Student Manual Awr 160:

Terrorism and Public Safety Policing James F. Pastor, 2009-08-26 The trends data and battle tested logic don't lie. A perfect storm of extremist ideologies is on the horizon that threatens to challenge the current state of public safety forcing police chiefs, public administrators and security professionals to rethink their approach to policing the streets of America. Professor James Pastor, a recognized author, Sport and Criminal Behavior Jason W. Lee, Jeffrey C. Lee, 2009. Sport is filled with many paradoxes. Although fitness, strength and other seemingly healthful benefits are inherently part of sport, there is also the constant presence of unhealthy and inappropriate associations. This dichotomy is quite prevalent in many forms in contemporary sport. Sport and Criminal Behavior examines some of the most relevant and thought provoking occurrences of criminal and quasi criminal behavior in sport. By identifying pertinent issues including motives and causes associated with such actions, this work presents a comprehensive view of these issues while providing ways such matters can be effectively dealt with in contemporary society. Among the topics addressed in this work are drug issues, violence, gambling, ticket scalping, hazing, fraud in nonprofit sport, homeland security issues and disaster preparedness in sport and intellectual property, trademark law, copyright misappropriation and criminal implications. The book is designed as an introductory textbook for college level sport management students and as such it succeeds. But other readers will find it an interesting beginning treatment of a timely topic.
