The Palgrave Handbook of Religion, Peacebuilding, and Development in Africa Susan M. Kilonzo, Ezra Chitando, Joram Tarusarira, 2023-10-17 This Handbook explores the ways in which religion among the African people has been applied in situations of conflict and violence to contribute to sustainable peace and development It analyzes how peacebuilding inspired and enabled by religion serves as the foundation for sustainable development in Africa while also acknowledging that religion can also be a tool of destruction and can be used to fuel violence and underdevelopment Contributors to this volume offer theoretical discussions from existing literature as well as experiences of practitioners to deepen the readers understanding on the role of religion and religious institutions in peacebuilding and development in Africa The Handbook provides reflections on possible future developments as well thereby aligning with the goals of SDG 16

Fight with extremism and freedom of religion concerns Gulnar Hasanova, 2014-04-27 The main goal of the author in writing this critical book is to support peace in the world This book covers some topical issues One conclusion the author arrived at in this research is that extremism is a pan cultural phenomenon not being endemic to a select group of nations or societies and none of the religions affirm or encourage violence and there is no link between religion and extremism If there is no link between religion and extremism the term religious extremism is just a mask created by extremists for giving the status of holiness to their own activities

Linked Courses for General Education and Integrative Learning Margot Soven, Dolores Lehr, Siskanna Naynaha, Wendy Olson, 2023-07-03 Research indicates that of the pedagogies recognized as high impact learning communities one approach to which the linked course is the subject of this book lead to an increased level of student engagement in the freshman year that persists through the senior year and improve retention This book focuses on the learning community model that is the most flexible to implement in terms of scheduling teacher collaboration and design the linked course The faculty may teach independently or together coordinating syllabi and assignments so that the classes

complement each other and often these courses are linked around a particular interdisciplinary theme Creating a cohort that works together for two paired courses motivates students while the course structure promotes integrative learning as students make connections between disciplines This volume covers both linked courses in which faculty may work to coordinate syllabi and assignments but teach most of their courses separately as well as well as paired courses in which two or more courses are team taught in an integrated program in which faculty participate as learners as well as teachers Part One Linked Course Pedagogies includes several case studies of specific linked courses including a study skills course paired with a worldview course a community college course that challenges students compartmentalized thinking and a paired course whose outcomes can be directly compared to parallel stand alone courses Part Two Linked Course Programs includes a description of several institutional programs representing a variety of linked course program models Each chapter includes information about program implementation staffing logistics and concerns curriculum development pedagogical strategies and faculty development Part Three Assessing Linked Courses highlights the role of assessment in supporting maintaining and improving linked course programs by sharing assessment models and describing how faculty and administrators have used particular assessment practices in order to improve their linked course programs **Justice and Compassion in**
