Solution Guide Management Accounting 6e:

Problems & Solutions in Advanced Accountancy Volume I, 6th Edition Maheshwari S.N. & Maheshwari S.K., 2009-11-01
Any book on solved problems would be welcome by the students as they dread the unsolved problems the most. Problems and solutions in advanced accountancy Vol I and II is the result of realization of the same fact. However, this book will serve its purpose the best if before referring to it the students have attempted to solve the questions on their own. The book has been designed specially to serve as a complementary set to the textbook advanced accountancy Vol I and II authored by the same team as Dr S N Maheshwari and Dr S K Maheshwari. It contains detailed solutions to all the practical problems given at the end of each chapter in advanced accountancy as also solutions to the problems set at the recent university and professional examinations. A special feature of the book is that the problems have been properly graded. *Accounting: An Introduction, 6/E* Peter Atrill, Eddie McLaney, David Harvey, 2014-08-28
Accounting an introduction by Atrill provides a clear and approachable introduction to accounting and finance for those seeking to understand the main concepts and their practical application to good decision making.

Communications Guide for Startups Lydia Prexl, 2022-11-28
Turning communication into your startup's biggest asset. Nine out of ten startups fail. One cause of failure is bad communication both externally and internally. Yet there is little systematic advice on how startups and scale ups can overcome this challenge and inspire all stakeholders around the company's vision, values and offering. This book closes this gap with seventy experts sharing their learnings and experiences. It is a guide for all curious to learn more about how to win customers, investors and new talent through a convincing narrative covering external, internal, social media and leadership communication.
