Johnson, 1996-01-01 An overview of American intelligence activities discusses the philosophy and purpose of covert operations and the successes and failures of current U S agencies The Secret Mirror Larry E. Shiner, 2019-06-30 Tocqueville opens the *Recollections* his deeply ambivalent memoir of the failed 1848 Revolution in France with an explicit denial of any literary intent or rhetorical appeal Forced by illness into an unaccustomed state of leisure Tocqueville claims to record his experiences solely for his own amusement holding up a secret mirror through which he will be able to contemplate the past truthfully In this innovative study L E Shiner examines the *Recollections* as a test case of the relation between form and content in historical writing Drawing on current literary theory and semiotics Shiner offers a close reading which at once confirms the inevitably literary character of historical writing and demonstrates how rhetorical analysis of Tocqueville's writings deepens our understanding of his political thought Using the methods of reader response and rhetorical criticisms among others Shiner first analyzes the component genres and narrative structures of the *Recollections* the recurring pictorial and thematic codes and the various

voices Tocqueville employs He then confronts the issue of the truth of Tocqueville's treatment of 1848 in part by comparing it with other key texts on these same events Marx's *The Class Struggles in France* and Flaubert's *Sentimental Education* Finally Shiner pursues questions of authorial style tracing the use of some of the rhetorical devices discussed in the *Recollections* through Tocqueville's *Democracy in America* *The Old Regime and the French Revolution* and *A Fortnight in the Wilderness*

Mysteries of Sex Mary P. Ryan, 2009-01-06 In a sweeping synthesis of American history Mary Ryan demonstrates how the meaning of male and female has evolved changed and varied over a span of 500 years and across major social and ethnic boundaries She traces how at select moments in history perceptions of sex difference were translated into complex and mutable patterns for differentiating women and men How those distinctions were drawn and redrawn affected the course of American history more generally Ryan recounts the construction of a modern gender regime that sharply divided male from female and created modes of exclusion and inequity The divide between male

and female blurred in the twentieth century as women entered the public domain massed in the labor force and revolutionized private life This transformation in gender history serves as a backdrop for seven chronological chapters each of which presents a different problem in American history as a quandary of sex Ryan s bold analysis raises the possibility that perhaps if understood in their variety and mutability the differences of sex might lose the sting of inequality *From Russia with Tough Love* Pavel Tsatsouline,2002 In Russia kettlebells have long been revered as the fitness tool of choice for Olympic athletes elite special forces and martial artists The kettlebell s ballistic movement challenges the body to achieve an unparalleled level of physical conditioning and overall strength But until now the astonishing benefits of the Russian kettlebell have been unavailable to all but a few women Kettlebells have mostly been the sacred preserve of the male professional athlete the military and other hardcore types That s about to change as Russian fitness expert and best selling author Pavel delivers the first ever kettlebell program for women It s wild but women really can have it all when they access the magical power of Russian kettlebells Pavel s uncompromising workouts give across the board simultaneous spectacular and immediate results for all aspects of physical fitness strength speed endurance fat burning you name it Kettlebells deliver any and everything a woman could want if she wants to be in the best shape ever of her life And one handy super simple tool finally available in woman friendly sizes does it all No bulky expensive machines No complicated gizmos No time devouring trips to the gym
