Post-Apocalyptic Cultures Julia Urabayen,Jorge León Casero,2024-03-19 This book advocates for the necessity of recovering the value of utopias as political projects that open new channels of action The criticism of modern political utopias is based on the supposed impossibility of creating for the future because there is no longer a future apocalyptic ideology However this edited collection seeks to show that the post apocalyptic world in which we live entails a renewed freedom of design for the radical reorganization of institutions Post apocalyptic cultures are not obligated to follow the capitalist

anthropocentric correlationist and sovereign modes of the old political project of emancipation the Western enlightenment that has started to collapse With this in mind this book is divided into four sections dedicated to the main themes from which to rethink the projects of political emancipation that are possible nowadays technopolitics posthumanist biopolitics non western politicsl and the crossover between arts and politics Flowers of Time Mark Payne,2020-10-27 For all of its current popularity contemporary apocalyptic fiction novels set during or after events that devastate the world as we know it is part of a long tradition that includes the Biblical story of Noah the epic of Gilgamesh and the Works and Days of the ancient Greek poet Hesiod as well as the vast array of modern examples In this short essayistic book the author focuses on twentieth and twenty first century fiction in which new forms of life emerge from catastrophe how the survivors adapt to the altered conditions of existence and the various ways in which the past asserts its claims on them both the immediate past of the world that was lost and the deep past of prehistory and imagination that returns with this loss In Payne s view post apocalyptic fiction is political theory in fictional form Instead of producing arguments in favor of a particular form of life it shows what it would be like to live that life In a world in which there is no more capitalism and no more nation state characters have to relearn basic survival skills and return to earlier forms of social life They acquire new capabilities which bring new satisfactions they could not have anticipated in the world that is gone In the post apocalyptic world they disentangle themselves from old ways of thinking and their misconceptions of human happiness In this way Payne argues post apocalyptic fiction is the pastoral of our time The individualism and small scale social relations of post apocalyptic fiction are not naive but instead the necessary ground for choosing the freedoms and capabilities readers would want to see preserved in any future collective that might emerge from them **Postapocalyptic Fiction and the Social Contract** Claire P. Curtis,2010-07-17 Postapocalyptic Fiction and the Social Contract We ll Not Go Home Again provides a framework for our fascination with the apocalyptic events The popular appeal of the end of the world genre is clear in movies novels and television shows Even our political debates over global warming nuclear threats and pandemic disease reflect a concern about the possibility of such events This popular fascination is really a fascination with survival how can we come out alive And what would we do next The end of the world is not about species death but about beginning again This book uses postapocalyptic fiction as a terrain for thinking about the state of nature the hypothetical fiction that is the driving force behind the social contract The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian a Lockean or a Rousseauian lens including Lucifer s Hammer by Larry Niven and Jerry Pournelle Alas Babylon by Pat Frank Malevil by Robert Merle and Into the Forest by Jean Hegland The latter half of the book examines Octavia Butler s postapocalyptic Parable series in which a new kind of social contract emerges one built on the fact of human dependence and vulnerability *Breaking Through* Bill Vincent,2025-03-27 Life is full of challenges trials and obstacles that can leave us feeling stuck and hopeless But God has called us to be overcomers In Breaking Through Walking
