colonial reality generated a distinctive vision of just warfare and political community Working across the fields of Hispanic literature the history of political thought and studies of empire colonialism and globalisation Choi reinterprets three major works of colonial Latin American literature Alonso de Ercilla's *La Araucana* 1569 90 Pedro de O'ne's *Arauco domado* 1596 and Juan de Miramontes Zuñola's *Armas antárticas* 1608 9 She argues that these works provide a rare insight into the development of political thought in Viceregal Peru Through the imaginative mirrors of epic the reader is forced to ask the same questions of the unfinished conquests of the Americas as of those in Africa Asia or Europe when conflicting forces are divided by irreconcilable world views even if the war is won how is it possible to achieve peace
