Into the Wild Worst Case Scenario! (this ain't your grandma's survival manual!) Ivy Mulligan, 2019-04-18 The back country can be an extremely intimidating place, even in the best conditions and in the best case scenario. In my 30-plus years as a NOLS student, not to mention I'm a 25-year veteran as a Red Cross Instructor, I have learned what I can expect from Mother Nature. Don't take Her lightly, and above all, don't disrespect Her. When discussing backcountry survival, on the other hand, we can have a tad bit of fun and a humorous attitude when learning about how to NOT die out there. This tongue-and-cheek book is humorous, but the information packed in the contents is taken from my actual script of wilderness survival classes I taught at cross-country lodge, with each chapter addressing a different survival skill that can help you in the event of a backcountry adventure going wrong and you find yourself lost or stranded in a wilderness setting. I kept it very basic and very
