

The Classical Athenian Democracy

David L. Stockton

The Classical Athenian Democracy:

The Classical Athenian Democracy David L. Stockton, 1990 This critical study designed for the modern reader explains what the institutions of the classical Athenian democracy were how they worked and on what assumptions they were founded Incorporating important recent work by historians epigraphists and archaeologists Stockton traces the broad development of the Athenian constitution from the reforms of Solon in the early sixth century to those of Ephialtes in the late 460s B C carefully examining the fully developed democratic system of the post Ephialtic period Stockton translates all Greek terms and explains difficult essays making the volume highly accessible to students of ancient and modern history and to the general reader *The Hellenistic Reception of Classical Athenian Democracy and Political Thought* Mirko

Canevaro, Benjamin Gray, 2018-01-19 In the Hellenistic period c 323 31 BCE Greek teachers philosophers historians orators and politicians found an essential point of reference in the democracy of Classical Athens and the political thought which it produced However while Athenian civic life and thought in the Classical period have been intensively studied these aspects of the Hellenistic period have so far received much less attention This volume seeks to bring together the two areas of research shedding new light on these complementary parts of the history of the ancient Greek polis The essays collected here encompass historical philosophical and literary approaches to the various Hellenistic responses to and adaptations of Classical Athenian politics They survey the complex processes through which Athenian democratic ideals of equality freedom and civic virtue were emphasized challenged blunted or reshaped in different Hellenistic contexts and genres They also consider the reception in the changed political circumstances of Classical Athenian non and anti democratic political thought This makes it possible to investigate how competing Classical Athenian ideas about the value or shortcomings of democracy and civic community continued to echo through new political debates in Hellenistic cities and schools Looking ahead to the Roman Imperial period the volume also explores to what extent those who idealized Classical Athens as a symbol of cultural and intellectual excellence drew on or forgot its legacy of democracy and vigorous political debate By addressing these different questions it not only tracks changes in practices and conceptions of politics and the city in the Hellenistic world but also examines developing approaches to culture rhetoric history ethics and philosophy and especially their relationships with politics **Athenian Democracy** P. J. Rhodes, 2019-08-07 No detailed description available for Athenian Democracy *The Hellenistic Reception of Classical Athenian Democracy and Political Thought* Mirko Canevaro, Benjamin David Gray, 2018

In the Hellenistic period c 323 31 BCE Greek teachers philosophers historians orators and politicians found an essential point of reference in the democracy of Classical Athens and the political thought which it produced However while Athenian civic life and thought in the Classical period have been intensively studied these aspects of the Hellenistic period have so far received much less attention This volume seeks to bring together the two areas of research shedding new light on these complementary parts of the history of the ancient Greek polis The essays collected here encompass historical philosophical

and literary approaches to the various Hellenistic responses to and adaptations of Classical Athenian politics They survey the complex processes through which Athenian democratic ideals of equality freedom and civic virtue were emphasized challenged blunted or reshaped in different Hellenistic contexts and genres They also consider the reception in the changed political circumstances of Classical Athenian non and anti democratic political thought This makes it possible to investigate how competing Classical Athenian ideas about the value or shortcomings of democracy and civic community continued to echo through new political debates in Hellenistic cities and schools Looking ahead to the Roman Imperial period the volume also explores to what extent those who idealized Classical Athens as a symbol of cultural and intellectual excellence drew on or forgot its legacy of democracy and vigorous political debate By addressing these different questions it not only tracks changes in practices and conceptions of politics and the city in the Hellenistic world but also examines developing approaches to culture rhetoric history ethics and philosophy and especially their relationships with politics

Race and Citizen Identity in the Classical Athenian Democracy Susan Lape, 2010-02-15 In *Race and Citizen Identity in the Classical Athenian Democracy* Susan Lape demonstrates how a race ideology grounded citizen identity Although this ideology did not manifest itself in a fully developed race myth its study offers insight into the causes and conditions that can give rise to race and racisms in both modern and pre modern cultures In the Athenian context racial citizenship emerged because it both defined and justified those who were entitled to share in the political symbolic and socioeconomic goods of Athenian citizenship By investigating Athenian law drama and citizenship practices this study shows how citizen identity worked in practice to consolidate national unity and to account for past Athenian achievements It also considers how Athenian identity narratives fuelled Herodotus and Thucydides understanding of history and causation

Race and Citizen Identity in the Classical Athenian Democracy Susan Lape, 2010 Susan Lape demonstrates how a race ideology grounded citizen identity

Democracy and Knowledge Josiah Ober, 2008-09-15 When does democracy work well and why Is democracy the best form of government These questions are of supreme importance today as the United States seeks to promote its democratic values abroad *Democracy and Knowledge* is the first book to look to ancient Athens to explain how and why directly democratic government by the people produces wealth power and security Combining a history of Athens with contemporary theories of collective action and rational choice developed by economists and political scientists Josiah Ober examines Athenian democracy s unique contribution to the ancient Greek city state s remarkable success and demonstrates the valuable lessons Athenian political practices hold for us today He argues that the key to Athens s success lay in how the city state managed and organized the aggregation and distribution of knowledge among its citizens Ober explores the institutional contexts of democratic knowledge management including the use of social networks for collecting information publicity for building common knowledge and open access for lowering transaction costs He explains why a government s attempt to dam the flow of information makes democracy stumble Democratic participation and deliberation consume state resources and social

energy Yet as Ober shows the benefits of a well designed democracy far outweigh its costs Understanding how democracy can lead to prosperity and security is among the most pressing political challenges of modern times Democracy and Knowledge reveals how ancient Greek politics can help us transcend the democratic dilemmas that confront the world today

War, Democracy and Culture in Classical Athens David Pritchard, 2010-12-23 Analyses how the democracy of the classical Athenians revolutionized military practices and underwrote their unprecedented commitment to war making

Performance Culture and Athenian Democracy Simon Goldhill, Robin Osborne, 1999-06-13 This 1999 book discusses the ways performance is central to the practice and ideology of Athenian democracy

Public Spending and Democracy in Classical Athens David M. Pritchard, 2015-07-01 In his *On the Glory of Athens* Plutarch complained that the Athenian people spent more on the production of dramatic festivals and the misfortunes of Medea and Electra than they did on maintaining their empire and fighting for their liberty against the Persians This view of the Athenians misplaced priorities became orthodoxy with the publication of August Bockh's 1817 book *Die Staatshaushaltung der Athener* The Public Economy of Athens which criticized the classical Athenian *mos* for spending more on festivals than on wars and for levying unjust taxes to pay for their bloated government But were the Athenians priorities really as misplaced as ancient and modern historians believed Drawing on lines of evidence not available in Bockh's time *Public Spending and Democracy in Classical Athens* calculates the real costs of religion politics and war to settle the long standing debate about what the ancient Athenians valued most highly David M Pritchard explains that in Athenian democracy voters had full control over public spending When they voted for a bill they always knew its cost and how much they normally spent on such bills Therefore the sums they chose to spend on festivals politics and the armed forces reflected the order of the priorities that they had set for their state By calculating these sums Pritchard convincingly demonstrates that it was not religion or politics but war that was the overriding priority of the Athenian people

Eventually, you will completely discover a new experience and achievement by spending more cash. nevertheless when? attain you put up with that you require to get those all needs in the manner of having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to comprehend even more not far off from the globe, experience, some places, in the manner of history, amusement, and a lot more?

It is your unquestionably own grow old to take effect reviewing habit. in the middle of guides you could enjoy now is **The Classical Athenian Democracy** below.
