The Art Spirit:

The Art Spirit Robert Henri, Margery Ryerson, 2020-06-12 Written 100 years ago *The Art Spirit* by Robert Henri is most influential book for artists and especially American artists It still remains one of the best selling books on art and creativity and it attracts new readers with every generation Henri with the assistance of Margery Ryerson prepared this book from four decades of his lecture notes and hundreds of letters to students and friends *The Art Spirit* deserves to be in every artist's library Although Henri offers practical advice on painting the book is not just about how to do art but how to become an artist For Henri there was no greater human ambition than to be an artist Although Henri's own life was not without challenges especially financial ones he does not dwell on his personal adversities The book is a glorification of the artist's life and how mundane difficulties pale to the joys of the artistic life *The Art Spirit* provides insights into the mind of one of America's most influential artists and teachers and the reader artist comes away with an uplifting sense in what it means to be a part of the great Brotherhood of art One of the problems of the original edition was that Henri was a frequent name dropper In this new edition names and terms are annotated along with illustrations making the read more informative and enjoyable It is the best of *The Art Spirit* reprints

Robert Henri, 2022-09-29 Robert Henri's book reveals the heart of an artist free textured and transcendent He writes in his forward No effort has been made toward the form of a regular book In fact the opinions are presented more as paintings are hung on a wall to be looked at at will Through Art mysterious bonds of understanding and of knowledge are established among men They are the bonds of a great Brotherhood Those who are of the Brotherhood know each other and time and space cannot separate them When the artist is alive in any person whatever his kind of work may be he becomes an inventive searching daring self expressive creature He becomes interesting to other people He disturbs upsets enlightens and he opens ways for better understanding A tree growing out of the ground is as wonderful today as it ever was It does not need to adopt new and startling methods The picture that looks as if it were done without an effort may have been a perfect battlefield in
