Sketching Times Collectif:

Low Living and High Thinking at Modern Times, New York Roger Wunderlich, 1992-06-01 In the mid 1800s deep in the Long Island pine barrens Modern Times was established as an experimental community whose members would not be bound by any government church constitution or bylaws Never more than 150 strong set on a plot of only 90 acres here was a haven for nonconformists Its currency was words its religion was discussion its standard of conduct was unfettered individual freedom Low Living and High Thinking at Modern Times New York rescues this model village from obscurity and demonstrates its importance in the history of American communitarianism and social reform especially in its pursuit of economic justice women's rights and free love The first full length study of Modern Times Wunderlich's account offers telling portraits of this small but significant group of reformers pioneers freethinkers and sexual radicals For 13 years they tested the precepts of the founders of the community the philosophical anarchists Josiah Warren and Stephen Pearl Andrews who advocated the sovereignty of the individual and private but profitless enterprise Each person lived as he or she pleased provided this did not impair the right of another to do the same and each traded goods and services at cost rather than market value enabling cash poor pioneers to own homesteads The community championed every kind of reform from abolitionism women's rights and vegetarianism to hydropathy pacifism total abstinence and the bloomer costume Indifference to marital status and the advocacy of a free love vanguard contributed to the community's controversial and somewhat illicit reputation In 1864 seeking to remove themselves from the limelight Modern Times's remaining settlers renamed the village Brentwood Wunderlich pieces together the village person by person by relying on primary sources such as land deeds census entries and eyewitness accounts He also sheds new light on Warren and Andrews two key figures in the communitarian movement and discusses at length such important contemporaries as Thomas and Mary Gove Nichols Robert Owen John Humphrey Noyes Horace Greeley John Stuart Mill Henry David Thoreau Ralph Waldo Emerson and George Ripley

Challenging Times Constance Backhouse, David H. Flaherty, 1992 By allowing the reader to draw comparisons between women's movements in Canada and the United States Challenging Times shows that certain political and theoretical issues transcend international borders ebbing and flowing between the two countries symbiotically Topics discussed include the origins of second stage feminism the strength of the women's movement within academic structures and the challenges posed by racial ethnic and class diversity violence against women the promise and limits of legal reform reproductive technology and economic discrimination Readers who are interested in the recent history of the North American women's movement will find answers to many of their questions about the victories defeats and fundamental challenges facing modern feminism Those who have been active in the current wave of feminism either as central participants or serious critics will find Challenging Times equally fascinating because it endeavours to provide answers to pressing questions about the nature of feminism the inter relationships and tensions between different sectors of the movement and the prospects for future

growth Many of the contributors to this volume have lived through and personally shaped the unfolding of the rich history of North American feminism In addition to Backhouse and Flaherty the contributors are Catharine A MacKinnon Greta Hofmann Nemiroff Monique B gin Mariana Valverde Naomi Black Marjorie Griffin Cohen Micheline de S ve Micheline Dumont Margrit Eichler Sara M Evans Marianne A Ferber Lorraine Greaves Marjorie Heins M Patricia Fernandez Kelly Patricia A Monture Okanee Arun Mukherjee Jean F O Barr Christine Overall Glenda Simms and Jill Vickers **Once Upon a Time** Bruno Girveau,2006 In recognition of the significance of Walt Disney s contributions to film and 20th century art the organizers of the exhibit sought to present the sources that inspired Disney and his artists and to present modern and contemporary works that reveal the ongoing influence of the Disney iconography Page 2 of cover **Assessing Justin Trudeau's Minority Governments (2019-2025)** Collectif Collectif,2025-04-02T00:00:00-04:00 In 2025 Canadians will have the opportunity to vote for their next government This book offers an objective and accessible analysis of the performance of Justin Trudeau s minority governments in relation to the promises they made on a wide range of issues including reconciliation immigration climate public finances international relations national defense and ethical issues The Collected Works of Ken Wilber, Volume 4 Ken Wilber,1999-12-28 Volume Four of The Collected Works of Ken Wilber includes Integral Psychology a concise version of Wilber s long awaited textbook of transpersonal psychology presenting one of the first truly integrative models of consciousness psychology and therapy Charts correlating over one hundred developmental and evolutionary theories ranging from ancient mystical traditions to modern theorists Essays on human development art meditation spirituality yoga women s studies death and rebirth science and mysticism and transpersonal psychotherapies Wilber s thoughtful replies to criticisms of his work **Reprint** University of California, Berkeley. Institute of Industrial Relations,1961 **Making Men Moral** Robert P. George,1995-04-06 Contemporary liberal thinkers commonly suppose that there is something in principle unjust about the legal prohibition of putatively victimless immoralities Against the prevailing liberal view Robert P George defends the proposition that moral laws can play a legitimate if subsidiary role in preserving the moral ecology of the cultural environment in which people make the morally significant choices by which they form their characters and influence for good or ill the moral lives of others George shows that a defence of morals legislation is fully compatible with a pluralistic perfectionist political theory of civil liberties and public morality The New York Times Magazine ,1987 **Reprint - Institute of Industrial Relations, University of California, Berkeley** University of California, Berkeley.
