The Quay Brothers Suzanne Buchan, 2011 This work is the first thorough analysis of the creative oeuvre of the Quay Brothers Known for their animation shorts that rely on puppetry miniatures and stop motion techniques their fiercely idiosyncratic films are fertile fields for Suzanne Buchan s engaging descriptions and provocative insights into the Quays art and into the art of independent puppet animation Buchan s aesthetic investigation stems from extensive access to the Quay Brothers artistic practices and work which spans animation and live action film stage design and illustration She also draws on a long acquaintance with them and on interviews with collaborators essential to their productions as well as archival sources Discussions of their films literary origins space puppets montage and the often overlooked world of sound and music in animation shed new light on the expressive world that the Quay Brothers generate out of their materials to create the poetic alchemy of their films At once a biography of the Quays artistic trajectory and a detailed examination of one of their best known films Street of Crocodiles this book goes further and provides interdisciplinary methodologies and tools for the analysis of animation Provided by publisher

The Quay Brothers Suzanne Buchan, **The Quay Brothers** Michaël Borremans, Tommy Simeons, 2018-02 The first in depth exploration of Stephen and Timothy Quay s Black Drawings In the mid Seventies the influential stop motion animators Stephen and Timothy Quay embarked on a series of dark graphite drawings conceived as imaginary film posters They kept their first autonomous art project hidden for decades allowing only a few glimpses to transpire in some of their animation classics such as Nuctura Artificialia Street of Crocodiles and their live project Witold Lutoslawski Paraphrase on The Hour We Knew Nothing of Each Other In hindsight the Black Drawings can be

considered as a blueprint for their future work This book offers a first in depth exploration of this important graphic series that reveals many of the themes and techniques that would come to life in their celebrated animation films *Quay Brothers*, 2007 *The Brothers Quay* Brothers Quay, 1991 *Dormitorium* Brothers Quay, Stephen Quay, Timothy Quay, University of the Arts (Philadelphia, Pa.), 2009 *Phantom Museums*, 2012 **Quay Brothers**, 2011 **The Quay Brothers - The Short Films 1979-2003 (Double DVD)**, 2005 Contains 13 of the Quay Brother s unique dreamlike and deeply unsettling animated puppet films *The cabinet of Jan Svankmajer* 1984 *The unnameable little broom* 1985 *Street of crocodiles* 1986 *Rehearsals for extinct anatomies* 1987 *Stille nacht i iv* 1988 93 *The comb* 1990 *Anamorphosis* 1991 *In absentia* 2000 *The phantom museum* 2003 *Nocturna artificialia* 1979 *The caligrapher* 1991 *The summit* 1995 *The falls excerpt* 1980

Celebrating the Marvellous Neil Spiller, 2018-05-29 We are entering a new era of architecture that is technologically enhanced virtual and synthetic Contemporary architects operate in a creative environment that is both real and digital mixed augmented and hybridised This world consists of ecstasies fears fetishisms and phantoms processes and spatiality that can best be described as Surrealist Though too long dormant Surrealism has been a significant cultural force in modern architecture Founded by poet Andr Breton in Paris in 1924 as an artistic intellectual and literary movement architects such as Le Corbusier Diller Scofidio Bernard Tschumi and John Hejduk realised its evocative powers to propel them to starchitect status Rem Koolhaas most famously illustrated *Delirious New York* 1978 with Madelon Vriesendorp s compelling Surrealist images Architects are now reviving the power of Surrealism to inspire and explore the ramifications of advanced technology Architects studios in practices and schools are becoming places where nothing is forbidden Architectural languages and theories are mashed together approaches are permissively appropriated and styles are not mutually exclusive Projects are polemic postmodern and surreally media savvy Today s architects must compose space that operates across the spatial spectrum Surrealism with its multiple readings of the city its collage semiotics its extruded forms and artificial landscapes is an ideal source for contemporary architectural inspiration Contributors include Bryan Cantley Nic Clear James Eagle Natalie Gall Mark Morris Dagmar Motycka Weston Alberto Perez Gomez Shaun Murray Anthony Vidler and Elizabeth Anne Williams Featured architects Nigel Coates Hernan Diaz Alonso Perry Kulper and Mark West *Brothers Quay Short Films*, Since the late 1970s the identical twin Quay Brothers have made a unique contribution to animation in general and to puppet film in particular Filtering arcane visual literary musical cinematic and philosophical influences through their own utterly distinctive sensibility each Quay film rivets the attention through hypnotic control of decor music and movement evoking half remembered dreams and long suppressed childhood memories fascinating and deeply unsettling in turn *Street of Crocodiles* and *In Absentia* were both selections of the Cannes Film Festival **Anti-Tales** David Calvin, Catriona McAra, 2011-05-25 The anti fairy tale has long existed in the shadow of the traditional fairy tale as its flipside or evil twin According to Andr Jolles in *Einfache Formen* 1930 such Antim rchen are contemporaneous with some of the earliest known oral variants of

familiar tales While fairy tales are generally characterised by a spirit of optimism Tolkien the anti tale offers us no such assurances for every happily ever after there is a dissenting they all died horribly The anti tale is however rarely an outright opposition to the traditional form itself Inasmuch as the anti hero is not a villain but may possess attributes of the hero the anti tale appropriates aspects of the fairy tale form and its equivalent genres and re imagines subverts inverts deconstructs or satirises elements of these to present an alternate narrative interpretation outcome or morality In this collection Little Red Riding Hood retaliates against the wolf Cinderella s stepmother provides her own account of events and Snow White evolves into a postmodern vampire tale The familiar becomes unfamiliar revealing the underlying structures dynamics fractures and contradictions within the borrowed tales Over the last half century this dissident tradition has become increasingly popular inspiring numerous writers artists musicians and filmmakers Although anti tales abound in contemporary art and popular culture the term has been used sporadically in scholarship without being developed or defined While it is clear that the aesthetics of postmodernism have provided fertile creative grounds for this tradition the anti tale is not just a postmodern phenomenon rather the postmodern fairy tale is only part of the picture Broadly interdisciplinary in scope this collection of twenty two essays and artwork explores various manifestations of the anti tale from the ancient to the modern including romanticism realism and surrealism along the way

Time Images Tyrus Miller,2020-07-13 The concept of time image this book argues holds broad potential for the historical interpretation of cultural and aesthetic works Many works that would not ordinarily be thought to be historical artifacts reveal their intrinsic historical character in light of this innovative interpretative concept The book s first section Time Images as Theory and Historiography considers alternative temporalities underlying historicizing theories and specific practices of history Examples treated here include the notion of retro avantgardism works by the Frankfurt School on the interrelations of

images and history and Mass Observation's dream documentation project The second section Time Images in Modernist and Postmodernist Literature considers literary instances in which alternative notions of historical time are engaged These include discussions of Wyndham Lewis and cultural revolution Theodor Adorno's reading of Samuel Beckett's Endgame and Pier Paolo Pasolini's use of Antonio Gramsci in the practice of poetry and philology The third section Moving Images of Time discusses questions of cinema including children's experience in films depicting traumatic historical events the Quay Brothers' animated adaptation of Bruno Schulz's Street of Crocodiles and Sergei Eisenstein's and Charles Olson's engagements in Mexico with pictographic representation etymology and archeological time
