Takemusu Aikido Volume I Background And Basics:

Takemusu Aikido, Volume 1: Background and Basics Morihiro Saito, Stanley Pranin, 2000-09 This work Takemusu Aikido Volume 1 Background Basics is the first of Morihiro Saito's new comprehensive series of Aikido technical manuals Saito Sensei 9th dan and one of Aikido's leading experts presents more than sixty variations of ikkyo nikyo sankyo and yonkyo techniques the most essential of the art's basic forms Illustrated with over 600 photographs and accompanied by clear and detailed step by step explanations Background Basics provides an indispensable guide for both beginning and advanced practitioners Morihiro Saito is the author of the highly acclaimed technical series Traditional Aikido published in the early 1970s Saito enrolled as a student of Aikido Founder Morihei Ueshiba in 1946 One of the art's foremost technicians he was the acknowledged authority on aikido weapons training Saito operated Ueshiba's private dojo in Iwama Japan and served as guardian of the Aiki Shrine for more than 30 years He traveled extensively throughout the world teaching his comprehensive aikido training methods for three decades Stanley A Pranin is a 5th degree black belt and editor in chief of Aikido Journal Pranin began Aikido practice in 1962 and started training under Morihiro Saito in Iwama in 1977 He served as Saito Sensei's interpreter at numerous international seminars during the 1980s Pranin is the author of The Aiki News Encyclopedia of Aikido and Aikido Pioneers Prewar Era a collection of interviews with early disciples of the Founder of Aikido Martial Arts Teachers on Teaching Carol A. Wiley, 1995 Teaching is an art Effective martial arts teachers must not only be competent practitioners but must also develop the communication and interpersonal skills of any good teacher In this collection twenty six experienced martial arts teachers discuss the process of learning and teaching a martial art from the nuts and bolts of teaching technique to the philosophical underpinnings of training *Aikido: O-Sensei's Sublime Synthesis, Vol. 1* Michael DeMarco, M.A., 2016-01-25 How can we fully understand aikido or any other martial art for that matter when we have only been exposed to part of it While learning about the art we can easily make assumptions and be tricked by false impressions In most cases even instructors do not have enough background to grasp the entirety of the art and are happy to work with part of it The content in this special two volume anthology details the many facets of aikido as it was formulated by Morihei Ueshiba 1883 1969 O Sensei the great teacher Each chapter contributes to a piece of the aikido puzzle by providing historical details insightful technical drills bare handed and with weapons and components that have flavored this art with a spiritual essence From the Ueshiba wellspring flows a number of streams political splinter groups offering their own take on what aikido should be and how it should be practiced Each branch may stand on its own but a good number of scholars and practitioners prefer a more encompassing representation of what O Sensei taught So chapters in these volumes help put Humpty Dumpty back together again Volume I includes ten chapters and volume II another fourteen The authors twenty three in all present superb credentials as scholars and practitioners of aikido On the academic side you'll find chapters that detail aikido's philosophy from ethical relationships and practical theory to the subtle spiritual dimension A few authors

highlight the circumstances regarding the transmission of aikido from teacher to student Some authors show how culture influences the perception and understanding of aikido when it travels outside Japan Aikido is often practiced as a system of body movement encompassing a philosophy of peace and harmony Others may focus on learning the art for its effective methods of self defense Composed of material previously published in the Journal of Asian Martial Arts this two volume anthology is heavy on the technical aspects of aikido that both teachers and students would benefit by reading Training methods are discussed in detail supported by hundreds of illustrations of attack and defense Whatever your primary interest is in aikido Aikido O Sensei s Sublime Synthesis will prove to be a great reference for the scholar and practitioner We hope this convenient collection of quality material dealing with Morihei Ueshiba s martial discipline will benefit your research and inspire the practice of this elegant art
