**The ^AAtlantic in World History** Karen Ordahl Kupperman,2012-08-08 The Atlantic in World History tells the story of the emergence of an integrated Atlantic world after 1492 and the way lives on all four continents were transformed Novel products especially foods made lives better but intensive labor systems especially slavery ruined many lives Plantation agriculture and intensified trade fed industrial processes and led to modern economic and political regimes *The Problem of Black Skin* DeWayne R. Stallworth,2025-03-31 The Problem of Black Skin is addressed via a historical context patiently explaining why it has long been a weighted mark of experience identity and value within society The emphasis is on black skin as a cultural and social construct but its spiritual significance and psychological ramifications are also evident from start to finish Carefully researched richly organized and beautifully written this book reminds us that as long as skin color matters race will matter and vice versa thus rendering impossible any easy path toward the ideal of a truly integrated society and world Moreover readers of The Problem of Black Skin are exposed to complex and challenging intersections of thought from ancient history spirituality religion and physics Still if read prudently one also finds in this fantastic work practical guidance for overcoming the standard view of skin color as the source and rationale of othering Thus it addresses what really matters as it relates to black progression worldwide In the final analysis one discovers that racism is a byproduct of something far more sinister At this intersection the proverbial rubber meets the road and the reader is challenged to consider avenues of thought that run counter to what has been traditionally deemed intellectually acceptable *The Origins of Globalization* Pim de Zwart,Jan Luiten van Zanden,2018-09-20 Reveals how global trade shaped early modern economic social and political development and inaugurated the first era of globalization Laboring Women Jennifer L. Morgan,2011-09-12 When black women were brought from Africa to the New World as slave laborers their value was determined by their ability to work as well as their potential to bear children who by law would become the enslaved property of the mother s master In Laboring Women Reproduction and Gender in New World Slavery Jennifer L Morgan examines for the first time how African women s labor in both senses became intertwined in the English colonies Beginning with the ideological foundations of racial slavery in early modern Europe Laboring Women traverses the Atlantic exploring the social and cultural lives of women in West Africa slaveowners expectations for reproductive labor and women s lives as workers and mothers under colonial slavery Challenging conventional wisdom Morgan reveals how expectations regarding gender and reproduction were central to racial ideologies the organization of slave labor and the nature of slave community and resistance Taking into consideration the heritage of Africans prior to enslavement and the cultural logic of values and practices recreated under the duress of slavery she examines how women s gender identity was defined by their shared experiences as agricultural laborers and mothers and shows how given these distinctions their situation differed considerably from that of enslaved men Telling her story through the arc of African women s actual lives from West Africa to the experience of the Middle Passage to life on the

plantations she offers a thoughtful look at the ways women's reproductive experience shaped their roles in communities and helped them resist some of the more egregious effects of slave life Presenting a highly original theoretically grounded view of reproduction and labor as the twin pillars of female exploitation in slavery *Laboring Women* is a distinctive contribution to the literature of slavery and the history of women **Slavery and Augustan Literature** Dr J Richardson, 2004-06-01

*Slavery and Augustan Literature* investigates slavery in the work of Jonathan Swift Alexander Pope and John Gay These three writers were connected with a Tory ministry which attempted to increase substantially the English share of the international slave trade They all wrote in support of the treaty that was meant to effect that increase The book begins with contemporary ideas about slavery with the Tory ministry years and with texts written during those years These texts tend to obscure the importance of the slave trade to Tory planning In its second half the book analyses the attitudes towards slavery in Pope's Horatian poems *An Essay on Man* *Polly* *A Modest Proposal* and *Gulliver's Travels* John Richardson shows how despite differences Swift Pope and Gay adopt a mixed position of admiration for freedom alongside implicit support for slavery

**Race, Culture, and the Intellectuals, 1940-1970** Richard H. King, 2004-08-17 To study this transition from universalism to cultural particularism Richard King focuses on the arguments of major thinkers movements and traditions of thought attempting to construct a map of the ideological positions that were staked out and an intellectual history of this transition **Possessed by the Right Hand** Bernard K. Freamon, 2019-05-20

In *Possessed by the Right Hand* the first comprehensive legal history of slavery in Islam ever offered to readers Bernard K Freamon an African American Muslim law professor provides a penetrating analysis of the problems of slavery and slave trading in Islamic history After examining the issues from pre Islamic times through to the nineteenth century Professor Freamon considers the impact of Western abolitionism arguing that such efforts have been a failure with the notion of abolition becoming nothing more than a cruel illusion He closes this ground breaking account with an examination of the slaving ideologies and actions of ISIS and Boko Haram asserting that Muslims now have an important and urgent responsibility to achieve true abolition under the aegis of Islamic law See Bernard Freamon live at Rutgers Law School October 8 2019 Listen to *Possessed by the Right Hand* An Interview with Prof Bernard Freamon from Network ReOrient on Anchor **The Overthrow of Colonial Slavery** Robin Blackburn, 2011-04-18

In 1770 a handful of European nations ruled the Americas drawing from them a stream of products both everyday and exotic Some two and a half million black slaves imprisoned in plantation colonies toiled to produce the sugar coffee cotton ginger and indigo craved by Europeans By 1848 the major systems of colonial slavery had been swept away either by independence movements slave revolts abolitionists or some combination of all three How did this happen Robin Blackburn's history captures the complexity of a revolutionary age in a compelling narrative In some cases colonial rule fell while slavery flourished as happened in the South of the United States and in Brazil elsewhere slavery ended but colonial rule remained as in the British West Indies and French Windwards But in French St Domingue the future Haiti and

in Spanish South and Central America both colonialism and slavery were defeated This story of slave liberation and American independence highlights the pivotal role of the first emancipation in the French Antilles in the 1790s the parallel actions of slave resistance and metropolitan abolitionism and the contradictory implications of slaveholder patriotism The dramatic events of this epoch are examined from an unexpected vantage point showing how the torch of anti slavery passed from the medieval communes to dissident Quakers from African maroons to radical pirates from Granville Sharp and Ottobah Cuguano to Toussaint L Ouverture from the black Jacobins to the Liberators of South America and from the African Baptists in Jamaica to the Revolutionaries of 1848 in Europe and the Caribbean

**Macmillan Encyclopedia of World Slavery** Paul Finkelman, Joseph Calder Miller, 1998 Covering the history of human slavery in Asia Europe Africa the Americas and the United States this volume has entries for individuals and such topics as the details of living conditions resistance and rebellion law and emancipation and theory and politics

**Slavery and Identity** Mieko Nishida, 2003-04-10 Using both primary archival and printed sources Mieko Nishida examines the perspectives of slaves ex slaves and free born people of color and the critical factors that affected their lives and self perceptions The book offers a new window on slave life in nineteenth century Salvador Brazil and illustrates the difficulty of generalizing about New World slave societies
