Sci Fi Dystopia Complete Workbook:

Time Rift: A completed reluctant hero dystopian sci-fi trilogy Claudia Blood, 2021-03-15 The key to saving the world could be the one thing out of Duff's reach. It's an impossible situation. Time itself is coming apart at the seams and Duff and the Z Crew suspect the key rests with one girl. Horizon. The problem? Horizon is the long-sought-after daughter of their nemesis, Ravenne. She stopped at nothing to retrieve her daughter from the past. Now it's clear: sending Horizon back is the only way to repair the rift, but her mother won't let her go. The underground artifact where they accidentally created the rift is crumbling. No one will survive unless they can escape the mountain falling down around them, but time is shuddering and echoing around them, and the way out isn't clear. To make things worse, thanks to the unpredictability of time rifts, the crew now faces not just one mortal enemy; there are two Ravennes working against them. Will the Z Crew escape Ravenne's clutches and set time right again, or will Duff finally have to bend to his enemy's will? Find out in the final installment of the Relic Trilogy.

Malcolm Jameson 1891-1945 was an American Golden Age science fiction author whose writing career began when complications of throat cancer limited his activity as a naval officer. Drawing from his experiences of navy and warfare, he gave a personal touch to all of his stories. He is now chiefly remembered for his Captain Bullard stories, which chronicle the journey of a young officer into a fleet admiral of space ship, and to most critics seem like a precursor of the modern day space exploration series like Star Trek.

Horizon Found: A completed reluctant hero dystopian sci-fi trilogy Claudia Blood, 2021-02-15 Saving his family was only beginning. Now Duff must save the world, past and present. Duff Roman might have managed to save the orphanage where he grew up, but his trials are far from over. A familiar enemy returns with a new threat, and the very ground on which they battle is becoming increasingly unstable. The time particles, Relics and Seers that fuel the economy of Kalecca, are disappearing at an alarming rate. As if trying to save the world isn't hard enough, Duff's efforts are complicated by the arrival of Willow, a Seer who only increases the tension both with those who stand against him and within Duff himself. With the world crumbling around him, Duff needs help. Teaming up with a long-hidden group of scientists working to save them all, he must fight against enemies who have banded together and decide where his loyalties lie. One wrong move, and everything he loves will disintegrate.
