Primer Healing Trauma Guide:

Guide to Equine Assisted Therapy Yuval Neria, Prudence W. Fisher, Allan J. Hamilton, 2025-02-12 Approximately one in five adults and one in seven children and youth suffer from mental health disorder over their life span Yet available treatments for mental health problems are only moderately effective and about half of those who need treatment are not benefitted by current treatments and many don't even seek them Equine assisted therapy is a novel experiential treatment approach showing significant promise for adults children and youth across a range of mental health problems These treatments use a horse or horses to facilitate communication and mindful awareness of thoughts emotions and behaviors in an experientially oriented approach via groundwork or riding Interactions with horses have shown to foster emotional regulation self confidence reflection and insight by which well being is facilitated The current book describes the rationale for these treatments add to the knowledge about recent progress in applying them to posttraumatic stress disorder PTSD anxiety attention deficit hyperactivity disorder ADHD and more and analyze the nature of the bonding between humans and equines which makes these relationships so therapeutic and healing

Holographic Reprocessing for Healing Trauma, Abuse, and Maltreatment Lori S. Katz, 2023-10-24 Holographic Reprocessing for Healing Trauma Abuse and Maltreatment facilitates constructive reorganization of the perception of trauma which in turn modifies associated emotional and behavioral tendencies that render people stuck in repetitive cycling of trauma These patterns are called experiential holograms This book outlines a step by step process to 1 identify experiential holograms 2 consider context to holistically reappraise meaning and 3 reprocess using an imagery based procedure of visiting one's younger self to offer a healing message This novel approach is integrative easily tailored to individual needs and well grounded in theory It can be applied to healing from a variety of traumatic experiences including moral injury medical interpersonal and military traumas Numerous outcome studies support a growing evidence base for the efficacy of this treatment and this is an indispensable guide for trauma clinicians
