Slayton, 2022-10-08 Cinderella set in the 1940s Snow White in a 1900s mining town The Little Mermaid aboard the Titanic These exciting fairy tales re imagine events throughout history as fairy tale heirlooms are passed down through the ages New generations of heroines will navigate their magical inheritances to save those they love and possibly find a little romance along the way Perfect for fans of history fairy tales and clean romance The Fairy tale Inheritance Series The Collection is a box set of six full length fairy tale novels and one bonus novella Books include Cinderella s Dress Cinderella s Shoes Cinderella s Legacy novella Sleeping Beauty s Spindle Snow White s Mirror Beauty s Rose The Little Mermaid s Voice

Fairy-tale Inheritance Series: The Cinderella Novels: 3 Book Box Set Shonna Slayton, 2019-05-06 Not all magic disappears at midnight These first books in the Fairy tale Inheritance Series introduce a world where fairy tale magic simmers just below the surface First in CINDERELLA S DRESS you ll find A mysterious steamer trunk A magical dress And one unexpected inheritance On the home front in 1944 Kate wants to do her part for the war effort She d prefer filling in for the window dressers at the New York department store where she works but her mother insists on sending her to audition for roles she never gets When relatives arrive from war torn Poland with a mysterious steamer trunk and an even more mysterious story her life is about to get complicated Kate s aunt who is suffering from dementia tries to convince her she is next in line to be the keeper of the wardrobe for Cinderella s family the real Cinderella Kate ll have to prove that she s worthy to continue the family line and keep Cinderella s dress safe from the people who want it most How can she do all that and keep it a secret from the boy she s falling for This might be the most important role Kate has ever auditioned for But will she get to the truth before it s forgotten Next in CINDERELLA S SHOES you ll be taken to post WWII Europe and uncover even more shocking family secrets It all builds to one final showdown Can Kate stop a family feud that has lasted for centuries Finally in CINDERELLA S LEGACY you ll read the story behind the story You ll be taken up into the Tatra Mountains in what is now modern day Poland and meet a fairy godmother living in a meadow as she wakes up one morning to a surprise on her doorstep Learn about the conflict in young Cinderella s village and how she meets her fairy godmother If you like the magic and romance of fairytale retellings then you ll love this continuation of the Cinderella story

Cinderella's Legacy Shonna Slayton, 2019-05-01 Before the fairy tale Before Cinderella met her prince Before she ever put her foot into that glass slipper There was Esmerelda A fairy godmother living an isolated life in the mountains until a baby is left on her doorstep and changes everything This prequel novel answers fan questions from the novels Cinderella s Dress and Cinderella s Shoes Since the prequel is filled with spoilers you may want to read the other two books first and then come back to this one to read the backstory of how Cinderella s dress and shoes become a legacy The Fairy tale Inheritance series of books can be read in any order Aside from the Cinderella books they are all stand alone novels But if you d like a

reading order you can follow this one Cinderella s Dress Cinderella s Shoes Cinderella s Legacy novella Snow White s Mirror Beauty s Rose Troubled Legacies Allan Hepburn,2007-01-01 Last wills and testaments create tensions between those who inherit and those who imagine that they should inherit As Victorian modern and contemporary novels amply demonstrate seldom is more energy expended than at the reading of a will Whether inheritances bring disappointment or jubilation they create a pattern for the telling of stories stories that involve the transmission of legacies cultural political and monetary from one generation to the next Troubled Legacies examines these narratives of inheritance in British and Irish fiction from 1800 to the present The essays in this collection set out to juxtapose legal and novelistic discourse This reading of literature against law produces intriguing and often provocative assertions about the specific relationship between novels and inheritance As the contributors argue novels reinforce property law an argument bolstered by the examples of women workers Jews and Irishmen dispossessed of their rights and unable to claim their cultural inheritances Troubled Legacies thoroughly examines the connection between narrative and claims to legal entitlement a topic that has not to date been comprehensively broached in literary studies *Betting on Ideas* Reuven Brenner,1989-07-10 In this book Reuven Brenner argues that people bet on new ideas and are more willing to take risks when they have been outdone by their fellows on local national or international scales Such bets mean that people deviate from the beaten path and either gamble commit crimes or come up with new ideas in art business or politics and ideas concerning war and peace in particular By using evidence on gambling crime and creativity now and during the Industrial Revolution by examining innovations in English and French inheritance laws and the emergence of welfare legislation and by looking at what has happened before and after wars Brenner reaches the conclusion that hope and fear envy and vanity sentiments provoked when being leapfrogged make humans race **Inheritance Law And The Evolving Family** Ralph Brashier,2008-11-20 How inheritance law has failed to recognize the modern family **[Bundle] Secretary Heroine Selection Vol.1** Carolyn Zane,Emilie Rose,Mon Ito,Marito Ai, Inheritance Matters Suzanne Lenon,Daniel Monk,2023-09-21 This book makes a compelling case for placing the social and legal practices of inheritance centre stage to make sense of fundamental questions of our time Drawing on historical literary sociological and legal analysis this rich collection of original interdisciplinary and international contributions demonstrates how inheritance is and has always been about far more than the set of legal processes for the distribution of wealth and property upon death The contributions range from exploring the intractable tensions underlying family disputes and the legal and political debates about taxation to revisiting literary plots in the past and presenting a contemporary artistic challenge of heirship With an introduction that presents a critical mapping of the field of inheritance studies this collection reveals the complexity of ideas about passing on legacies and heirlooms troubles some of the enduring consequences of charitable bequests family money and estate planning and deepens our understanding of the intimate and political practices of inheritance Gender and the Self in Latin American Literature Emma Staniland,2015-10-05 This book

explores six texts from across Spanish America in which the coming of age story Bildungsroman offers a critique of gendered selfhood as experienced in the region's socio cultural contexts Looking at a range of novels from the late twentieth century Staniland explores thematic concerns in terms of their role in elucidating a literary journey towards agency that is towards the articulation of a socially and personally viable female gendered identity mindful of both the hegemonic discourses that constrain it and the possibility of their deconstruction and reconfiguration Myth exile and the female body are the three central themes for understanding the personal social and political aims of the Post Boom women writers whose work is explored in this volume Isabel Allende Laura Esquivel Angeles Mastretta Sylvia Molloy Cristina Peri Rossi and Zo Vald's Their adoption and adaptation of an originally eighteenth century and European literary genre is seen here to reshape the global canon as much as it works to reshape our understanding of gendered identities as socially constructed culturally contingent and open ended
