The Fun House Sherman Alexie:

Sherman Alexie Jeff Berglund, Jan Roush, 2011-10-31 A collection of critical essays on the writing and films of American Indian author Sherman Alexie **A Study Guide for Sherman Alexie's "The Lone Ranger and Tonto Fistfight in Heaven"** Gale, Cengage Learning, 2016-06-29 A Study Guide for Sherman Alexie's *The Lone Ranger and Tonto Fistfight in Heaven* excerpted from Gale's acclaimed *Novels for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Novels for Students* for all of your research needs *Forever in the Rehearsal of the Vanishing Indian: A Study of the Spokane Community in Select Works of Sherman Alexie* Dr Aananthi Ballamurugan, *The Lone Ranger and Tonto Fistfight in Heaven* Sherman Alexie, 1997 From the author of *Reservation Blues* a reissued collection of 22 interconnected short stories which examine contemporary paradoxes the pull between urban and rural life the future and the past the rewards and tortures of young adult life and the complex density of daily existence Originally published in 1994 in the United States **Autofiction in English** Hywel Dix, 2018-06-04 This innovative volume establishes autofiction as a new and dynamic area of theoretical research in English Since the term was coined by Serge Doubrovsky autofiction has become established as a recognizable genre within the French literary pantheon Yet unlike other areas of French theory English language discussion of autofiction has been relatively limited until now Starting out by exploring the characteristic features and definitions of autofiction from a conceptual standpoint the collection identifies a number of cultural historical and theoretical contexts in which the emergence of autofiction in English can be understood In the process it identifies what is new and distinctive about Anglophone forms of autofiction when compared to its French equivalents These include a preoccupation with the conditions of authorship writing after trauma and a heightened degree of authorial self reflexivity beyond that typically associated with postmodernism By concluding that there is such a field as autofiction in English it provides for the first time detailed analysis of the major works in that field and a concise historical overview of its emergence It thus opens up new avenues in life writing and authorship research *Injun Joe's Ghost* Harry John Brown, 2004 What does it mean to be a mixed blood and how has our understanding of this term changed over the last two centuries What processes have shaped American thinking on racial blending Why has the figure of the mixed blood thought too offensive for polite conversation in the nineteenth century become a major representative of twentieth century native consciousness In *Injun Joe's Ghost* Harry J Brown addresses these questions within the interrelated contexts of anthropology U S Indian policy and popular fiction by white and mixed blood writers mapping the evolution of hybridity from a biological to a cultural category Brown traces the processes that once mandated the mixed blood's exile as a grotesque or criminal outcast and that have recently brought about his ascendance as a cultural hero in contemporary Native American writing Because the myth of the demise of the Indian and the ascendance of the Anglo Saxon is traditionally tied to America's national idea nationalist

literature depicts Indian white hybrids in images of degeneracy atavism madness and even criminality A competing tradition of popular writing however often created by mixed blood writers themselves contests these images of the outcast half breed by envisioning hybrid vigor both biologically and linguistically as a model for a culturally heterogeneous nation Injun Joe's Ghost focuses on a significant figure in American history and culture that has until now remained on the periphery of academic discourse Brown offers an in depth discussion of many texts including dime novels and Depression era magazine fiction that have been almost entirely neglected by scholars This volume also covers texts such as the historical romances of the 1820s and the novels of the twentieth century Native American Renaissance from a fresh perspective Investigating a broad range of genres and subject over two hundred year of American writing Injun Joe's Ghost will be useful to students and professionals in the fields of American literature popular culture and native studies

Adaptation Theory and Criticism Gordon E. Slethaug, 2014-06-19 Traditional critics of film adaptation generally assumed a that the written text is better than the film adaptation because the plot is more intricate and the language richer when pictorial images do not intrude b that films are better when particularly faithful to the original c that authors do not make good script writers and should not sully their imagination by writing film scripts d and often that American films lack the complexity of authored texts because they are sourced out of Hollywood The faithfulness view has by and large disappeared and intertextuality is now a generally received notion but the field still lacks studies with a postmodern methodology and lens Exploring Hollywood feature films as well as small studio productions *Adaptation Theory and Criticism* explores the intertextuality of a dozen films through a series of case studies introduced through discussions of postmodern methodology and practice Providing the reader with informative background on theories of film adaptation as well as carefully articulated postmodern methodology and issues Gordon Slethaug includes several case studies of major Hollywood productions and small studio films some of which have been discussed before *Age of Innocence* *Gangs of New York* and *Do the Right Thing* and some that have received lesser consideration *Six Degrees of Separation* *Smoke Signals* *Broken Flowers* and various *Snow White* narratives including *Enchanted Mirror* *Mirror* and *Snow White and the Huntsman* Useful for both film and literary studies students *Adaptation Theory and Criticism* cogently combines the existing scholarship and uses previous theories to engage readers to think about the current state of American literature and film

Native North American Literature Janet Witalec, Jeffery Chapman, Christopher Giroux, 1994 Now students can turn to a single comprehensive source for biography and criticism of Native North American authors from both the written and oral traditions Overview essays are followed by author entries that include biographical data critical material excerpted from books magazines and literary reviews a list of further sources and interviews when available Other features include photographs a map showing tribal areas and major cultural groups and indexes to titles authors genres and major tribal affiliations
