A Novel by MAUREEN JOHNSON

The Bermudez Triangle:

The Bermudez Triangle Maureen Johnson, 2005-10-06 Grade 9 Up Johnson begins this exceptional novel in a lightweight fashion but quickly segues into more serious issues that affect the three young women who make up the Bermudez Triangle. It is the summer before their senior year in Saratoga Springs NY. At first, organized serious Nina has trouble adjusting to her leadership workshop at Stanford University. Although she desperately misses Avery and Mel who are waitresses at a restaurant back home, she quickly falls head over heels for eco warrior Steve who has grown up in a commune on the West Coast so different from Nina's secure middle class experience. When she returns to New York, she immediately senses that Mel and Avery are keeping secrets and soon discovers that they have become lovers. Rocked to the core, Nina wishes them happiness but feels excluded and lonely, especially as her long distance relationship begins to deteriorate. As is typical for teens, the girls obsess and nauseate over their romantic relationships. Yet this narrow focus lends authenticity to the narrative and readers become drawn into the characters' lives as they stumble toward adulthood, fall in and out of love, enlarge their circle of friends, and rethink their values. *The Bermuda Triangle* Adi-Kent Thomas Jeffrey, 1973

Adult Fiction Caren J. Town, 2017-07-05 Young adult literature featuring teenage lesbian, gay, bisexual, transgender, and questioning characters is fast growing in popularity. Unlike the problem novels of the past which focused on the guilt, bullying, and isolation of LGBTQ characters, today's narratives present more sympathetic and celebratory portrayals. The author explores a selection of recent novels, many of which may be new to readers, and places them in the wider contexts of LGBTQ literature and history. Chapters discuss a range of topics including the relationship of Queer Theory to literature, LGBTQ families, and recent trends in utopian and dystopian science fiction. **Catalog of Copyright Entries. At 23, she's starting grad school with a laser focus on academics and zero interest in messy emotions. Love, after all, is unpredictable, and Max prefers rules, structure, and solitude. Her autism makes social situations hard enough. Dating? No, thank you. Then Ruby Satterwhite crashes into her life like a glitter bomb. Beautiful, extroverted, and intimidatingly popular, Ruby is everything Max isn't, and everything she can't stop thinking about. The two are oil and water from the start until a group project forces them into proximity, and something unexpected starts to flicker between them. Max knows the theories. She's read the research. But when it comes to love, the rules are about to change. Read the complete Rulebooks trilogy: *The Rules of Love*, *The Rules of Engagement*, *The Rules of*
