Stories and Social Media Ruth E. Page, 2013-03-01 This book examines everyday stories of personal experience that are published online in contemporary forms of social media Taking examples from discussion boards blogs social network sites microblogging sites wikis collaborative and participatory storytelling projects

Ruth Page explores how new and existing narrative genres are being re shaped in different online contexts The book shows how the characteristics of social media which emphasize recency interpersonal connection and mobile distribution amplify or reverse different aspects of canonical storytelling The new storytelling patterns which emerge provide a fresh perspective on some of the key concepts in narrative research structure evaluation and the location of speaker and audience in time and space The online stories are profoundly social in nature and perform important identity work for their tellers as they interact with their audiences identities which range from celebrities in Twitter cancer survivors in the blogosphere to creative writers convening storytelling projects or local histories Stories and Social Media brings together the stories told in well known sites like Facebook and lesser known community archives providing a landmark survey and critique of personal storytelling as it is being reworked online at the start of the 21st century

Subversion Andreas Krieg,2023-05-01 A penetrating analysis of weaponized information one of the most pressing dangers to open societies Now more than ever communities across the world are integrated into a complex global information ecosystem that shapes the nature of social political and economic life The ripple effects of actors trying to manipulate or disrupt this information ecosystem are far more severe than the primary effects that are merely being felt in the information space In fact the weaponization of narratives has already shown its potential to transform the character of conflict in the twenty first century Subversion examines how malicious state and nonstate actors take advantage of the information space to sow political chaos Andreas Krieg reveals how the coordinated use of weaponized narratives can achieve strategic level effects through a six stage process Preying on vulnerable states and communities to find the fault lines within societies these campaigns begin in the information space with an ultimate goal of producing tangible results such as changes to policy or voting behavior or spurring political violence Krieg closely examines recent subversion campaigns by two states in particular focusing on Russia s interference in Western public discourse and the United Arab Emirates s demonization of the Muslim Brotherhood as a terrorist organization Subversion will provide scholars and policymakers with a comprehensive understanding of one of the most urgent threats in international politics along with recommendations on how vulnerable communities can become more resilient

Beckett in Popular Culture P.J. Murphy,Nick Pawliuk,2015-12-23 What do Bono Seinfeld and Apple have in common Nothing However it s the nothing of Samuel Beckett which is something Bold and provocative Beckett s works and even his image are a potent force in modern society Shoes marketing baby names all fall under his spell This collection of new essays one exception finds him incorporated into virtually all aspects of popular culture television popular fiction movies tattoos even sports in a manner that seems to defy classifying Is it image making or image taking Why is our culture so obsessed with an obscure Irish writer most people have not read Each essay provides a unique appraisal of Beckett s branding
