Viral Fantasy Saga Advanced Strategies:

Story Virality Monica Leonelle, 2021-05-25 You know how to market your book but is the book itself making it harder to gain traction This is a question that all writers and authors struggle with We aren't always great at evaluating our own work whether we are new to publishing or on our twentieth book And the answers we get from other authors is usually to Write to a more popular trend End the series faster Hire a developmental editor Try a new marketing tactic Change the cover or blurb Write the next book But here's the thing your back catalog is not dead weight You worked hard on your book or series and there's no reason you can't get it selling better Without having to write to a trend you're not passionate about Without having to add in tropes that don't make sense Without having to hire another editor editors can't fix a marketing issue within your story Without having to change your writing style Without having to do what everyone else says is the only thing that's selling right now Editing For Marketability is new and different It's an advanced approach to writing to market that breaks down why books sell based on persuasive writing techniques found across storytelling branding psychology public relations and marketing And yes it applies readily to novels I share the how in the book When you practice marketability editing you take your story through the Book Virality Stack a framework with six virality factors that helps you see where your book has marketing hooks and where it doesn't I teach you how to improve your marketability under each factor so you get to choose I also teach you how you can better emphasize the various hooks you already have in your book if you've already published and don't have time for a full edit You can use this framework to Make sure your next release is written to market Fix an underperforming first in series or other reader magnet so your series starts selling better Build a breakout book from the ground up to bring visibility to your entire catalog You became a creative to express yourself and share your stories Editing For Marketability helps you connect to a larger audience without sacrificing your characters plot or autonomy over your work
