application of Opposition Thinking will give them the things they want. I think they deserve to know this.

"Before I move from the garden to the next, I must let you know of a secret that will offer you great aid in your personal growth. This secret is based on the ancient principle that everything is always created twice, first in the mind and then in reality. I have shared already that thoughts are things, material messengers that we send out to influence our physical world. I have also informed you that if you hope to make remarkable improvements in your outer world you must first start within and change the caliber of your thoughts.

"The Sages of Sivana had a wonderful way to ensure that their thoughts were pure and wholesome. This technique was also highly effective in transforming their desires, however simple, into reality. The method will work for anyone. It will work for a young lawyer who seeks financial abundance just as it will work for a mother seeking a richer family life or a salesperson seeking to close more sales. The technique was known to the sages as the Secret of the Lake. To apply it, these teachers would rise at 4:00 a.m., as they felt that the early morning possessed magical qualities from which they could benefit. The sages would then travel along a series of steep and narrow mountain paths that eventually led them to the lower reaches of the region they inhabited. Once there, they would walk along a barely visible trail lined with magnificent pine trees and exotic flowers until they arrived at a clearing. At the edge of the clearing was an aqua blue lake covered by thousands of tiny white lotuses. The water of the lake was so clear that the bottom was visible. Truly a miraculous sight. The sages had been a friend to their

Proceedings of the International Conference on Sustainable Collaboration in Business, Technology, Information, and Innovation (SCBTII 2023)

Suhail Kusairi, Forget Mingiri Kapingura, Ratih Hendayani, Nizam Ahmat, 2023-11-17 This is an open access book Sustainable Collaboration in Business Technology Information and Innovation SCBTII 2023 Preserving the Sustainability of Business in Accelerated Digital Transformation and Transition Collide The COVID 19 pandemic had dealt a devastating blow to the SDGs which were already off track before the pandemic forced the closure of schools government services and workplaces worldwide The pandemic erased more than four years of progress in eradicating poverty and pushing millions into extreme poverty On the other hand digital transformation rapidly creates a world of ever faster technological developments In response every business must think of itself as a tech business Companies need to re design their processes and ensure their people have the skills needed for a world where we increasingly collaborate and work alongside capable and intelligent machines Unfortunately the war in Ukraine has accelerated the schism and confrontation between the major global powers Another point of tension is the US China relations joining the trade technological economic and geostrategic competition This year will be more significant But the world business before us is not divided into two concrete blocks Instead a full scale reconfiguration of alliances is underway which forces all other actors to reposition themselves about the new strategic competition dynamics and to seek out their own spaces in a global transformation On the other hand the green and the digital transitions which seemed to work hand in hand towards building a more sustainable world have collided Against this backdrop universities as academic institutions play an essential role in educating and providing professional human

resources and conducting high quality research that benefits humanity However universities must take a more significant part and be innovative and creative in engaging and supporting the development opportunities and consolidation of the Global community To embark on this role effectively universities must always foster communication and discussion among academicians scholars practitioners and policymakers under the Sustainability Development Goals SDGs Academia Government Business and Communities must increasingly cooperate to achieve academic and research excellence and constructive solutions to current business and economic issues Sustainable Collaboration in Business Information and Innovation SCBTII 2023 is an international conference that brings together academics professionals entrepreneurs researchers learners and other associated groups from all over the world that is interested in theories as well as practices in the field of the digital economy for global competitiveness This conference provides opportunities for presenters and participants to exchange new ideas and experiences create research relationships and find international partners for future collaboration to respond to economy business social and technological development challenges successfully and effectively for better life well being
