interpersonal interactions to academic debate to politics to business A newly added chapter on visual argumentation and a striking color photo insert demonstrate the value and power of visual elements in the construction of arguments The ability to argue is necessary if people are to solve problems resolve conflicts and evaluate alternative courses of action While many are taught that arguing is counterproductive and arguments should be avoided Hollihan and Baaske illustrate that arguing is an essential and fundamental human activity Learning the art of effective argumentation entails a grasp of not only the strategies and principles of analysis and logical reasoning but also the importance of arguing in a positive and socially constructive fashion

Integrated Organisational Communication Rachel Barker, George Charles Angelopulo, 2005-08 This work adopts a multidisciplinary approach to corporate communication including management communication public relations organizational behavior and change marketing communication and advertising The many faceted approach adopts the perspective of a practicing communications professional emphasizes corporate branding and focuses on an integrated approach to communication

Organizational Rhetoric Mary F. Hoffman, Debra J. Ford, 2010 Organizational Rhetoric introduces students to a rhetorical approach to understanding analyzing and creating organizational messages for both internal employees and external customers This textbook provides students a theoretically grounded understanding of the basic building blocks of organizational rhetoric the types of rhetorical situations faced by organizational communicators and the specific strategies used to address six common organizational rhetorical situations such as image management Students will gain an understanding of the power of organizations in contemporary society and be able to think critically about organizational messages The text is organized in two units In the first unit authors Mary Hoffman and Debra Ford introduce the rationale for a rhetorical approach to organizational messages and introduce the basic rhetorical building blocks and

principles behind the rhetorical situation and the analysis of strategies In the second unit the authors cover six specific rhetorical situations commonly faced by organizations image and identity management issue management impression management risk management crisis management and organizational apologia and internal message management Each chapter is structured similarly in conjunction with the ideas developed in unit one and each ends with a case study that exemplifies the content presented in that chapter Features and Benefits The first unit in the text will introduce the details of analyzing situations and identifying strategies The second unit will examine six specific recurring rhetorical situations for organizations Organizational schema centered on situations and strategies Use of real life case studies Focus on careers in organizational rhetoric Focus on thinking critically about organizations in society Understanding Entrepreneurial Family Businesses in Uncertain Environments Mattias Nordqvist, Giuseppe Marzano, Esteban R. Brenes, Gonzalo Jiménez, Maria Fonseca-Paredes, 2011-01-01 This thorough volume describes and analyzes entrepreneurial family businesses in Latin American countries The research presented here has been conducted within the Global STEP Successful Transgenerational Entrepreneurship Practices Project Dealing with some of the most important opportunities and challenges that Latin American family businesses face particular attention is given to the uncertainty that characterizes most business environments in Latin American countries The authors argue that while uncertainty is always a central characteristic of entrepreneurial processes and activities uncertainty is particularly pronounced for Latin American family businesses striving to grow In addition to a comprehensive introductory chapter that outlines the book's core concepts including transgenerational entrepreneurship entrepreneurial orientation resources capabilities and uncertainty the book describes the main characteristics of entrepreneurship and family businesses in Latin America It also brings together a unique set of empirical case based research papers that investigate transgenerational entrepreneurship in different Latin American family business contexts The unique contributions found here include studies on Hostile environments and entrepreneurial orientation The influence of culture on governance and innovativeness Governance structures and entrepreneurial performance Family conflict as a source of entrepreneurial opportunities Entrepreneurship in transgenerational processes by means of social capital Knowledge integration and entrepreneurial behavior The role of tacit knowledge in the identification of entrepreneurial opportunities Financial issues in entrepreneurial family businesses Communication during the entrance of new generations into the family business Students and scholars of entrepreneurship the world over will find much of note in this carefully researched work So too will anyone interested in sustaining a successful transgenerational family business

Routledge Handbook of Applied Communication Research Lawrence R. Frey, Kenneth N. Cissna, 2009-07-21 The Routledge Handbook of Applied Communication Research provides a state of the art review of communication scholarship that addresses real world concerns issues and problems This comprehensive examination of applied communication research including its foundations research methods employed significant issues confronted important contexts in which such research

has been conducted and overviews of some exemplary programs of applied communication research shows how such research has and can make a difference in the world and in people's lives. The sections and chapters in this Handbook explain what constitutes applied communication scholarship encompassing a wide range of approaches and clarifying relationships among theoretical perspectives, methodological procedures, and applied practices. They demonstrate the breadth and depth of applied communication scholarship, review and synthesize literature about applied communication areas and topics in coherent, innovative, and pedagogically sound ways, set agendas for future applied communication scholarship. Unique to this volume are chapters presenting exemplary programs of applied communication research that demonstrate the principles and practices of such scholarship, written by the scholars who conducted the programs. As an impressive benchmark in the ongoing growth and development of communication scholarship, editors Lawrence R. Frey and Kenneth N. Cissna provide an exceptional resource that will help new and experienced scholars alike to understand, appreciate, and conduct high-quality communication research that can positively affect people's lives. Communication Yearbook 32 Christina S.

Beck, 2012-09-10. The Communication Yearbook annuals publish diverse state-of-the-art literature reviews across the field of communication. Sponsored by the International Communication Association, volumes offer insightful descriptions of research as well as reflections on the implications of those findings for other areas of the discipline. Editor Christina S. Beck presents a diverse international selection of articles that highlight empirical and theoretical intersections in the communication discipline. *Communicating Globally* Wallace V. Schmidt, 2007-02-13. *Communicating Globally: Intercultural Communication and International Business* provides students with a cultural general awareness of diverse world views, valuable insights on understanding and overcoming cultural differences, and a clear path to international business success. This text integrates the theory and skills of intercultural communication with the practices of multinational organizations and international business. The book discusses the implications of these approaches and the new competencies needed for conducting international business and entering the world marketplace. It examines intercultural transitions and cross-cultural relationships as well as how virtual groups or teams and constant change influence multinational organizations. *Communicating Globally: Intercultural Communication and International Business* provides further insights into doing business abroad by examining significant geographic regions and emphasizing cultural themes and patterns, business conduct and characteristics, and emerging trends. Also included is a regional resource guide that establishes a sensible foundation for readers to continue their own cross-cultural or international business research personally, transforming their understanding into individually instructive significance. **Sustainability after Rio** David Crowther, M. Azizul Islam, 2015-12-14. Ideas about sustainability have changed considerably since the Climate Change Convention was agreed in Rio de Janeiro 20 years ago. This volume re-examines the concept of sustainability and considers what issues are now considered pertinent around the world.
