Post Apocalyptic Story Paperback:

Postapocalyptic Fiction and the Social Contract Claire P. Curtis, 2010-07-17 Postapocalyptic Fiction and the Social Contract We'll Not Go Home Again provides a framework for our fascination with the apocalyptic events. The popular appeal of the end of the world genre is clear in movies, novels, and television shows. Even our political debates over global warming, nuclear threats, and pandemic disease reflect a concern about the possibility of such events. This popular fascination is really a fascination with survival: how can we come out alive? And what would we do next? The end of the world is not about species death but about beginning again. This book uses postapocalyptic fiction as a terrain for thinking about the state of nature, the hypothetical fiction that is the driving force behind the social contract. The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian, a Lockean, or a Rousseauian lens, including *Lucifer's Hammer* by Larry Niven and Jerry Pournelle, *Alas Babylon* by Pat Frank, *Malevil* by Robert Merle, and *Into the Forest* by Jean Hegland. The latter half of the book examines Octavia Butler's postapocalyptic Parable series, in which a new kind of social contract emerges, one built on the fact of human dependence and vulnerability. **Serial Vigilantes of Paperback Fiction** Bradley Mengel, 2009-10-21 Rough justice has often been served in the pages of serial novels, notably beginning with Don Pendleton's *The Executioner* in 1969. This is the first overview of the serial vigilante genre, which featured such hard-boiled protagonists as Nick Carter, Mark Stone, Jake Brand, and the Able Team among the 130 series that followed Pendleton's novel. Serial vigilantes repeatedly take the law into their own hands, establishing and imposing their own moral standards, usually by force. The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys, private eyes, spies, and cops in different media. A complete bibliography for each series is featured. **After London** Richard Jefferies, 2019-04-27 *After London* by Richard Jefferies is an early example of post-apocalyptic fiction. After a catastrophe has depopulated England, the countryside reverts to nature, and the few survivors live a medieval way of life. The first part, *The Relapse into Barbarism*, is the account by some later historian of the fall of civilisation and its consequences, with an affectionate description of nature enveloping England. The second part, *Wild England*, is an adventure taking place many years later in the wild landscape. **The After Series Box Set (Books 0-3)** Scott Nicholson, 2015 Always surprises and always entertains Jonathan Maberry's *V Wars* A box set of four books in the bestselling AFTER post-apocalyptic thriller series. The After Series Books 0-3: When devastating solar storms wipe out the technological infrastructure and kill billions, the few survivors struggle to adapt. But some among them have changed, becoming primal and violent. But the mutants quickly evolve into something even more dangerous to the future of the human race. Rachel Wheeler and her group of friends find themselves caught between the mysterious new tribe, roving bands of scavengers, and rogue military units as they carve out a home in the new world. *After 0: First Light* Prequel novella. NASA scientists warn of the possible effects of heightened solar activity, but the threat is downplayed until it's far too late. *After 1*

The Shock Rachel Wheeler flees the dangers of Charlotte to seek her grandfather's remote compound in the Blue Ridge Mountains. She is joined by several other survivors as they fight back against a hostile world. After 2 The Echo The survivors discover the mutant Zapheads are evolving by imitating human speech and behavior but the threat of savage violence remains. After 3 Milepost 291 As Rachel and the others near her grandfather's compound new dangers emerge including a military unit that has established its own harsh laws. Look for the rest of the After books Whiteout Red Scare and Dying Light. See what happens five years later in the NEXT series. Women's Post-Apocalyptic Fiction Susan Watkins, 2020-02-29 This book examines how contemporary women novelists have successfully transformed and rewritten the conventions of post apocalyptic fiction. Since the dawn of the new millennium there has been an outpouring of writing that depicts the end of the world as we know it and women writers are no exception to this trend. However the book argues that their fiction is distinctive. Contemporary women's work in this genre avoids conservatism a nostalgic mourning for the past and the focus on restoring what has been lost aspects key to much male authored apocalyptic fiction. Instead contemporary women writers show readers the ways in which patriarchy and neo colonialism are intrinsically implicated in the disasters they envision and offer qualified hope for a new beginning for society culture and literature after an imagined apocalyptic event. Exploring science nature and matter the posthuman body the maternal imaginary time narrative and history literature and the word and the post secular the book covers a wide variety of writers and addresses issues of nationality race and ethnicity as well as gender and sexuality **After** Paul

Meloche, 2024-09-06 As 2032 comes to a close Max Poirier and Annie Dekker are enjoying a vacation in Lofoten Norway. Moments before Max proposes to Annie a nuclear explosion rocks Bod almost a hundred kilometres away across the sea. They soon learn that Bod is not an isolated incident as they try to protect themselves from nuclear fallout they learn that dozens of cities around the world have been hit with nuclear weapons and that nuclear war is imminent if not already completely underway. Meanwhile at a small farm in the Netherlands the retired couple Magda and Jan Bouwman are just as devastated by a nearby nuclear attack. Their farm provides them with a modicum of food and safety but with a dearth of medication necessary for Magda's health and a lack of information regarding their adult children's survival they decide to brave the unknown. Max and Annie grow closer in despair weathering hopelessness and the seemingly endless death around them as they trek south on Lofoten to find help that may never come. Magda and Jan find themselves drifting apart as their journey reminds them of their family past regrets and a secret they both know Jan has been keeping from Magda a secret that might

finally be their undoing After A Cautionary Tale is a haunting novel about humans at their core flawed yet resilient and hopeful

The Contemporary Post-Apocalyptic Novel Diletta De Cristofaro, 2019-12-26 Traditional apocalyptic texts concern the advent of a better world at the end of history that will make sense of everything that happened before But what is at stake in the contemporary shift to apocalyptic narratives in which the utopian end of time is removed *The Contemporary Post Apocalyptic Novel* offers an innovative critical model for our cultural obsession with the end by focussing on the significance of time in the 21st century post apocalyptic novel and challenging traditional apocalyptic logic Once confined to the genre of science fiction the increasing popularity of end of the world narratives has caused apocalyptic writing to feature in the work of some of contemporary literature's most well known fiction writers Considering novels by Will Self Cormac McCarthy David Mitchell Emily St John Mandel Jeanette Winterson and others Diletta De Cristofaro frames the contemporary apocalyptic imagination as a critique of modernity's apocalyptic conception of time and history Interdisciplinary in scope the book historicises apocalyptic beliefs by exploring how relentlessly they have shaped the modern world

Richard Jefferies, 2017-04-18 2017 Reprint of 1980 Edition Full facsimile of the original edition not reproduced with Optical Recognition software Originally published in 1885 Jefferies s novel can be seen as an early example of post apocalyptic fiction A sudden and unspecified catastrophe has depopulated England the countryside reverts to nature and the few survivors to a quasi medieval way of life The book has two parts The first The Relapse into Barbarism is the account by some later historian of the fall of civilization and its consequences with a loving description of nature reclaiming England fields becoming overrun by forest domesticated animals running wild roads and towns becoming overgrown the hated London reverting to lake and poisonous swampland The second part Wild England is largely a straightforward adventure set many years later in the wild landscape and society here too Jefferies was setting an example for the genre but the opening section despite some improbabilities has been much admired for its rigor and compelling narrative
