Novel Living Lisa Occhipinti, 2018-06-05 In this digital age the fate of physical books remains in question Even the concept of curling up with a good book conjures new images But there remains a sensory thrill to physical books to seeing and feeling them to turning their pages that makes many of us value them

even more as digital reading grows in popularity In Novel Living artist Lisa Occhipinti celebrates her love for physical books by presenting us with her unique ideas for collecting and displaying them for conserving and preserving them and for crafting with them Guided by Occhipinti's artful eye you'll be inspired to build and display collections based on your personal passions and to use books for crafting either by deconstructing or by copying favorite elements Amazingly most of the projects ranging from easy shelving to a headboard constructed of book spines to napkins composed of scans of favorite text passages from books require no special skills or supplies *Ancient Libraries and Renaissance Humanism* Thomas Hendrickson, 2017-03-27 Winner of the 2018 Josef IJsewijn Prize for Best Book on a Neo Latin Topic Although many humanists from Petrarch to Fulvio Orsini had written briefly about library history the *De bibliothecis* of Justus Lipsius was the first self-contained monograph on the topic The *De bibliothecis* proved to be a seminal achievement both in redefining the scope of library history and in articulating a vision of a public secular research institution for the humanities It was repeatedly reprinted and translated plagiarized and epitomized Through the end of the nineteenth century scholars turned to it as the ultimate foundation for any discussion of library history In *Ancient Libraries and Renaissance Humanism* Hendrickson presents a critical edition of Lipsius's work with introductory studies a Latin text English translation and a substantial historical commentary *Novel Therapeutic Interventions Against Infectious Diseases: COVID-19*, 2022-04-05
