**The Reflexive Imperative in Late Modernity** Margaret Scotford Archer, 2014-05-14 What do young people want from life This book shows how the internal conversation guides individual choices *The Reflexive Imperative in Late Modernity* Margaret S. Archer, 2012-05-03 What do young people want from life This book shows how the internal conversation guides individual choices *Late Modernity* Margaret S. Archer, 2014-03-10 This volume examines the reasons for intensified social change after 1980 a peaceful process of a magnitude that is historically unprecedented It examines the kinds of novelty that have come about through morphogenesis and the elements of stability that remain because of morphostasis It is argued that this pattern cannot be explained simply by acceleration Instead we must specify the generative mechanisms involved that underlie and unify ordinary people's experiences of different disjunctions in their lives The book discusses the umbrella concept of social morphogenesis and the possibility of transition to a Morphogenic Society It examines possible generative mechanisms accounting for the effects of social morphogenesis in transforming previous and much more stable practices Finally it seeks to answer the question of what is required in order to justify the claim that Morphogenic society can supersede modernity

**The Legacy and Limits of Vatican II in an Age of Crisis** Massimo Faggioli, Edward P. Hahnenberg, Kristin M Colberg, Catherine Clifford, 2025-04-26 A renewed approach to the critical study of the event and documents of Vatican II necessary for responding to the challenges facing today's church Packed with new insights from some of today's most highly regarded voices on the Second Vatican Council *The Legacy and Limits of Vatican II in an Age of Crisis* enacts the living tradition of the church by proposing a richer history to be told sixty years from its celebration and a broader theology to inspire our work today Vatican II did not anticipate our contemporary challenges nor do its documents provide specific guidelines or step by step instructions for addressing them But that does not make the council irrelevant As a touchstone of the church's magisterial tradition the Second Vatican Council remains foundational for the life and mission of the Catholic Church today However like any monument of the tradition the council requires ongoing investigation critical analysis and constant reconsideration from a diversity of contemporary perspectives if it is going to contribute to the living tradition of the church Through historical and theological lenses the contributors aim to rediscover forgotten voices and overlooked moments of Vatican II that may have something even more important to say today Each chapter promises to surprise enlighten inspire and teach in fresh and unexpected ways The contributors offer readers striking insights on the council's teaching related to the sexual abuse crisis antiracism politics the Synod on Synodality and much more By reexamining the teaching of Vatican II from the perspective of our present ecclesial crisis readers will have a better understanding of how its legacy and limits affect the ongoing reform of the church in a much changed theological ecclesial and social landscape Contributors Matteo Caponi Catherine E Clifford Kristin M Colberg Agn's Desmazires Massimo Faggioli Theresa Gardner Edward P Hahnenberg Timothy Hanchin Tuan A Hoang Mary Kate Holman Jaisy A Joseph Florian Klug

**Approaches to Monasticism in the Context of Christian Responses to Modern Culture** Kevin Maddy, 2022-06-20 Approaches to Monasticism in the Context of Christian Responses to Modern Culture is a study of how the values and practices of monasticism are being shaped by the shift to a cultural understanding of Christianity in modern times. The values and practices of traditional monasticism are contrasted with those of various expressions of new monasticism against the background of a multicultural and fluid social environment in an effort to find some reciprocal illumination. The study aims to describe monasticism in terms of authenticity and lived religion. Kevin Maddy was educated at Cambridge University and has recently completed a PhD at Radboud University Nijmegen. He currently works in Canterbury as an Anglican parish priest and is a probationary member of the Society of the Resurrection.

Morphogenesis Answers Its Critics Margaret S. Archer, 2024-04-04 In this final book by renowned sociologist Margaret S. Archer, her groundbreaking morphogenetic approach is defended, refined, and extended through a series of engagements with her critics. Archer, a pioneer of critical realism, addresses key debates surrounding her work on structure, agency, and social change. Each chapter responds to critiques from a different scholar, using these exchanges as springboards to further develop her powerful explanatory framework. Through these lively dialogues, Archer elaborates her tools for analysing social and cultural dynamics. This book offers readers a unique window into Archer's thought as she clarifies, sharpens, and expands her theoretical contributions in response to constructive criticism. It will be an essential read for scholars and students across the social sciences and for anyone seeking to understand the forces that shape our social world and how we can reshape it.

*Polish Catholicism between Tradition and Migration* Wojciech Sadlon, 2021-06-27 From a critical realist perspective, this book examines the manner and the extent to which religion is shaped by modernity. With a focus on Poland, one of the most monolithic and religiously active Catholic societies in the world but which has undergone periods of intense transformation in its recent history, the author explores the transformations that have affected Catholicism from a position of reflexivity. Viewing Catholicism as a system of ideas elaborated by tradition, the author considers the relationship between human subjectivity and social structure by examining the shift from traditional religious practice to modern religious observance, particularly in an era of migration in which many Polish Catholics have relocated to western European countries with profound changes in their religious outlook. Presenting a new approach to understanding religious change from the perspective of religious reflexivity, *Polish Catholicism between Tradition and Migration* will appeal to scholars across the social sciences with interests in religion, research methods, social change, and critical realist thought.
