Week 6: Education

According to functionalists, what is the 'assimilationist' function of education?

Schools are the official agency for passing on society's prevailing values since learning a common language and the facts of common history . . . create a sense of a affinity among members of a society.

According to conflict theorists, what is 'credentialism' and how do credentials limit upward social mobility?

Credentialism refers to the common practice of relying on earned credentials when hiring staff or assigning social status instead of directly evaluating on individuals abilities.

- Conflict theorists see " education as central to a status competition among groups within society."

While credentials are normally valued as vice of career readiness (e.g. knowledge and skills), conflict theorist view them as limiting social mobility

- High-status groups maintained their social position by acquiring more education and more educational credentials
- Credentials limit access to high-status positions

According to conflict theorists, what does 'social reproduction' refer to?

Refers to the ways in which schools help perpetuate social and economic inequalities across the generation

- Conflict theorist argue "that the hidden curriculum is the mechanism through which social reproduction occurs

How does educational 'tracking' reproduce class inequality?

Tracking divides students into groups based on ability — leading to differences in instruction

- Research indicates that while tracking does have positive benefits for advanced students

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
