Slate, 2015-08-08 Bring Your Unconscious Powers into the Conscious Mind and Make a Life of Greater Success and Happiness Master the Tools of Psychic Empowerment and Self Knowledge Become more than you are Spiritual communication is no longer a passive state of waiting to hear the spirits speak through a medium or channel Discover how to manifest an active state of consciousness and create direct communication with specific spirits and spiritual entities This is a do it yourself book personal and individual so you no longer have to depend on groups and institutions for power or authority With clear and precise instructions Communicating with Spirit shows you how to return Spirit to your inner self open the doors to communication at the spiritual levels and extend perception from material limitations toward the inclusiveness of higher dimensional awareness Explore yourself and the world of spirit the answers come from within *Communing with the Ancestors* Raven Grimassi, 2016-03-01 Explore the realm of the ancestors with author and Pagan scholar Raven Grimassi In this fascinating and far ranging guide you will learn practices and rituals both ancient and new for communing with the ancestors specifically How to build shrines and altars and make offers Where to find and work with sacred sites power places and special portals to the ancients Guided imagery that will take you into the Cavern of the Ancestors the spiritual corridor where the ancestors can be directly approached How to access the Spirit Rider an ancestor that can travel between the realms of mortals and ancients How to see and understand the restless dead who remain bound to the Earth realms The role of reincarnation in the soul s relationship to ancestral lineage Plus some of the extraordinary folklore legend and superstition surrounding the topic *Subject Guide to Books in Print*, 1991 **A Modern Soul Retrieval** Elisabeth Pauline Sikie, 2017 Women s European Indigenous Pagan and neo Pagan histories traditions and female ways of knowing have been subsumed within Western patriarchal culture in which political philosophical and religious systems have functioned to erase women s ancestral

knowledge of specific spiritual states of consciousness that function to access deep relationship with the multiverse and that are represented by the shaman and the European witch This inquiry seeks to understand this cultural amnesia and to explore the historic social and psychic mechanisms that have caused it In this work I attempt to provide an academic exploration of subaltern histories of European female shamanic traditions including corresponding art rite and mythology using a feminist metaphysical and multidisciplinary methodology one that includes my experiences as a practitioner as part of my interpretive lens for the purposes of retrieving ancestral memory for the benefit of present day people Specifically I approach this research as an exploration of women s sacred cultural history and a ritual of shamanic soul retrieval into ancient and unspoken and often violent areas of European history It asks what happened to the Indigenous shamanic female legacies of European women and why they have been mostly erased from present day collective memory This work makes relevant the traumatic loss of European ancestral wisdom and female shamanic states of consciousness so that disassociated aspects of our collective European consciousness can be restored through remembrance of this history for the purposes of healing ourselves and for correcting our current maladaptive Western evolutionary trajectories To this end this work explores women s relational states of consciousness including trance which is often invoke by rites sacred medicines and the iconography illuminated by the Neolithic art of Old Europe These techniques have historically been used by women to access ancestral wisdom biognosis and have been a factor in women s roles as spiritual and cultural agents in the making of ancestral sustainable evolutionary human culture making strategies abstract
