During the Great Depression many families had to learn to do more with less to survive For some people WWII created jobs in both civilian and military areas The fortunate ones were those who survived and didn't lose too many family members and friends Pat was one of the lucky ones It was in Japan on loan to the CIA where he met his wife to be Mae during the Korean War She had been in the OSS in Italy in WWII and at the post war Nuremberg War Crimes Trials They had started to write a book of their lives but Mae was stricken with terminal cancer and passed away only five days after she gave final approval to her publisher The book is entitled A Woman Ahead of Her Time The Last Mission completes the dream Ryan shared with his wife and it brings home the lessons of war and humanity of responsibility and faith of family and love Come fly as his co pilot through a life of adventures struggles victories and defeats as he tries to live his life as truly honestly and fully as any man can

The Wolves of Helmand Frank "Gus" Biggio, 2020-11-10 At turns poignant funny philosophical and raw but always real The Wolves of Helmand is both a heartfelt homage to the Marine brotherhood with whom Biggio served and an expression of respect and love for the people of Afghanistan who ultimately trusted shared and appreciated their purpose Ten years after serving his country as a U S Marine Captain Frank Gus Biggio signed up once again because he missed the brotherhood of the military Leaving behind his budding law career his young wife and newborn son he was deployed to Helmand Province the most violent region in war torn Afghanistan for reasons few would likely understand before reading this book Riven by conflict and occupation for centuries because of its strategic location the region he landed in was at that time a hotbed of Taliban insurgency As a participant in the landmark U S led Operation Khanjar Biggio and his fellow Marines were executing a new era military strategy Focused largely on empowerment of the local population the offensive began with a troop surge designed to thwart the Taliban but was more importantly followed by the restoration of the local government and real time capacity building among the withdrawn and destitute Afghan people The Wolves of Helmand is unlike other war memoirs It takes us less into the action though there is that too and more into the quiet places of today's war zones Yes you'll read of our Marines stealth arrival in a single night our advanced weaponry and our pop up industrial village command centers You'll read as well about the ambushed patrols and the carnage of IEDs But you will also read of the persistence humility ruggedness loneliness tedium diplomacy and humanity of our Marines jobs there which more than anything else reveals the magnitude of even the smallest victories Completed years after the author's return from his mission The Wolves of Helmand is most of all a decade long self examination of a warrior's heart conscience and memory Whether intended or not Biggio's deep reflections and innate honesty answer every question you've ever wanted to ask about life and death in war and even questions you probably never thought to ask What calls a warrior to duty What makes sustains plagues and even breaks a warrior These are bigger questions than the ones impolite society pokes around when a veteran returns home Did you kill anyone Did you have to go Why would you fight for another country Why were we even there Yet the answers to those queries are here too in this thoughtful memoir that will make you think about war family love and loss

The North American Review James Russell Lowell, Charles Eliot Norton, Henry Adams, Allen Thorndike Rice, Lloyd Stephens Bryce, George Brinton McClellan Harvey, Joseph Hilton Smyth, Robert Dana, Robley Wilson, Vicente F. Gotera, Rachel Morgan, J. D. Schraffenberger, Grant Annis George Tracey, 1996 Where the Hell Is Turtle Creek? Barrie C. Bartulski, 2011-11-22 In *Where the Hell Is Turtle Creek* author Barrie Bartulski presents his honest and sometimes humorous memoir of his childhood in Turtle Creek Pennsylvania He paints a portrait of a happy unique childhood complete with mean teachers and close buddies These stories capture the adventures of a group of children from mixed ethnic and religious backgrounds growing up in the 1940s and 50s in Turtle Creek a small town in western Pennsylvania near Pittsburgh Most of the stories take place around Turtle Creeks Saint Colmans Catholic elementary school and the public junior and senior high school The discipline administered by a few of the Sisters of Mercy at Saint Colmans School was overly aggressive and would not happen today with the special training that teachers now receive Bartulski shares it to illustrate an area that was much on the minds of children in those days The Catholic Church has since banned all paddling wonderful news but a little late for him and his pals He has lovingly captured a lost time the time when a boy could be carefree and be mostly concerned about what games he and his pals were going to play that day They are memories to be cherished and experienced time and time again winningly recounted in *Where the Hell is Turtle Creek* **Savannah River Site at Fifty** Mary Beth Reed, 2002 The heart of the book is a historical treatment of Savannah River Site s operations its peak period of production 1953 to 1979 Developments in reactor technology and chemical separations heavy water production waste management and the research goals of the Savannah River Laboratory are described in layman s terms and are amply illustrated This history profiles the individuals who brought the plant to maturity and explores the two themes that define the nuclear weapons workplace safety and security **You Can Sleep While I Drive** Liza Wieland, 1999 In the nine stories of this her second collection the elusive nature of human feeling and experience continues to engage Liza Wieland s imagination as her characters old and young male and female try to define themselves against the unforgiving landscape of the American West and of their own desires In the title story a father travels across the country to visit his son in California who is dying of AIDS The strange and tender meeting of father and son brings hope to both of them that this visit might heal three decades of hurt and regret In Salt Lake a young woman tries to ease her invalid mother through death and at the same time comes to understand her mother s long reticence in revealing the secret of her father s identity In *Cirque du Soleil* a San Francisco periodontist has to deal with his feelings about his elderly mother s love affair with a much younger man as he is faced with the dissolution of a love relationship of his own In *Gray s Anatomy* three aging inventors find an unexpected haven for themselves and their gravely ill children in a beach house on the California coast The narrator in *Laramie* asking Where did it go the part of me that loved you is not so much seeking an answer as trying to find as all Wieland s characters do a place of sanctity that refuses interpretation
