The Documented Child Maya Socolovsky, 2025-02-04 Immigration is at once a personal immediate and urgent issue that plays a central role in the United States perception of itself In *The Documented Child* scholar Maya Socolovsky demonstrates how the portrayal of Latinx children has shifted over the first two decades of the twenty first century in literary texts aimed at children and young adults and looks at how these shifts map onto broader changes in immigration policy and discourse Through a critical inquiry into picture books and middle grade and young adult literature Socolovsky argues that the literary documentations of and for U S Latinx children have shifted over the decades from an emphasis on hybrid transnationalism to that of a more American oriented self Socolovsky delves into texts written from 1997 to 2020 a period marked by tremendous changes in U S immigration policies amplified discourses around nationhood and an increasingly militarized border The author shows how children s and young adult books have shifted their depictions of the border personal and national identity and sovereignty For students scholars and educators of Latinx studies and children s literature this work shows how the creators of children s literature reflect new strategies for representing the undocumented Latinx child protagonist While earlier books document the child as a transnational sometimes global subject later books document her as both a transnational and U S national subject *The Documented Child* explores this change as a necessary survival strategy reflecting current awareness that cultural hybridity and transnational identity are not sufficient stand ins for the stability and security of legal personhood

Visible Borders, Invisible Economies Kristy L. Ulibarri, 2022-11-22 2023 Outstanding Book Award National Association for Ethnic Studies A thorough examination of the political and economic exploitation of Latinx subjects migrants and workers through the lens of Latinx literature photography and film Globalization in the United States can seem paradoxical free trade coincides with fortification of the southern border while immigration is reimagined as a national security threat US politics turn aggressively against Latinx migrants and subjects even as post NAFTA markets become thoroughly reliant on migrant and racialized workers But in fact there is no incongruity here Rather anti immigrant politics reflect a strategy whereby capital uses specialized forms of violence to create a reserve army of the living laboring dead *Visible Borders Invisible Economies* turns to Latinx literature photography and films that render this unseen scheme shockingly vivid Works such as Valeria Luiselli s *Tell Me How It Ends* and Alex Rivera s *Sleep Dealer* crystallize the experience of Latinx subjects and migrants subjugated to social death their political existence erased by disenfranchisement

and racist violence while their bodies still toil in behalf of corporate profits In Kristy L Ulibarri s telling art clarifies what power obscures the national security state performs anti immigrant and xenophobic politics that substitute cathartic nationalism for protections from the free market while ensuring maximal corporate profits through the manufacture of disposable migrant labor *Rejection of Victimhood in Literature* Sean James Bosman,2021-08-30 Transnational writers are increasingly opposed to representations of refugees exiles migrants and their descendants as emblematic victims With the rise of populist nationalisms in the USA and the UK in the eras of Trumpism Brexit and their aftermath targets of nationalist groups have increasingly been represented and thus constituted as individual suffering victims Certain groups embrace such representations They use them to secure help and protection for themselves Less scrupulous individuals may even embrace these representations to elide their own accountability and further nefarious goals This book examines an intriguing selection of writers to show how they are attempting to recalibrate such stories to reject victimhood It explores how just memory is deployed to ascribe agency to transnational characters *Falling Too Fast (Border Town #3)* Malín Alegría,2012-09-01 In Dos Rios Texas things aren t always as they seem Alexis Garza has music in her blood She s certain that one day she ll be leaving the border town of Dos Rios Texas behind for a glamorous life of singing stardom Until then however she ll have to content herself with belting her heart out at voice classes going to high school mariachi band practice and helping out at the Graza family restaurant Alexis s ordinary life takes a turn for the extraordinary when she meets the swoon worthy lead singer of a rival high school s mariachi band His singing and his smile make Alexis melt There s one small problem this suave singer doesn t seem to know that Alexis exists She s determined to make herself heard no matter what the cost **Latinx Representation in Contemporary Popular Culture and New Media** ,2024-08-19 This volume provides a partial mapping of the ambivalent representational forms and cultural politics that have characterized Latinx identity since the 1990s looking at literary and popular culture texts as well as new media expressions The chapters tackle themes related to the diversity of Latinx culture and experience as represented in different media the borderland context issues related to gender and sexuality the US Mexico borderland context and the connections between spatiality and Latinx self representation sketching the now of Latinx representation and considering that Latinx is an unstable signifier and the present as well as culture and media are always in motion *Quince Clash (Border Town #2)* Malín Alegría,2012-07-01 In Dos Rios Texas life is all about borders and what happens when you cross the line A fresh new series in the tradition of Bluford High explores what it s like to grow up on the edge A quinceanera for the record books If Fabiola Garza had her way her quinceanera would be as simple and as non traditional as possible just two airline tickets to New York City and her best friend in tow Sadly things hardly ever go Fabi s way After mean girl Melodee lays down a quinceanera challenge in front of the entire school Fabi is forced to upgrade her party plans Melodee is rich and popular her quinceanera will be effortlessly epic Fabi is at a loss as to how to make her party remotely as fun and fabulous as Melodee s is sure to be Younger sister Alexis steps in with a scheme to get Fabi on the TV

show Quince Dreams but Fabi isn't convinced she won't end up in a quince nightmare instead Scales of Captivity Mary Pat Brady, 2021-12-13 Mary Pat Brady traces the figure of the captive and cast off child over 150 years of Latinx Chicanx literature as a critique of colonial modernity and the forms of confinement that underpin racialized citizenship *Theorizing Ethnicity and Nationality in the Chick Lit Genre* Erin Hurt, 2018-10-26 Scholars and readers alike need little help identifying the infamous Bridget Jones or Carrie Bradshaw. While it is no stretch to say that these fictional characters are the most recognizable within the chick lit genre, there are certainly many others that have helped define this body of work. While previous research has focused primarily on white American chick lit, *Theorizing Ethnicity and Nationality in the Chick Lit Genre* takes a wider look at the genre by exploring chick lit novels featuring protagonists from a variety of ethnic backgrounds set both within and outside of the US.
