Warden Jr., 2008-02-12 This millennial age opened with airwaves and newspapers filled with shocking events Weather has become so tumultuous that flooding is commonplace scores of tornadoes touching down in an evening tsunamis and fierce hurricanes destroying coastal regions and global record setting temperatures Small nations defy powerful ones by detonating nuclear weapons against stern warnings First world nations are threatened by the seepage of nuclear arms into the hands of terrorists The atomic scientists Domsdays Clock inched to within five minutes of the midnight of humanity's destruction America experienced its first Mid East terrorist attack for her alliance with Israel Afterwards the U S initiated an unprovoked attack on Iraq perplexing world leaders The Middle East is the epicenter of international turmoil with Israel's very existence openly threatened by certain Arab states The social landscape has changed with the gay rights movement international success with governments recognizing the rights of humans to live apart from the sexual mores of the Abrahamic based religions Within increasing frequency terrorism toward Israel in God's name turn peaceful shopping trips wedding days and ordinary bus rides in Israel into fearful sights of unspeakable carnage CNN and The New York Times report that an asteroid is heading toward earth Is all this coincidental No Thousands of years ago Jewish prophets recorded that all these events and more would converge in the generation that would see Israel become a nation which occurred in May 1948 Prophecies heard in

church are now seen on television the west's war with Iraq's leader and its soon defeat of Iran's leader was predicted thousands of years before Christ by the Jewish prophet Daniel famed for his lions den escape in Iraq Using Jewish prophecies this book is a barometer of world conditions countdown of this age Foreword in honor of Larry King of CNN **Deadly Deception in the Church** Tyrone Everett, 2009-06-30 *The Encyclopedia of Bible Prophecy* Ted Kresge, 1998 **Beyond the Cassandra Prophecy - The Road to Hell** Ian Gurney, 2010 Climate change global warming rising sea levels lack of fresh water diminishing energy resources economic collapse famine disease natural disasters and nuclear war are what await us over the next fifteen years In the book I describe why our days are numbered and the terrible calamity that will explode upon the face of the Earth sooner than anyone expects No one will escape and mankind will be overwhelmed by the speed with which events exceed even our own worst nightmares Global warming and climate change now represent according to the majority of scientists a far far greater threat to the population of the planet than any terrorist attack As the ice caps melt water levels over the next ten years will rise to such an extent that the world's great coastal cities many islands and some countries will simply disappear As parts of the world situated around the equator reach temperatures that render huge areas of the planet uninhabitable there will be migration on a massive scale never before seen with perhaps three billion people seeking to move to more hospitable parts of the planet If you wish to know a little more about your future read this book

The Great American Curse Mickey D Glover, 2013-12-07 The book of Revelation clearly tells us that someday there would be an end to this world many have tried to determine this mystery date in our future to no avail But the mystery that the date seekers and many others failed to notice is this WHY Why is so much more important than when There is no question about it this world will definitely come to an end But why is it going to end In an ancient generation of mankind God gave man his law It is called the TEN COMMANDMENTS In today's society these laws are broken every day without much notice To our own ignorance there is always a price to pay when we disobey But life goes on These laws were put into place to protect us from ourselves But there is one sin that brought our world to an end that fell through the cracks virtually unnoticed This great sin has now spread throughout the entire earth Christians and unbelievers are all involved in this sin that has now grown so large that it is actually bringing in the curse of God for the judgment of this sin that will ultimately end our world as we know it Fulfilling the prophecies of the book of Revelation In this day and time knowledge has been much increased So the sin that caused our world to end would have to be put in place in such a way as to be greatly unnoticed Such as an illusionist or magician In this book that you are about to read you will learn the greatest deception ever pulled off in the world's history and at a cost so great that it will cause the end of our world as we know it The time for this judgment has already begun as early as 2007 the count down clock for the end of the world events began to tick off The Holy bible was given to mankind directly from God to tell us how life began and why our world ended
